*Ultra-Actors: William Shatner* Bunny Ultramod,2011-05-20 We all know and love William Shatner now but there was a time in the 60s when his career was just getting started and in the 70s when he was experiencing a post Star Trek slump that

he appeared in a series of surprising and often quite demented series of low budget films and television films Ultra Actors William Shatner takes a look at 21 of these films almost everything he made from his first lead performance until Star Trek The Motion Picture revitalized his career Here s your chance to find out about such little seen oddities as Incubus A horror film shot entirely in the invented language of Esperanto and a cursed production that found many of its cast members dead in the few years after it was made Impulse In which Shatner plays a psychotic con man in Florida who ineptly stalks a little girl Kingdom of the Spiders It s William Shatner against tens of thousands of superintelligent tarantulas whose primary mode of attack seems to be to fall out of grates onto people The Devil s Rain Shatner is kidnapped by Satanists and has his eyes plucked out by them and takes revenge by making them melt for what feels like the last half of the movie     **"Messiah!**
