Wendy Dennis

Prodigal Father Reuniting Fathers And Their Children:

The Prodigal Father Mark A. Bryan, 1997 In The Prodigal Father Mark Bryan addresses this important social issue by offering a proven program to help fathers assume a vital role in their children's lives Through my work and my own experience as an absent father I ve come to realize that what we call deadbeat dads are actually broken hearted dads says Bryan Living in shame and denial about the pain of their loss even when they were the ones who decided to give up their kids these men feel hopeless and overwhelmed at the thought of attempting a reunion Mark Bryan knows the problems of men who are divorced and don t see their kids as often as they would like as well as those of the men who have totally lost touch with their children He knows the guilt and shame they feel the pangs at holiday times the wrench when a father is alone and sees other fathers playing with their kids taking them to school waiting with them in the line at McDonald's He knows how fathers wonder how they got out of the picture how they became extraneous He also knows that kids miss their fathers as much as their fathers miss them He knows this because he is a reunited father himself and because he has reunited many fathers with their children through his Father Project workshops Bryan tells many of their stories and his own in this book In The Prodigal Father Bryan recounts in detail the steps he took that led finally to the close relationship that he and his son Scott now enjoy More recently working with small groups of men around the country Bryan developed an eight step program to lead men from estrangement to reunion Many men who never expected to see their children again now see them regularly participate in decisions in their day to day lives and enjoy the richness and joy only children can provide Bryan's carefully conceived plan helps men negotiate the sensitive and potentially explosive path back It includes Acknowledging the loss and the pain Taking steps to regain self respect and become the man you d want to father your children Making amends to your child s mother Planning the meeting with your child Reuniting Recognizing the specific needs of your child at each age Establishing an ongoing relationship becoming close Embracing your child's extended family the stepfather and half sisters and brothers A special chapter is addressed to mothers urging them to help in the reunion process Bryan's message will bring hope and happiness not only to the men who find their way back but to their children so often silent about their deep grief over the separation and to the mothers long overburdened by the responsibilities of single parenthood Says Bryan I will be touring to more than twenty cities to get the message of Reunion for Fathers across Will you help me reach those millions of fathers and mothers whose distance keeps their children from knowing their fathers Will you help those 21 million children who never see their fathers live fuller lives and gain a love they so fervently need I am asking your help to bring this message to your audience For this is not just a book It is a mission The Prodigal Father Mark Bryan, 1997 **Black Fathers** Michael E. Connor, Joseph White, 2011-06-02 This book offers a broader more positive picture of African American fathers Featuring case studies of African descended fathers this edited volume brings to life the achievements and challenges of being a black father in America Leading scholars and practitioners provide unique insight into this understudied population

Short sighted social policies which do not encourage father involvement are critically examined and the value of father engagement is promoted The problems associated with the absence of a father are also explored The second edition features an increased emphasis on the historical issues confronting African descended fathers the impact of health issues on Black fathers and their children the need for therapeutic interventions to aid in the healing of fathers and their children the impact of an Afrikan centered fathering approach and the need for research which considers systemic problems confronting African American fathers community focused models that provide new ideas for re-connecting absent fathers learning tools including reflective questions and a conclusion in each chapter and more theory and research throughout the book Part I provides a historical overview of African descended fathers including their strengths and shortcomings over the years Next contributors share their personal stories including one from a communal father working with underserved youth and two others that highlight the impact of absent fathers Then the research on father daughter relationships is examined including the impact of father absence on daughters and on gender identity This section concludes with a discussion of serving adolescents in the foster care system Part II focuses on the importance of a two parent home communal fathering and equalitarian households Cultural implications and barriers to relationships are also explored This section concludes with a discussion of the struggles Black men face with role definitions The book concludes with a discussion of the impact of adoption and health issues on Black fathers and their children and the need for more effective therapeutic interventions that include a perspective centered in the traditions and cultures of Afrika in learning to become a father The final chapter offers an intervention model to aid in fatherhood An ideal supplementary text for courses on fathers and fathering introduction to the family parenting African American families men men and masculinity Black studies race and ethnic relations and family issues taught in a variety of departments the book also appeals to social service providers policy makers and clergy who work with community The Power of Dadhood Michael Smith, 2015-04-28 The Power of Dadhood encourages men to father with the institutions knowledge that they are vitally important to the futures of their children National speaker Michael Byron Smith discusses the implications of a fatherless home the challenges of parenting and the hierarchy of fathers There are absent fathers present yet uninvolved fathers authoritative fathers loving fathers teaching fathers and many more Any man through The Power of Dadhood can assess himself see where he stands and make choices to become a real Dad and find the power of Dadhood

