## **Producing The Modern Hebrew Canon Nation Building And Minority Discourse:**

**Producing the Modern Hebrew Canon** Hannan Hever, 2001-12-01 A people's writings can play a dramatic role in nation building as the development of modern Hebrew literature powerfully illustrates. Since the end of the nineteenth century, Hebrew writers in Europe and Palestine/Israel have produced texts and consolidated moments in the shaping of national identity. Yet this process has not always been a unified and continuous one. The processes of canon formation and the suppression of heterodox discourses have been played out publicly and vociferously. *Producing the Modern Hebrew Canon* offers a sweeping view of the entirety of modern Hebrew literature from Berdichevski and Agnon to Shammas and Habiby, shedding light on the moments of rupture and reversal which have undermined efforts to construct a hegemonic Zionist narrative. It provides a model for understanding the relations between minority and majority voices in postcolonial situations, showing these processes working and changing over time, from the earliest days of the creation of a labor Zionist sensibility for literature to Israeli state culture and the discourses of Arab otherness. By illuminating both the process of canon formation as well as the voices excluded from the canon, *Producing the Modern Hebrew Canon* offers a powerful alternative reading of twentieth-century Hebrew fiction. *Public Relations and Nation Building* Margalit Toledano, David

McKie, 2013-09-02 All public relations emerges from particular environments, but the specific conditions of Israel offer an exceptional study of the accelerators and inhibitors of professional development in the history of a nation. Documenting and analyzing the contribution of one profession to building one specific nation, this book tells the previously untold story of Israeli public relations practitioners. It illustrates their often unseen, often unacknowledged, and often strategic shaping of the events, narratives, and symbols of Israel over time and their promotion of Israel to the world. It links the profession's genesis, including the role of the Diaspora and early Zionist activists, to today's private and public sector professionals by identifying their roots in Israel's cultural, economic, media, political, and social systems. It reveals how professional communicators and leaders nurtured and valued collectivism, high consensus, solidarity, and unity over democracy and free speech. It investigates such key underpinning concepts as *Hasbara* and criticizes non-democratic and sometimes unethical propaganda practices. It highlights unprecedented fundraising and lobbying campaigns that forged Israeli identity internally and internationally. In situating Israeli ideas on democracy in the context of contemporary public relations theory, *Public Relations and Nation Building* seeks to point ways forward for that theory for Israel and for the public relations of many other nations. **Deleuze**

**and the Contemporary World** Ian Buchanan, 2006-07-03 This volume joins the pragmatic philosophy of Deleuze to current affairs. The twelve new essays in this volume use a contemporary context to think through and with Deleuze. Engaging the here and now, the contributors use the Deleuzian theoretical apparatus to think about issues such as military activity in the Middle East, refugees, terrorism, information and communication, and the State. The book is aimed both at specialists of Deleuze and those who are unfamiliar with his work but who are interested in current affairs. Incorporating political theory

and philosophy culture studies sociology international studies and Middle Eastern studies the book is designed to appeal to a wide audience      Makers of Worlds, Readers of Signs Kfir Cohen Lustig, 2019-09-03 A sweeping new theory of world literature through a study of Palestinian and Israeli literature from the 1940s to the present Makers of Worlds Readers of Signs charts the aesthetic and political formation of neoliberalism and globalisation in Israeli and Palestinian literature from the 1940s to the present By tracking literature's move from making worlds to reading signs Cohen Lustig proposes a new way to read and theorise our global contemporary Cohen Lustig argues that the period of Israeli statism and its counterpart of Palestinian statelessness produced works that sought to make and create whole worlds and social time from the creation of the new state of Israel to preserving collective visions of Palestinian statehood During the period of neoliberalism after 1985 in Israel and the 1993 Oslo Accords in Palestine literature turned to the reading of signs where politics and history are now rearticulated through the private lives of individual subjects Here characters do not make social time but live within it and inquire after its missing origin Cohen Lustig argues for new ways to track the subjectivities and aesthetics produced by larger shifts in production In so doing he proposes a new model to understand the historical development of Israeli and Palestinian literature as well as world literature in our contemporary moment With a preface from Fredric Jameson

