Process Catholicism An Exercise In Ecclesial Imagination:

Process Catholicism Robert L. Kinast, 1999 Process Catholicism offers an imaginative alternative to the present Catholic ecclesiology that the church in the U S currently struggles with which derives from a one sided determination of how church relationships should be understood structured and carried out Process thought consists of a dynamic organic empirical aesthetic and panentheistic worldview that is applied to Jesus relationships and Vatican II s treatment of the church utilizing the basic concepts of Alfred North Whitehead s notion of a society Kinast develops the concept of process Catholicism in terms of an ecclesial environment a preferential option for novelty a presumption in favor of new developments and movements within the church and a process treatment of the major test cases facing the Catholic church such as the ordination of women inculturation and public theological dissent Routledge Revivals: God, Literature and Process Thought (2002)

Darren Middleton, 2018-02-01 Originally published in 2002 God Literature and Process Thought looks at the use of God in writing as a part of the creative advance immersed in the processes of reality and affected by events in the world This edited collection outlines and promotes the novel view that there is much to be gained when those who value the insights of process thought encounter the many and varied writers of literature and literary theory It also celebrates the notion of process poesis a fresh way of reflecting theologically and philosophically that takes account of literary forms and promises to transform creatively the very structure of process thought today **Unruly Catholics from**

Dante to Madonna Marc DiPaolo, 2013-10-03 During the Second Vatican Council the Roman Catholic Church went through a period of liberal reform under the stewardship of Popes John XXIII and Paul VI Successive popes sharply reversed course enforcing conservative ideological values and silencing progressive voices in the Church Consequently those Catholics who had embraced the spirit of Vatican II were left feeling adrift and betrayed In Unruly Catholics from Dante to Madonna scholars of literature film religion history and sociology delve into this conflict and historically similar ones through the examination of narratives by and about rebellious Catholics Essays in Unruly Catholics explore how renowned Catholic literary figures Dante Alighieri Oscar Wilde Graham Greene Evelyn Waugh and Gerard Manley Hopkins dealt with the disparities between their personal beliefs and the Church s official teachings Contributors also suggest how controversial entertainers such as Madonna Kevin Smith Michael Moore and Stephen Colbert practice forms of Catholicism perhaps worthy of respect Most pointedly Unruly Catholics addresses the recent sex abuse scandals considers the possibility that the Church might be reformed from within and presents three iconic figures Thomas Merton Dorothy Day and C S Lewis as models of compassionate and reformist Christianity *Navigating Deep River* Mark W. Dennis, Darren J. N.

Middleton, 2020-04-01 An interdisciplinary dialogue with Sh saku End s last novel offering new perspectives on Japanese culture Christian doctrine Hindu spiritualities and Buddhist worldviews In Navigating Deep River Mark W Dennis and Darren J N Middleton have curated a wide ranging discussion of Sh saku End s final novel Deep River in which four careworn

Japanese tourists journey to India's holy Ganges in search of spiritual as well as existential renewal Navigating Deep River evaluates and probes End's decades long search to find the words to explain Transcendent Mystery the difficult tension between faith and doubt the purpose of spiritual journeys and the challenges posed by the reality of religious pluralism in an increasingly diverse world The contributors including Van C Gessel who translated Deep River into English in 1994 offer an engaged and patient exploration of this major text in world fiction and this anthology promises to deepen academic appreciation for End within and beyond the West The One, the Many, and the Trinity Marc A. Pugliese, 2011-04-15

Process metaphysics is frequently minimized or dismissed as a result of a failure to grasp its genuine significance Developments of the last several centuries in philosophy science and physics fostered a revolution in metaphysics This book surveys the reasons for process philosophy and theology its genesis and historical development It considers Alfred Whitehead's metaphysics and Charles Hartshorne's and others treatment of process theology The One the Many and the Trinity analyzes perhaps the most ambitious and robust system of process thought developed from a Roman Catholic perspective that of Joseph A Bracken S J Bracken brings together traditional Christian Trinitarian theism with process thought while integrating into a fundamentally Whiteheadian metaphysics a litany of diverse sources including Aristotelianism Thomism German Idealism Anglo American Idealism social theory existentialism postmodern thought and contemporary philosophy of science The book goes on to examine Bracken's process response to the problem of the one and many from a more traditional Catholic philosophical and theological perspective ABOUT THE AUTHOR Marc A Pugliese is assistant professor of theology at Brescia University PRAISE FOR THE BOOK Pugliese offers an extremely well informed careful and accurate reading of the philosophy of Joseph Bracken certainly the greatest Catholic advocate of process theology in the second half of the twentieth century With this book Pugliese has provided the most extensive reconstruction and critique of Bracken's thought yet available Philip Clayton Ingraham Professor of Theology Claremont School of Theology **Dangerous Edges of Graham Greene** Dermot Gilvary, Darren J. N. Middleton, 2011-11-17 Informative broad ranging this title sheds new light on the life and literary art of one of the last century's most celebrated authors The first volume to be authorized by the Graham Greene Birthplace Trust Dangerous Edges of Graham Greene brings together writers journalists and scholars to investigate as well as to assess Greene's prolific oeuvre and intense personal interests Here the reader may explore everything from Greene's Vienna at the time of the filming of *The Third Man* to his sometimes fraught relationship with Evelyn Waugh from Greene's unconventional fictional treatment of women to his believing skepticism While Greene often informed friends that a ruling passion gives to a shelf of novels the unity of a system critics of his literary art have found it extraordinarily difficult to define the content of this ruling passion Perhaps this is because Greene's own character seems so paradoxical ironic even Moreover in believing that sin contains within itself the seeds of saintliness he consistently loiters on what Robert Browning calls the dangerous edge of things In exploring this dangerous edge this book covers the full breadth of Greene's life and literary

