## **Proclaim Justice Peace:**

**The Justice of the Peace for Ireland** Edward Parkyns Levinge,1871      Finding Home Julie K. Aageson,2020-07-24 For all who know the security of home in all its iterations and for those who don't finding home is complicated Home always is characterized by joy and sorrow grief and gladness the realities of complicated lives What is it like to flee the horrors of war as a refugee in search of home When daily life is unbearable what exactly does home mean How do we learn to be at home in our bodies at home with ourselves What does it mean to be made in the likeness of the Holy One Can we find home in the company of strangers and how do we reclaim our earth home So many images swim just below the surface of my memory all the houses where I came to know home It takes little to retrieve them a shared story the pungent smell of tide flats the sound of rain on a tin roof But home of course is much more than houses These reflections invite readers to explore identity the importance of rootedness discovering home away from home what it means to be home for one another Finding home literally and metaphorically is challenging      Official Report of the Proceedings ,1916      *Mobilization Day* Roger Possner,2019-05-01 Who are we and where on earth do we come from Scientists have traced back human ancestry to tropical Africa and small primates living in trees But what happened after that has been hotly debated and the accepted explanations have led down blind alleys By putting aside theories anchored in religion and perceived political imperatives anchored in post World War II guilt we can hope to obtain a more accurate understanding of human origins That is the goal of this book The story starts 6 million years ago when the small and timid animal that was our forerunner and the chimpanzee s still existed The narrative follows the evolution of our ancestors from then through their great achievements such as learning to walk on two legs finding a profitable use for the two hands learning to communicate and then actually talk As our tools evolved so did our bodies Then 1.8 million years ago some of these early people strayed into Europe surviving in a freezing world and encountering challenges hitherto unknown This is the incredible story of how Europeans evolved and populated Eurasia and onwards to the Americas The story brings the reader to the Mesolithic when cultures towns and trades that we are familiar with today started to emerge Anyone interested in European Eurasian or Native American ancestry should read this book to discover how we really came to be who we are a story as gripping as traditional versions such as Adam and Eve Popul Vuh and Gaia      *The Good News of The Kingdom* Charles E. Van Engen,Dean S. Gilliland,1999-09-17      **Freedom of the Self** Jeffrey F. Keuss,2010-07-01 Freedom of the Self revitalizes the question of identity formation in a postmodern era through a deep reading of Christian life in relation to current trends seen in the Emergent and Missional church movements By relocating deep identity formation as formed and released through a renewed appraisal of kenotic Christology coupled with readings of Continental philosophy Derrida Levinas Marion and popular culture Keuss offers a bold vision for what it means to be truly human in contemporary society as what he calls the kenotic self In addition to providing a robust reflection of philosophical and theological understanding of identity formation from Aristotle and Augustine through to contemporary

thinkers Freedom of the Self suggests some tangible steps for the individual and the church in regard to how everyday concerns such as economics literature and urbanization can be part of living into the life of the kenotic self

**The God of Peace** John Dear, 2005-03-08 The God of peace is never glorified by human violence Thomas Merton The God of Peace John Dear's classic theology of nonviolence broke new ground when it was first published as a breakthrough toward a new understanding of scripture theology social concerns and churches issues from the perspective of Gospel nonviolence in the tradition of Mahatma Gandhi Martin Luther King Jr and Dorothy Day This ground breaking study begins not just with the culture of violence but the nonviolence of God and the revolutionary nonviolence of Jesus From the start John Dear explores traditional areas of theology such as Christology Trinitarian Theology anthropology sin redemption theodicy salvation ecclesiology eschatology spirituality liturgy Catholic social teaching the just war theory feminism liberation theology and the consistent ethic of life This text will help university and theology students pursuing the theology and spirituality of nonviolence as well as ordinary Christians and activists interested in the crucial connection between war and violence and God and nonviolence

**Peace and Justice Shall Embrace** A. Companion, Timmons, 2001 This is a penetrating critique of our criminal justice and penal systems from the unique firsthand experiences of its priest prisoner author His conclusion is that they are sick broken rudderless systems that neither correct nor rehabilitate offenders nor help or heal victims A compelling case is made from practical biblical and humane arguments for moving from retributive punishment models of seeking justice to restorative rehabilitative ones Restorative justice actively involves victims offenders and the community in a joint process of working toward healing restitution rehabilitation and reconciliation Incarceration becomes only one option rather than the foregone conclusion Specific proposals are made for reforming the justice prison and parole systems Examples of working models are presented Evaluation tools and discussion guides are provided Christians will find rich meditative material and spiritual challenges as the author plumbs the scriptures and Catholic social justice teachings for personal moral answers and principled civic policies One chapter offers examples of what individuals parishes and dioceses can and are doing to promote restorative justice A cross reference is included to the November 2000 document on criminal justice by the U S Catholic bishops Topics covered include the relationship of poverty race mental illness and drug addiction to incarceration capital punishment the consequences of three strikes and minimum mandatory sentencing the effects of politics on policy inadequate legal representation for the poor

Atonement, Justice, and Peace Darrin W. Snyder Belousek, 2012 In this substantial study Darrin W Snyder Belousek offers a comprehensive and critical examination of penal substitution the most widely accepted evangelical Protestant theory of

atonement and presents a biblically grounded theologically orthodox alternative Attending to all of the relevant biblical texts and engaging with the full spectrum of scholarship Belousek systematically develops a biblical theory of atonement that centers on restorative rather than retributive justice He also shows how Christian thinking on atonement correlates with major global concerns such as economic justice capital punishment the war on terror and ethnic and religious conflicts Thorough and clearly structured this book demonstrates how a return to biblical cruciformity can radically transform Christian mission social justice and peacemaking