**Being There, Being Here** Maurice Ebileeni, 2022-06-16 Arabic is unconditionally the national language of Palestinians but for many it is no longer their mother tongue More than a century after the early waves of immigration to the Americas and more than seven decades after the Nakba of 48 generations of Palestinians have grown up in a variety of different contexts within Israel Palestine and the world at large This ongoing scattered state has led to the proliferation of Palestinian culture as it is simultaneously growing in multiple directions depending on geographical political and lingual contextualization The Palestinian story no longer exists exclusively in Arabic A new generation of Palestinian and Palestinian descended writers and artists from both Latin and North America Scandinavia and Europe at large as well as Israel Palestine are bringing stories of their heritage and the Palestinian nation into a variety of languages such Spanish Italian English Danish and Hebrew among so many other languages Being There Being Here is the product of an eight year long journey in which Maurice Ebileeni explores how the Palestinian homeland is being imagined in multiple languages from a variety of positions both locally and globally The book poses unsettling questions about this current situation and also looks to the future to speculate about how a Palestinian nation might still house the notion of home for an increasingly diverse Palestinian population      *Conflicts* Liron Mor, 2024-01-02 Liron Mor's book queries what conflict means in the context of Palestine Israel Conflict has long been seen as singular and primary as an original sin that necessitates the state and underwrites politics This book problematizes this universal notion of conflict revealing its colonial implications and proposing that conflicts are always politically constructed after the fact and are thus to be understood in their various specific forms The book explores sites of poetic and political strife in Palestine Israel by combining a comparative study of Hebrew and Arabic

literature with political and literary theory Mor leverages an archive that ranges from the 1930s to the present from prose and poetry to film and television to challenge the conception of the Palestinian Israeli context as a conflict delineating the colonial history of this concept and showing its inadequacy to Palestine Israel Instead Mor articulates locally specific modes of theorizing the antagonisms and mediations colonial technologies and anticolonial practices that make up the fabric of this site The book thus offers five figurative conflictual concepts that are derived from the poetics of the works conflict judgment ishtib k leva im disorienting dilemmas ikhtif anti colonial disappearance o mediating law and inqis m hostile severance In so doing Conflicts aims to generate a historically and geographically situated mode of theory making which defies the separation between the conceptual and the poetic

**Jews and the Ends of Theory** Shai Ginsburg, Martin Land, Jonathan Boyarin, 2018-12-04 Theory as it s happened across the humanities has often been coded as Jewish This collection of essays seeks to move past explanations for this understanding that rely on the self evident the historical centrality of Jews to the rise of Critical Theory with the Frankfurt School or stereotypical psychoanalysis as the Jewish Science in order to show how certain problematics of modern Jewishness enrich theory In the range of violence and agency that attend the appellation Jew depending on how where and by whom it s uttered we can see that Jewishness is a rhetorical as much as a sociological fact and that its rhetorical and sociological aspects while linked are not identical Attention to this disjuncture helps to elucidate the questions of power subjectivity identity figuration language and relation that modern theory has grappled with These questions in turn implicate geopolitical issues such as the relation of a people to a state and the violence done in the name of simplistic identitarian ideologies Clarifying a situation where the Jew is not readily or unproblematically legible the editors propose

**The State of Afterness** Assaf Shelleg, 2025-03-11 The State of Afterness traces the histories and cultural histories of contemporary music in Israel since the 1980s and through the 2020s With afterness defined as the state of being unconditioned by territorialism while opting for previously unavailable temporalities and ethnographies Assaf Shelleg studies the compositional approaches that record the attenuation of territorial nationalism and assembles a network of composers trained in the post ideological climate of the 1970s and 80s This network features operas electronic music orchestral and chamber and ensemble works by Chaya Czernowin Betty Olivero Luciano Berio Leon Schidlowsky Josef Bardanashvili and Arik Shapira in addition to Jewish oral musical traditions and novels by David Grossman A B Yehoshua Yishai Sarid and Ruby Namdar While in previous eras the statist subject superseded or subsumed any competing political project since the 1980s such self referential acts have been losing their ability to confer homogeneity and project the monologic of national Hebrew culture and its telos As a result Shelleg writes the composers discussed in this book do not form a cohesive group yet they share constituent cultural and historical sensibilities they opt for diasporism irrespective of their compositional approaches but refrain from universalizing Jewish diasporas as did classic Zionism they display postmodern patrimonies but reject their essentialist qualities they admonish their country s ethnocracy and democratic facade they denationalize Holocaust memorialization and they narrate the failure of territorial nationalism In this sense the state of afterness is a drama still etched in our everyday

