individual women leaders from every region of the globe over the past fifty years Viewing gender as embedded within institutions and processes this book provides an unprecedented and comprehensive view of the complex contradictory and multifaceted dimensions of women s national leadership **Women Lead the Way** Linda Tarr-Whelan,2009-10-12 Offers practical steps for women to bring their passion brains and background to the power tables and make life better for themselves their company or organization and global society Combines compelling research international experience and fascinating personal stories with solid advice Tarr Whelan has extensive background as a business woman a government official a non profit leader and a nurse A few first women are making key decisions in high places but a few is not enough to have a significant impact Changing what gets decided takes changing who makes the decisions But with just 17% of Congressional seats and 14% of Fortune 500 board seats held by women the leaders defining priorities and solutions continue to look and act much the same as generations ago Linda Tarr Whelan marshals eye opening facts and figures to decisively dispel the myths that still hold women back and shows women how to build their confidence and skills to pioneer a distinctive approach to leadership one that emphasizes collaboration communication and consensus The proven tipping point surprisingly is just 30% when women s representation at the top reaches 30% real change starts to happen Drawing on her extraordinarily diverse background as a consultant organizer and diplomat Tarr Whelan offers a women led strategy for change and a complete set of practical road tested tools readers can use to become powerful partners in creating a better future in a rapidly changing world Closing the leadership gap is a win for everyone it brings in new ideas creates a more balanced and productive work environment a revitalized social compact and demonstrable positive effects on the bottom line in business and government Women Lead the Way artfully combines advocacy research and tactical guidance to help readers wedge the door open and bring more women through and up **Working Mother** ,2002-10 The magazine that helps career moms balance their personal and professional lives Gender and Violence in Islamic Societies Zahia Smail Salhi,2013-05-22 As a result of the uprisings that spread across the Middle East and North Africa in late 2010 and 2011 the issue of state public violence against both men and women dominated the headlines But gender based violence in both its public and private forms has for the most part remained unnoticed and is often ignored The forms that this kind of violence can take are influenced by cultural norms and religious beliefs as well as economic and political circumstances In Gender and Violence in Islamic Societies violence is perceived not only as physical harm but includes various forms of violence directed at women because they are women These include segregation in the workplace and limiting women s access to wealth gender stereotyping in the media and education verbal aggression and humiliation control of women s finances and income forced veiling restricted access to education and health Gender based violence is thus analysed in its various forms and localities encompassing both the public and private spheres within the family the general community at work and in various state institutions Here Zahia Smail Salhi brings together a wide range of examples of gender based violence across the

Middle East and North Africa from discrimination in the workplace in Jordan to the physical abuse of underage domestic workers in Morocco and from psychological and verbal violence against women in Tunisia and Algeria to the practice of female genital mutilation in Egypt The evidence demonstrates that the violence far from being of universal character across the region is instead diverse in both its intensity and in the processes of addressing such violence
