**Procopius** Procopius (Caesariensis),2015      **The Anecdota Or Secret History** Procopius (Caesariensis),2014 History of the Wars by the Byzantine historian Procopius late fifth century to after 558 CE consists largely of sixth century CE military history with much information about peoples places and special events Powerful description complements careful narration Procopius is just to the empire s enemies and boldly criticises emperor Justinian      **Widener Library Shelflist:** **Ancient Greek literature** Harvard University. Library,1979      **Theodahad** Massimiliano Vitiello,2014-07-31 Educated in Platonic philosophy rather than the military arts the Ostrogothic king Theodahad was never meant to rule His unexpected nomination as co regent by his cousin Queen Amalasuintha plunged him into the intrigues of the Gothic court and Theodahad soon conspired to assassinate the queen But once alone on the throne his lack of political experience and military skill made him ineffective at best and dangerously incompetent at worst Defeated by the Byzantine emperor Justinian Theodahad was killed by his own subjects In Theodahad Massimiliano Vitiello rigorously investigates the ancient sources in order to reconstruct the events of Theodahad s life and the contours of sixth century diplomacy and political intrigues Painting a

picture of an unlikely king whose reign helped spell the end of Ostrogothic Italy Vitiello's book not only illuminates Theodahad's own life but also offers new insight into the sixth century Mediterranean world *Christianity in Roman Scythia* Ionuț Holubeanu, 2024-01-15 At present there is no scholarly consensus on the ecclesiastical organization in the Roman province of Scythia 4th-7th centuries This volume proposes a new interpretation of some of the historical evidence concerning the evolution of the see of Tomi a great metropolis first with suffragan bishoprics outside Roman Scythia and then inside it and later an autocephalous archbishopric Though there are also many unclear aspects regarding the evolution of monastic life in the province this book reveals that in contrast with the development of the monastic infrastructure in Roman Scythia a spiritual decline began in the mid 5th century **Procopius** Procopius (Caesariensis), 2014 History of the Wars by the Byzantine historian Procopius late fifth century to after 558 CE consists largely of sixth century CE military history with much information about peoples places and special events Powerful description complements careful narration Procopius is just to the empire's enemies and boldly criticises emperor Justinian *The Late Roman West and the Vandals* Frank M. Clover, 2024-10-28 The impact of Roman civilisation on the Empire's clients in the West forms the subject of the first parts of this volume Even the most successful Germanic kingdoms of the 5th-6th centuries the author argues such as that of the Vandals in North Africa could not escape the grasp of the Roman Empire their politics and culture remained conditioned by imperial models and by the continuing reality of imperial power throughout late antiquity The subsequent articles deal with the *Historia Augusta* but approaching that difficult text from the periphery by first attempting to establish its broad literary and topical context before considering questions of its nature and date L'impact de la civilisation romaine sur les clients de l'empire en Occident forme le sujet des premières parties de ce recueil Selon l'auteur même les royaumes germaniques bénéficiant du plus grand des succès aux 5<sup>e</sup> et 6<sup>e</sup> siècles tel celui des Vandales en Afrique du Nord ne pouvaient échapper à l'emprise de l'empire romain leurs politiques et leurs cultures restaient sous l'influence des modèles impériaux et de la réalité constante du pouvoir impérial tout au long de l'Antiquité tardive Les études suivantes traitent de l'*Historia Augusta* approchant cependant ce texte ardu depuis sa périphérie tentant tout d'abord d'établir son contexte littéraire et thématique ce avant d'en considérer la nature et la date **Procopius**, 1935 *Procopius* Procopius Caesariensis, 1968 **Procopius** Procopius (Caesariensis.), 1961 **The Oxford Handbook of Thucydides** Ryan Balot, Sarah Forsdyke, Edith Foster, 2017-02-10 The Oxford Handbook of Thucydides contains newly commissioned essays on Thucydides as an historian thinker and writer It also features chapters on Thucydides intellectual context and ancient reception The creative juxtaposition of historical literary philosophical and reception studies allows for a better grasp of Thucydides complex project and its intellectual context while at the same time providing a comprehensive introduction to the author's ideas The volume is organized into four sections of papers History Historiography Political Theory and Context and Reception It therefore bridges traditionally divided disciplines The authors engaged to write the forty chapters for this volume include both well

known scholars and less well known innovators who bring fresh ideas and new points of view Articles avoid technical jargon and long footnotes and are written in an accessible style Finally the volume includes a thorough introduction prefacing each paper as well as several maps and an up to date bibliography that will enable further study The Oxford Handbook of Thucydides offers a comprehensive introduction to a thinker and writer whose simultaneous depth and innovativeness have been the focus of intense literary and philosophical study since ancient times *Roman Identity from the Arab Conquests to the Triumph of Orthodoxy* Douglas Whalin, 2021-01-22 This book asks how the inhabitants and neighbours of the Eastern Roman Empire understand their identity as Romans in the centuries following the emergence of Islam as a world religion Its answers lie in exploring the nature of change and continuity of social structures self representation and boundaries as markers of belonging to the Roman group in the period from circa AD 650 to 850 Early medieval Romanness was integral to the Roman imperial project its local utility as an identifier was shaped by a given community's relationship with Constantinople the capital of the Roman state This volume argues that there was fundamental continuity of Roman identity from Late Antiquity through these centuries into later periods Many transformations which are ascribed to the Romans of this era have been subjectively assigned by outsiders separated by time or space and are not born out by the sources This finding dovetails with other recent historical works re evaluating the early medieval Eastern Roman polity and its ideology

**The Legend of Mar Qardagh** Joel Walker, 2006-04-24 This pioneering study uses an early seventh century Christian martyr legend to elucidate the culture and society of late antique Iraq Translated from Syriac into English here for the first time the legend of Mar Qardagh introduces a hero of epic proportions whose characteristics confound simple classification During the several stages of his career Mar Qardagh hunts like a Persian King argues like a Greek philosopher and renounces his Zoroastrian family to live with monks high in the mountains of Iraqi Kurdistan Drawing on both literary and artistic sources Joel Walker explores the convergence of these diverse themes in the Christian culture of the Sasanian Empire 224-642 Taking the Qardagh legend as its foundation his study guides readers through the rich and complex world of late antique Iraq **The Manuscript Tradition of Procopius' Gothic Wars** Maria Kalli, 2011-11-30 The Introduction which gives information about the life and work of Procopius and also about previous editions and studies of the text is followed by Chapter 1 which contains an analytical codicological and palaeological description of codex Ath which was written in the late 13th century and is thus the earliest extant ms of Procopius Wars Section 2 examines the position of the codex in the stemma codicum proposed by the latest editor of the text Jacob Haury Procopius Caesariensis Opera Omnia Teubner Leipzig 1905 12 revised by G Wirth 1963 A collation of the text with the principal manuscripts K and L of the two families z and y shows that Ath belongs to the y family A further collation of Ath with all other extant manuscripts of this family of the fifteenth and sixteenth centuries illustrates the importance of Ath in the tradition of the text despite its minor phonetic grammatical syntactical and linguistic errors Section 3 gives a description and updated information of all manuscripts of family y which

were briefly described by previous editors and some of them were not examined at all before their relation is examined and the stemma codicum is revised on the basis of a series of propositions It is concluded that Ath has been the exemplar for some of the later manuscripts either directly or through intermediaries The study concludes with a more theoretical chapter Section 4 which places the production of Ath and other manuscripts containing Procopius works and other early Byzantine historiographical texts in the general context of the intellectual milieu of the Palaeologan period      **Procopius** Procopius (Caesariensis.),1968