**Jewish Contiguities and the Soundtrack of Israeli History** Assaf Shelleg, 2014-10-15 Jewish Contiguities and the Soundtrack of Israeli History unfolds the cultural itineraries of modern Jewish and Israeli art music Extending from modern Jewish art music in Europe through its dislocation to British Palestine and Israel the book captures the tensions between national rhetoric and nationalized theological tropes through the way they have been recorded in art music Author Assaf Shelleg begins with the prehistory of Israeli art music in central and Western Europe He introduces the reader to the various aesthetic dilemmas in the history of modern Jewish art music ranging from auto exoticism to Jewish self hatred Moving on to consider the Hebrew culture he discusses the institutionalization of art music in British Palestine and the dilution of romanticist nationalism during the interregnum of Israeli statehood Delving into the proliferation of styles in the 1950s and 60s Shelleg examines the collapse of traditional Hebrew templates and the concomitant surge of linear compositional devices inspired by Arab Jewish music By the 1970s he reveals Israeli composers saw musical Judaism as a cultural discourse that transcended the nation they deterritorialized the national discourse at the same time that religious Zionist circles had been translating theology into politics Shelleg unearths the various cultural constraints and dialectics that played a pivotal role in

the dislocation of modern Jewish art music to Israel and looks at the Jewish undercurrents of Hebrew culture and how Jewish secularized concepts outgrew their national functions Jewish Contiguities and the Soundtrack of Israeli History will be essential reading for scholars of Jewish and Israeli music culture and history Waltzing with Bashir Raya Morag, 2013-09-25 Waltzing with Bashir proposes a new paradigm for cinema trauma studies the trauma of the perpetrator Recognizing a current shift in interest from the trauma suffered by victims to that suffered by perpetrators the book seeks to theorize this still under studied field thus breaking the repression of this concept and phenomenon in psychoanalysis and in cinema literature Taking as a point of departure the distinction between testimony given by the victim and confession made by the perpetrator this pioneering work ventures to define and analyze perpetrator trauma in scholarly representational literary and societal contexts In contrast to the twentieth century definition of the perpetrator based on modern wars and totalitarian regimes Morag defines the perpetrator in the context of the twenty first century s new wars and democratic regimes The direct result of a drastic transformation in the very nature of war made manifest by the lethal clash between soldier and civilian in a battlefield newly defined in bodily terms the new trauma paradigm stages the trauma of the soldier turned perpetrator thus offering a novel perspective on issues of responsibility and guilt Such theoretical insights demonstrate that the epistemology of the post witness era requires breaking deep seated psychological and psychiatric as well as cultural and political repression Driven by the emergence of a new wave of Israeli documentary cinema Waltzing with Bashir analyzes the Israeli film and literature produced in the aftermath of the second Intifada As Ari Folman s Waltz with Bashir and other new wave films demonstrate Israeli cinema attached on one side to the legacy of the Holocaust and on the other to the Israeli Occupation is a highly relevant case for probing the limits of both victim and perpetrator traumas and for revisiting and recontextualizing the crucial moment in which the victim perpetrator cultural symbiosis is dismantled

