Proclamation and Theology

The background of the lower half of the cover is a photograph of the interior of a large, ornate cathedral. The image shows a high, vaulted ceiling with a grid of decorative elements. Several large, fluted columns support the structure. In the foreground, a dark, ornate metal railing or balustrade is visible, partially obscuring the view. The lighting is warm and dramatic, highlighting the architectural details.

Proclamation And Theology Horizons In Theology:

New Horizons in Theology Terrence W. Tilley, 2015-03-04 To celebrate the fiftieth anniversary of the College Theology Society these original essays explore how theology has changed over the previous fifty years theological concerns on the horizon today and approaches to teaching theology appropriate for the twenty first century Contributors include Elizabeth A Johnson Joseph A Komonchak Norbert Rigali J Matthew Ashley Elizabeth T Groppe Michael Horace Barnes Steven R Harmon Colleen M Mallon Anne M Clifford Sally Kenel Randall Jay Woodard Sandra Yocum Mize Mary Ann Hinsdale Miguel H Diaz James A Donahue Suzanne C Toton Ismael Muvingi **Third Voice** Michael P. Knowles, 2021-01-14 What makes for powerful preaching Careful exegesis logical structure interesting illustrations and clear speech can all help But truly transformative preaching depends on divine power not human skill alone Those who would reduce preaching to simple systems or sure fire strategies for success will find little of interest here Instead this book appeals to those pastors and academics alike who find themselves confounded by the occasional futility of their best preaching and the unexpected success of their worst It invites readers to enter more deeply into the uncontrollable mystery that attends all efforts to speak in the name of Christ above all on the topic of resurrection Although the gospel always turns our attention to the crucified and risen Lord preaching about resurrection calls us to trust that the same God who raised Jesus from death will likewise grant life to us as preachers to our sermons and to our hearers alike Drawing on resources as diverse as Luther's understanding of the Christian gospel Speech Act theory and Bhabha's concept of Third Space **Third Voice Preaching Resurrection** argues that the true key to effective preaching is not rhetoric but spirituality [Good News Church](#) John P Bowen, Michael P Knowles, 2018-05-28 In more than forty years of ministry Harold Percy has sought to waken a slumbering church by reminding it of its true calling to imaginative evangelism faithful discipleship and innovative leadership As a priest in the Anglican Diocese of Toronto and as founding Director of the Wycliffe College Institute of Evangelism Harold has challenged and encouraged leaders in a range of denominations across Canada through articles and books conferences and workshops This book engages in lively dialogue with Harold's many contributions to the life of the church today with chapters on leadership discipleship spirituality congregational ministry and missional outreach from eighteen pastoral practitioners all of whom continue to expand on his unique legacy in the service of Christ [Exploring Ecclesiology](#) Brad Harper, Paul Louis Metzger, 2009-03 This evangelical and ecumenical ecclesiology survey text provides a comprehensive biblical historical and cultural perspective and addresses contemporary issues in church life *Theology of Hope* Jürgen Moltmann, 2021-10-08 Causing a considerable stir when it was first published in Germany in 1965 *Theology of Hope* represents a comprehensive statement of the importance for theology of eschatology and of an eschatological theology which emphasizes the revolutionary effect of Christian hope upon the thought institutions and conditions of life in the here and now Jürgen Moltmann understands Christian faith essentially as hope for the future of humankind and creation as this has been

promised by the God of the exodus and the resurrection of the crucified Jesus God's promise is the compulsory force of history awakening hope which keeps human beings unreconciled to present experience sets them in contradistinction to prevailing natural and social powers and makes the church the source of continual new impulses towards in Moltmann's own words the realization of righteousness freedom and humanity in the light of the promised future that is to come This new expanded edition of a theological classic includes his 2020 Charles Gore lecture A Theology of Hope for the 21st Century in which he offers a powerful reflection on the nature of hope in our current times Congregational Revival for America's Heartland Lauren R. Ley, 2013-01-12 This manual provides lenses geography religion politics culture economics history ethnicity to better understand the complexity and depth of congregations as social institutions and as the body of Christ within a multi-layered context of life **Evolutionary History in Theological Perspective** Mario Anthony

Russo, 2024-06-10 Evolutionary History in Theological Perspective Exploring the Scientific Story of the Cosmos develops a new theological interpretation of evolutionary history Exploring both secular and theological interpretations of evolutionary history this new interpretation hinges on the similarities between individual redemption and the eschatological story of cosmic redemption as mediated by the Holy Spirit throughout evolutionary history This new lens is then applied to relevant questions raised by the evolutionary process especially suffering and helps overcome the current shortcomings of contemporary interpretations of evolutionary history Homiletical Theology in Action David Schnasa Jacobsen, 2015-11-17 Homiletics is taking a theological turn But what does the preaching task look like if we think of it not so much as a mastery of technique but an exercise in theological method Homiletical Theology in Action The Unfinished Theological Task of Preaching tries to envision the work of homiletics as theological in root and branch By placing theological questions at the center of the process the authors some of the leading lights of the field of homiletics try to show how their work as preachers and homileticians is a thoroughgoing theological activity By beginning with troublesome texts and problematic doctrines they seek to show how preachers and homileticians engage in theology not as consumers but as producers and in the thick of the kinds of questions that preachers have to ask Practitioners and theological educators alike will catch a glimpse of how they too are residential theologians in their own preaching praxis Preaching as Local Theology and Folk Art Leonora Tubbs Tisdale, 1997 Showing that good sermons are really local theology and folk art Princeton's Leonora Tubbs Tisdale tells how to analyze a congregation to fit a sermon to the audience The book then gives practical help for preparing and delivering sermons that are meaningful and appropriate Tisdale draws from contextual theology and congregational studies

