OPERATIONS MANAGEMENT Dr. Sunil V. Deshmukh I Dr. Tushar D. Taley, Preface Project management involves unique but temporary endeavours with a specific beginning and end On the other hand operations management involves ongoing activities of an organization that produce repetitive and long term outputs such as supplying services or manufacturing products Defining what is operations management for a particular field is essential as it is vital in every field Operations management aims to ensure that the day to day operations are smooth cost effective and well timed while maintaining critical quality standards The purpose of this Study Material is to present an introduction to the OPERATIONS MANAGEMENT subject of MBA This book contains the syllabus from basics of the subjects going into the intricacies of the subjects All the concepts have been explained with relevant examples and diagrams to make it interesting for the readers An attempt is made here by the authors to assist the students by way of providing Study Material as per the curriculum with non

commercial considerations However it is implicit that these are exam oriented Study Material and students are advised to attend regular lectures in the Institute and utilize reference books available in the library for In depth knowledge We owe to many websites and their free contents we would like to specially acknowledge contents of website www.wikipedia.com and various authors whose writings formed the basis for this book We acknowledge our thanks to them At the end we would like to say that there is always a room for improvement in whatever we do We would appreciate any suggestions regarding this study material from the readers so that the contents can be made more interesting and meaningful Readers can email their queries and doubts to our authors on tmcnagpur@gmail.com We shall be glad to help you immediately Authors Dr Sunil V Deshmukh Dr Tushar Taley *Accounting for Management: Text and Cases, 3th Edition* Bhattacharyya S.K. & Dearden John, 2009-11-01 This book incorporates the refinements in the accounting concepts and practices and reflects on new issues and developments in the field of accounting at the international and national levels The original structure of the book i.e. to instruct managers rather than accountants remains unchanged The inclusion of a large number of cases is an element of this design To make the book more contemporaneous some of the cases have been replaced However those cases have been retained which we believe provide learning that can be described as timeless The focus of the book is on how to use a financial statement than on how to prepare one However to understand fully one must know how a statement is prepared Towards this end the authors have also increased the proportion of content devoted to the mechanics of preparing financial statements