From Boys to Men Bret Stephenson,2006-10-25 A guide to restoring the successful models used by ancient cultures the world over to raise adolescent boys Explains the negative effects of Western youth culture and how it can be transformed Offers instructions for integrating basic rites of passage into modern family life and youth programs For tens of thousands of years all across the globe societies have been coping with raising adolescents Why is it then that native cultures never had the need for juvenile halls residential treatment centers mood altering drugs or boot camps How did they avoid the high incidence of teen violence America is experiencing and how did they prevent their youth from relying on drugs and alcohol

the use of which has become so prevalent in Western society In From Boys to Men Bret Stephenson shows readers that older cultures didn t magically avoid adolescence instead they developed successful rituals and rites of passage for sculpting teen boys into healthy young men From Aleutian Eskimos to Polynesian Islanders from tribal Africans to Australian Aborigines each culture found archetypal ways to initiate their boys into the adult community Stephenson explains the basics of rites of passage and offers insight into how to reintroduce these successful practices and traditional understandings into modern family life and programs for youth He discusses the damaging effects of our youth culture and the negative teen products that are fueled by corporate America and reveals how we can counteract these negative forces by using meaningful rites of passage to create a society with happy and healthy adolescent boys The Theory of Christian Psychology Eva Klostreich, 2008-07-17 The Theory of Christian Psychology comes from the worldview that sees humanity as the object of a love relationship with Jesus Christ Parallel to Buddhist forms of Psychology The Theory of Christian Psychology meets the worldwide Christian population need for its own Psychology The Theory of Christian Psychology presents a flexible foundation addressing personality with full humanity dimension integrating principles of clinical psychology found in Psychoanalytic Psychodynamic Psychology Soundly Biblical and non denominational it focuses on key precepts that bind Christianity together The Theory of Christian Psychology bridges clinical psychology and theology in an intersection of power accessibility Psychology has been culture alien to Christianity I have been asked to leave churches who only need God when they discovered I was a psychologist and criticized by others who only need psychology Sound psychological principles are inherent throughout the Bible There is no dichotomy necessary We just need to speak the same language to clearly see the intersection Issues addressed in The Theory of Christian Psychology carry relevancy for law and education Her fi rst book Dr Klostreich plans to continue to write and speak She is initiating The Institute for Christian Psychology to offer seminars training certification and ongoing research Picking Up the Ghost Tone Milazzo, 2012-04-10 African magic and folklore color this unusual coming of age story as a teenage boy faces a haunting journey after hearing of his estranged father s death Publishers Weekly It isn t easy living in the dying city of St Jude Mississippi But when a letter informs fourteen year old Cinque Williams of the passing of the father he never met he suddenly comes face to face with the struggles he s always avoided his incomplete past and uncertain future That's when the strange hand reaches down through his dreams to snatch away his heart A curse meant for his father condemns Cinque to a slow death even as it opens his eyes to the strange otherworld around him With help from the ghost Willy T an enigmatic White Woman named Iku an African Loa and a devious shape shifter Cinque gathers the tools to confront the ghost of his dead father But he will learn that sometimes too much knowledge can be dangerous and the people he trusts most are those poised to betray him Black Men. Invisibility and **Crime** Martin Glynn, 2013-12-04 Past studies have suggested that offenders desist from crime due to a range of factors such as familial pressures faith based interventions or financial incentives To date little has been written about the relationship

between desistance and racialisation This book seeks to bring much needed attention to this under researched area of criminological inquiry Martin Glynn builds on recent empirical research in the UK and the USA and uses Critical Race Theory as a framework for developing a fresh perspective about black men s desistance This book posits that the voices and collective narrative of black men offers a unique opportunity to refine current understandings of desistance It also demonstrates how new insights can be gained by studying the ways in which elements of the desistance trajectory are racialised This book will be of interest both to criminologists and sociologists engaged with race racialisation ethnicity and **Divorced Dads** Sanford L. Braver, Diane O'Connell, 1998 Millions of families strive to give their children the best possible upbringing after being split apart by divorce Separated mothers and fathers and in many cases their second spouses struggle to find the right way to piece together parent child relationships in its wake In this revolutionary work psychologist Sanford L Braver who undertook the largest ever federally funded study on issues confronting divorced fathers shows how millions of well intentioned mothers fathers judges lawyers educators and other caregivers have been repeatedly and tragically misled by the prevailing data about divorce and parenthood For years our society has accepted the image of the dead beat dad who shirks childcare payments and other responsibilities Yet Braver proves that this villainous figure like many other myths of the divorced parent simply does not exist in significant numbers Moreover Braver overturns one of the most important pieces of data on divorce in the past quarter century the belief that divorced women suffer a steep decline in their standard of living This widely embraced notion was the result of misread data but was transformed into fact by the media and the courts and accepted by divorced families and their advocates No other book has revealed the deep flaws in today's research on divorce One sided studies of divorced men and women misused census data and poor research have skewed many of the assumptions around which parents and courts have shaped divorce settlements parenting responsibilities and child rearing decisions Every divorced parent and anyone who loves a divorced parent urgently needs this book to understand the newrealities behind divorce and parenting Notes Index Help! I'm a Parent! Ian Knight, 2011-10-21 The author has written parenting columns for over 16 years for a local newspaper in the fastest growing county in the South She has also written for and hosted a parenting radio show Parents and grandparents have requested a book of her columns for years Now rather than cutting them out and putting them on the refrigerator you can carry it with you Since she has written a weekly column for 16 years more books will follow Divorced Dads Nancy J. Wasson, Lee Hefner, 2002 Don't Let Your Kids Slip Away after a Divorce Divorce doesn't have to mean losing the relationship with your children You can create even deeper emotional ties with them now than you had before This easy to use guide gives you the tools that you ll need to stay bonded and connected with your kids now and in the years to come *The Prodigal Father* Ion Du Pre,2000-05-01 This is a story of how one American family turned its bright expectations into crushing disappointment and then ultimately a victory of spirit The Du Pre family s story is told by the middle of three children Jon Fear and rage from

