Empire of the Mongols Michael Burman, 2009 Explores one of the largest empires in the history of the world

The Conquests of Genghis Khan Alison Behnke, 2008-01-01 Can one man really change the world If that man is Genghis Khan the answer is yes Born around 1161 Temujin as he was named grew up in humble surroundings As a teenager he fled from enemy raiders but he became a fearless and feared man who commanded an army of thousands and an empire of millions In fact by the mid 1200s Genghis Khan's Mongol Empire included much of the known world Though he was responsible for the deaths of millions he also showed tolerance for religious and cultural differences among the many peoples he conquered and he brought stability and unification to a vast area where it had never before existed Even today the name Genghis Khan continues to instill fear in some and admiration in others His election as Great Khan in approximately 1190 is surely one of history's most pivotal moments