**Poetic Trespass** Lital Levy, 2017-05-09 A Palestinian Israeli poet declares a new state whose language Homelandic is a combination of Arabic and Hebrew A Jewish Israeli author imagines a language plague that infects young Hebrew speakers with old world accents and sends the narrator in search of his Arabic heritage In Poetic Trespass Lital Levy brings together such startling visions to offer the first in depth study of the relationship between Hebrew and Arabic in the literature and culture of Israel Palestine More than that she presents a captivating portrait of the literary imagination s power to transgress political boundaries and transform ideas about language and belonging Blending history and literature Poetic Trespass traces the interwoven life of Arabic and Hebrew in Israel Palestine from the turn of the twentieth century to the present exposing the two languages intimate entanglements in contemporary works of prose poetry film and visual art by both Palestinian and Jewish citizens of Israel In a context where intense political and social pressures work to identify Jews with Hebrew and Palestinians with Arabic Levy finds writers who have boldly crossed over this divide to create literature in the language of their other as well as writers who bring the two languages into dialogue to rewrite them from within Exploring such acts of

poetic trespass Levy introduces new readings of canonical and lesser known authors including Emile Habiby Hayyim Nahman Bialik Anton Shammas Saul Tchernichowsky Samir Naqqash Ronit Matalon Salman Masalha A B Yehoshua and Almog Behar By revealing uncommon visions of what it means to write in Arabic and Hebrew Poetic Trespass will change the way we understand literature and culture in the shadow of the Israeli Palestinian conflict The Bloomsbury Handbook of Postcolonial Print Cultures Toral Jatin Gajarawala, Neelam Srivastava, Rajeswari Sunder Rajan, Jack Webb, 2023-08-10 The texts that make up postcolonial print cultures are often found outside the archival catalogue and in lesser examined repositories such as personal collections the streets or appendages to established collections This volume examines the published and unpublished writing magazines pamphlets paratexts advertisements cartoons radio and street art that serve as the intellectual forces behind opposition to colonial orders as meditations on the futures of embryonic nation states and as visions of new forms of equality The print cultures examined here are necessarily anti institutional they serve as a counterpoint to the colonial archive and relatedly to more traditional genres and text formats coming out of large scale publishers This means that much of the primary material analyzed in this book has not been scrutinized before Many of these print productions articulate collective liberation projects with origins in the grassroots They include debates around the shape of the postcolonial nation and the new state formation that necessarily draw on a diverse and contentious public sphere of opinion Their rhetoric ranges from the reformist to the revolutionary Reflecting the diversity indeed the disorderliness of postcolonial print cultures this book covers local national and transnational cultures from Asia Africa Europe and the Americas Its wide ranging essays offer a nuanced and taken together a definitive though that is not to say comprehensive or systematic study of a global phenomenon postcolonial print cultures as a distinct literary field The chapters recover the efforts of writers readers and publishers to produce a postcolonialism from below and thereby offer a range of fresh perspectives on the meaning and history of postcolonialism **Byron and the Jews** Sheila A. Spector, 2010 A full length critical inquiry into the complex interrelationship between the British poet and the Jews Despite their religious and geographic differences the British poet Lord Byron shared certain attitudes about politics institutionalized religion and individual identity that made him very popular with Jewish readers In *Byron and the Jews* author Sheila A Spector investigates why of all the British Romantic poets Byron is the most frequently translated into Hebrew and Yiddish and how Jews used translations of Byron's works to help construct a new Jewish identity Spector begins by examining Byron's interaction with contemporary Jewish writers Isaac D Israeli and Isaac Nathan and investigates how the writers translated each other The following three chapters demonstrate how the Byron translations interrelated with intellectual leaders of the three cultural movements that dominated Jewish culture in the nineteenth and twentieth centuries the Maskilim the Yiddishists and the Zionists Spector's conclusion explores the theoretical inference implicit in this study that the act of translation inevitably produces an allegorical reading of a text that may be contrary to an author's original intention A useful

appendix contains transcriptions of many of the texts discussed in this volume as few of these Hebrew and Yiddish translations are readily available elsewhere Not only are portions of all of the translations represented but different versions are included so that readers can see for themselves how Byron was adapted for different Jewish interpretive communities Scholars of Byron Jewish identity and those interested in translation and reception studies will appreciate this insightful volume