the author's childhood threatened to destroy the seemingly perfect life he had created Jon made a terrifying pivotal decision to seek out the cause of his confusion and bitterness This gripping story will enlighten and inspire you showing you the true meaning of family The Single Father Armin A. Brott,1999 In this ground breaking volume author Armin Brott gives single dads the knowledge skills and support they need to become and remain actively involved fathers With the same thoroughness accessibility and humor that have made the books in his critically acclaimed New Father series the best and most popular fatherhood guides in the country Brott steers divorced separated gay widowed and never married men through every aspect of fathering without a partner Incorporating the advice oftop psychologists lawyers and other experts The Single Fatheroffers a wealth of essential information and practical tips Illustrated with cartoons that underscore the challenges and yes even the satisfactions of single parenting and complete with an extensive list of resources for divorced widowed and gay dads The Single Father is one book no single dad can afford to do without The Divorce from Hell Wendy Dennis, 1998 New Age Iournal, 1997 Encyclopedia of Family Life: Single-parent families-zero population growth movement, index, 1999

Rapprochement Between Fathers and Sons Louis Rothschild,2023-11-23 Following Freud's rather cold conception of fathers and a relative neglect of their role in psychoanalytic theory is a challenge to continue more recent efforts to develop a psychoanalytically affirmative portrait of fatherhood Here fathers are attuned to relational mutuality and intimacy as a source of flourishing Rapprochement is understood as a sub phase of child development marked by a dramatic expression of conflict such as Hear me see me give me space don't give me space In addition rapprochement is considered to characterize conflicts between autonomy and dependency across the lifespan An often muted and subtle tension between holding and letting go persists Working with what is felt entails entering a never fully completed negotiation marked by misreadings bias and illusion Father is understood to be a name pointing to a parenting function With material that includes the grief of failed reunion particular stories are mediated through thinking alongside philosophy and psychoanalytic theory in order to further explore the difficulty of integrating nurturing capacities into conceptions of masculinity As a critique of gendered rigidity a case is made for a social surround that declares mutual vulnerability to exist in a state of permanent inquiry and relational curiosity Such openness can function to aid parents clinicians and respective community members to privilege the development of increased frustration tolerance By extension a good enough father is one who recognizes breakdown a need for refueling and possesses and practices a willingness to encounter uneven rhythms in human dimensions This thoughtful work brings fresh insight into the role of the father and masculinity and is essential reading for mental health professionals

The Prodigal Family Johanna Maaghul,2009-09-04 What we leave on the table with our family relationships may well prove to be some of the most powerful healing material available to us during our earthly journey As with the prodigal son the role our family has played in our life is an important one and what our family brings out in us offers us great opportunities for further personal growth They are at the heart of our learning essential to the transformation that we came

here to embody As we trace and even rebuild these connections we may come to see and appreciate these individuals as members of our own spiritual Olympic team on our journey here on Earth Readings in the Psychology of Gender Anne E. Hunter, Carie Forden, 2002 Though most research in the psychology of gender highlights the differences between females and males this supplementary collection of readings also investigates how they are alike With the aim of providing an accurate picture of gender the authors have culled readings that not only explore commonalties between females and males but also probe the unique ways that people of different races ethnicities social classes and sexual orientations experience gender The result is a model that views gender in terms of thinking feeling and behaving as the result of a complex interplay among biological psychological social and cultural processes All in the Family Suanne Kelman, 1998 Takes readers on a fascinating trek through history pre history and societies large and small from around the world to comment on the roots and future of the Western family From the Mangaians of Polynesia who encouraged promiscuous pre marital sex to the regimented separation of the sexes in ancient Sparta from the Old Testament's injunctions to procreate to Christianity's celebration of virginity from the Inuit's devotion to children to medieval Europe's indifference to the needs of babies the book brings to light not only the vast differences in human behavior but also the surprising commonalities among diverse peoples An entertaining blend of anthropology and social history

Prodigal Father Reuniting Fathers And Their Children Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has be evident than ever. They have the capability to inspire, provoke, and ignite change.