Preaching Through Time Casey C. Barton, 2017-07-28 As preachers who come to the pulpit before God and before God's people each and every week how do we make sense of the text as we live a new moment of its ongoing story Most options available to the preacher necessitate a hermeneutical step that requires us to preach outside of time in timeless truths experiences or realities But the gospel is the drama of God appearing to and working with and loving God's people in time

Preaching Through Time gives the preacher a timely homiletic for preaching together the times of God's gospel then and now while calling God's people to perform their own roles in today's moment of that gospel drama. Anachronism preaching together the moments of God's drama is the language event that will get us from text to timely sermon week by week. The Local Horizon of Ancient Greek Religion Hans Beck, Julia Kindt, 2023-04-13 Which dimensions of the religious experience of the ancient Greeks become tangible only if we foreground its local horizons? This book explores the manifold ways in which Greek religious beliefs and practices are encoded in and communicate with various local environments. Its individual chapters explore the local in its different forms and formulations. Besides the polis perspective they include numerous other places and locations above and below the polis level as well as those fully or largely independent of the city-state. Overall the local emerges as a relational concept that changes together with our understanding of the general or universal forces as they shape ancient Greek religion. The unity and diversity of ancient Greek religion becomes tangible in the manifold ways in which localizing and generalizing forces interact with each other at different times and in different places across the ancient Greek world.

A Theology of James, Peter, and Jude Peter H. Davids, 2014-10-20 In this volume Peter Davids offers a comprehensive study of the General or Catholic Epistles of James 1-2 Peter and Jude which are often insufficiently covered in more general New Testament introductions, theologies and surveys. Before discussing a theology of each of the four letters Davids first deals with their common aspects: their shared background in the Greco-Roman world and a similar Christology; view of the source of sin and eschatology thus justifying their being treated together. In the chapters that follow Davids embarks upon a theological reading of each letter informed by its social rhetorical understanding: what they meant in the context of their original cultural settings including a survey of recent scholarship; a discussion of relevant introductory issues; a thematic commentary; a treatment of important theological themes; and a discussion of the place of the letter in the biblical canon and its contribution to New Testament theology. The Biblical Theology of the New Testament (BTNT) series provides upper college and seminary level textbooks for students of New Testament theology interpretation and exegesis. Pastors and discerning theology readers alike will also benefit from this series. Written at the highest level of academic excellence by recognized experts in the field the BTNT series not only offers a comprehensive exploration of the theology of every book of the New Testament including introductory issues and major themes but also shows how each book relates to the broad picture of New Testament theology.

New Voices in Greek Orthodox Thought Trine Stauning Willert, 2016-05-13 New Voices in Greek Orthodox Thought brings to the light and discusses a strand in contemporary Greek public debate that is often overlooked: namely progressive religious actors of a western orientation. International and Greek media tend to focus on the extreme views and to categorise positions in the public debate along well-known dichotomies such as traditionalists vs modernisers. Demonstrating that in late modernity parallel to rising nationalisms there is a shift towards religious communities becoming the central axis for cultural organization and progressive thinking the book presents Greece as a case

message of love and justice is powerfully relevant for today The implications of the Amsterdam way of interpreting Scripture are evident throughout the book It is both a personal and timely way of speaking to our disintegrating society The Prophetic Call to Love and Justice provides a meaningful and radical yet simple way of re connecting with the Bible As one of the founders of the Amsterdam way of interpretation Karel Deurloo stated The opportunity to learn anew and understand the language of the Bible has been taken away Often the focus is on the assumed origin and history of a text a historical literary approach or a fundamentalist view creating a fragmented moralistic and doctrinaire emphasis which has alienated many from churches Instead Deurloo and others focused on the prophetic meaning that speaks to all of us as the living word of God today This alternative is rooted in the Hebrew Scriptures Its abiding prophetic message of love and justice is reiterated in the Gospels and apostolic letters Hence the choice of subtitle Rediscovering the Old Testament It is a joyful journey of discovery finding new meaning in the Bible for our lives Theology of the Old Testament Walter Brueggemann,2012-06-01 In this

powerful book Walter Brueggemann moves the discussion of Old Testament theology beyond the dominant models of previous generations Brueggemann focuses on the metaphor and imagery of the courtroom trial in order to regard the theological substance of the Old Testament as a series of claims asserted for Yahweh the God of Israel This provides a context that attends to pluralism in every dimension of the interpretive process and suggests links to the plurality of voices of our time **The Two Horizons** Anthony C.