career Spiritual Healing from Sexual Violence Debra Meyers, Mary Sue Barnett, 2023-05-18 *Spiritual Healing from Sexual Violence An Intersectional Guide* is a collection of essays from survivors scholars activists spiritual leaders and social justice practitioners that offers numerous intersectional and culturally competent options for women men and non binary conforming adults to create their own safe healing conditions and establish pathways for recovery These chapters provide a wide range of survival stories that raise awareness of the issues involved in healing after sexual assault and also provide inspiration for reforming negative societal issues and patterns In a classroom setting these chapters deliver both the culturally grounded knowledge and the skillsets necessary for recovery This is a vital guide for students and practitioners in counseling social work theology and gender studies *Postmodern Fiction and the Break-Up of Britain* Hywel Dix, 2011-11-03 This study explores how British identity has been explored and renegotiated by contemporary writers It starts by examining the new emphasis on space and place that has emerged in recent cultural analysis and shows how this spatial emphasis informs different literary texts Having first analysed a series of novels that draw an implicit parallel between the end of the British Empire and the break up of the unitary British state the study explores how contemporary writing in Northern Ireland Scotland and Wales contributes to a sense of nationhood in those places and so contributes to the break up of Britain symbolically Dix argues that the break up of Britain is not limited to political devolution in Northern Ireland Scotland and Wales It is also an imaginary process that can be found occurring on a number of other conceptual coordinates Feminism class regional identities and ethnic communities are all terrains on which different writers carry out a fictional questioning of received notions of Britishness and so contribute in different ways to the break up of Britain **God, Literature, and Process Thought** Darren J. N. Middleton, 2002 This book explores and evaluates evolutionary theism which asserts that God is subject to change as humanity is subject to change charting the way it surfaces as a theme in classic modern and post modern forms of creative writing philosophical theology and cultural theory Probing texts by process thinkers such as Whitehead Bergson Teilhard and Hartshorne as well as the literary art of figures such as Aeschylus Byron Goethe Greene Joyce Kazantzakis Levertov and Shakespeare the twelve scholars in this volume reflect on God and the world on reading and interpretation and on being and becoming The contributors emerge with fresh perspectives which promise to make a substantial contribution to the field of literature and religion today **The Catholic Periodical and Literature Index**, 2001 Anglicans and Catholics in Dialogue on the Papacy Russel T. Murray, OFM, 2017 Examines the implications of the consensus reached by the Anglican Roman Catholic International Commission ARCIC on universal primacy for the further development of the Catholic Church s doctrines of papal primacy in order that a reformed and renewed Petrine ministry may be received by all Christians *Receptive Ecumenism As Transformative Ecclesial Learning* Paul D. Murray, Gregory A. Ryan, Paul Lakeland, 2022 *Receptive Ecumenism* asks not what other churches can learn from us but what can we learn and receive with integrity from our ecclesial others The chapters in this volume by academics church leaders

and ecumenical practitioners show how Receptive Ecumenism has grown and matured over the past two decades

American Ecclesiastical Review Herman Joseph Heuser,1915 American Ecclesiastical Review ,1890 *American Book Publishing Record* ,1999 **Converting the Imagination** Patrick R. Manning,2020-05-15 For two thousand years countless people around the world viewed reality through a Christian lens that endowed their lives with meaning purpose and coherence Today in an era of unprecedented secularization many have ceased to find meaning not only in Christianity but in life in general In *Converting the Imagination* Patrick Manning offers a probing analysis of this crisis of meaning marshalling historical and psychological research to shed light on the connections among the disintegration of the Christian worldview religious disaffiliation and a growing mental health epidemic As a response Manning presents an approach to religious education that is at once traditionally grounded in the model of Jesus own teaching and augmented by modern educational research and cognitive science *Converting the Imagination* is an invitation to transform the way we teach about faith and make sense of the world an invitation that echoes Jesus invitation to a fuller more meaningful life It is sure to captivate scholars and practitioners of religious education ministers seeking to reengage people who have drifted away from the faith or to support young people suffering from existential anxiety and anyone in search of deeper meaning in their religious traditions or in their own lives **Early Modern Catholics, Royalists, and Cosmopolitans** Brian C. Lockey,2016-03-09 *Early Modern Catholics Royalists and Cosmopolitans* considers how the marginalized perspective of 16th century English Catholic exiles and 17th century English royalist exiles helped to generate a form of cosmopolitanism that was rooted in contemporary religious and national identities but also transcended those identities Author Brian C Lockey argues that English discourses of nationhood were in conversation with two opposing cosmopolitan perspectives one that sought to cultivate and sustain the emerging English nationalism and imperialism and another that challenged English nationhood from the perspective of those Englishmen who viewed the kingdom as one province within the larger transnational Christian commonwealth Lockey illustrates how the latter cosmopolitan perspective produced within two communities of exiled English subjects separated in time by half a century influenced fiction writers such as Sir Philip Sidney Edmund Spenser Anthony Munday Sir John Harington John Milton and Aphra Behn Ultimately he shows that early modern cosmopolitans critiqued the emerging discourse of English nationhood from a traditional religious and political perspective even as their writings eventually gave rise to later secular Enlightenment forms of cosmopolitanism Receptive Ecumenism Vicky Balabanski,Geraldine Hawkes,2018-11-01 This book is a response to the growing recognition of Receptive Ecumenism as a concept and process that has the potential to bring about the greater flourishing of the Church both within denominations and across the Church universal **Receptive Ecumenism and the Call to Catholic Learning** Paul Murray,2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and

important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other s gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesialogists professional ecumenists sociologists psychologists and organizational experts **The Ecclesiastical Review** ,1921
