Dada and Surrealist Film Rudolf E. Kuenzli, 1996-07-29 This groundbreaking collection of thirteen original essays analyzes connections between film and two highly influential twentieth century movements Cult Films Allan Havis, 2021-01-15 Cult Films Taboo and Transgression looks at nine decades of cult films history within American culture By highlighting three films per decade including a brief summary of the decade's identity and sensibility the book investigates the quality ironies and spirit of cult film evolution The twenty seven films selected for this study are analyzed for story content and in their respective transgressions regarding social aesthetic and political codes Characteristic of this book is the notion that many exciting genres make up cult films including horror sci fi fantasy film noir and black comedy Further the book reaches out to several foreign film directors over the decades in order to view cult films as an intentional art form Political and ideological controversies are covered arresting back story details that lend perspective on a film fill out the analysis and the historic framework for many film titles The book by emphasizing the condensed survey over decades and by choosing outstanding titles differs from other general studies on cult films

Cinematic Mythmaking Irving Singer, 2010-09-24 Mythic themes and philosophical probing in film as an art form as seen in works of Preston Sturges Jean Cocteau Stanley Kubrick and various other filmmakers Film is the supreme medium for mythmaking The gods and heroes of mythology are both larger than life and deeply human they teach us about the world and they tell us a good story Similarly our experience of film is both distant and intimate Cinematic techniques panning tracking zooming and the other tools in the filmmaker's toolbox create a world that is unlike reality and yet realistic at the same time We are passive spectators but we also have a personal relationship with the images we are seeing In Cinematic Mythmaking Irving Singer explores the hidden and overt use of myth in various films and in general the philosophical elements of a film's meaning Mythological themes Singer writes perform a crucial role in cinematic art and even philosophy itself Singer incisively disentangles the strands of different myths in the films he discusses He finds in Preston Sturges's *The Lady Eve* that Barbara Stanwyck's character is not just the biblical Eve but a liberated woman of our times Eliza Doolittle in the filmed versions of Shaw's *Pygmalion* is not just a statue brought to life but instead a heroic woman who must survive her own dark night of the soul The protagonist of William Wyler's *The Heiress* and Anieszka Holland's *Washington Square* is both suffering Dido and an awakened Amazon Singer reads Cocteau's films including *La Belle et la Bête* *Orphée* and *The Testament of Orpheus* as uniquely mythological cinematic poetry He compares Kubrickean and Homeric epics and analyzes in depth the self referential mythmaking of Federico Fellini

in many of his movies including 8 The aesthetic and probing inventiveness in film Singer shows us restores and revives for audiences in the twenty first century myths of creation of the questing hero and of ideals both secular and religious that have had enormous significance throughout the human search for love and meaning in life

Fictionality, Factuality, and Reflexivity Across Discourses and Media Erika Fülöp, 2021-06-08 Concerned with the nature of the medium and the borders between fact and fiction reflexivity was a ubiquitous feature of modernist and postmodernist literature and film While in the wake of the post postmodern return to the real cultural criticism has little time for discussions of reflexivity it remains a key topic in narratology as does fictionality The latter is commonly defined opposition to the real and the factual but remains conditioned by historical cultural discursive and medium related factors Reflexivity blurs the boundaries between fact and fiction however by giving fiction a factual edge or by questioning the limits of factuality in non fictional discourses Fictionality factuality and reflexivity thus constitute a complex triangle of concepts yet they are rarely considered together This volume fills this gap by exploring the intricacies of their interactions and interdependence in philosophy literature film and digital media providing insights into a broad range of their manifestations from the ancient times to today from East Asia through Europe to the Americas

French Cultural Politics and Music Jane F. Fulcher, 1999-01-14 This book draws upon both musicology and cultural history to argue that French musical meanings and values from 1898 to 1914 are best explained not in terms of contemporary artistic movements but of the political culture During these years France was undergoing many subtle yet profound political changes Nationalist leagues forged new modes of political activity as Jane F Fulcher details in this important study and thus the whole playing field of political action was enlarged Investigating this transitional period in light of several recent insights in the areas of French history sociology political anthropology and literary theory Fulcher shows how the new departures in cultural politics affected not only literature and the visual arts but also music Having lost the battle of the Dreyfus affair legally at least the nationalists set their sights on the art world for they considered France's artistic achievements the ideal means for furthering their conception of French identity French Cultural Politics and Music From the Dreyfus Affair to the First World War illustrates the ways in which the nationalists effectively targeted the music world for this purpose employing critics educational institutions concert series and lectures to disseminate their values by way of public and private discourses on French music Fulcher then demonstrates how both the Republic and far Left responded to this challenge using programs and institutions of their own to launch counterdiscourses on contemporary musical values Perhaps most importantly this book fully explores the widespread influence of this politicized musical culture on such composers as d Indy Charpentier Magnard Debussy and Satie By viewing this fertile cultural milieu of clashing sociopolitical convictions against the broader background of aesthetic rivalry and opposition this work addresses the changing notions of tradition in music and of modernism itself As Fulcher points out it was the traditionalist faction not the Impressionist one that eventually triumphed in the French musical realm as witnessed by their

defeat of Stravinsky's *Rite of Spring* *The Power of Indignation* Stéphane Hessel, 2014-02-18 The astonishing life of the writer named by the New York Times one of the last living heroes of the darkest era of the twentieth century His brief pamphlet *Indignez vous* Cry Out is an international bestseller calling for a return to the values of his native France's greatest generation the resistance fighters of World War II It has inspired citizens participating in the Arab Spring and Occupy Wall Street uprisings Now Stéphane Hessel one of France's preeminent thinkers and activists is back With extraordinary insight the ninety-four year old Hessel gives his intellectual autobiography His thinking is nourished by the exchange he has maintained for years with his close friends as well as prominent political and literary figures Edgar Morin Jean Paul Doll Daniel Cohn Bendit Régis Debray Peter Sloterdijk Laure Adler Michel Rocard and Jean Claude Carrière This book is accessible and profound it is for all those who seek despite the contradictions and violence of our contemporary lives to regain our dignity as men and women while governed by a frenzy of selfish and irresponsible people This book is for Stéphane Hessel a way to encourage us to reflect on the past in order to take charge of our future destiny At once a handbook for the revolutionary a treatise on human rights and an inside look at the relationships thoughts and recollections of one of the most important figures in France this is not to be missed **American Environmental Fiction, 1782-1847** Matthew Wynn Sivils, 2016-04-15 While Ralph Waldo Emerson and Henry David Thoreau are often credited with inventing American environmental writing Matthew Wynn Sivils argues that the works of these Transcendentalists must be placed within a larger literary tradition that has its origins in early Republic natural histories Indian captivity narratives Gothic novels and juvenile literature Authors such as William Bartram Ann Eliza Bleecker and Samuel Griswold Goodrich to name just a few enabled the development of a credibly American brand of proto environmental fiction Sivils argues that these seeds of environmental literature would come to fruition in James Fenimore Cooper's *The Pioneers* which he argues is the first uniquely environmental American novel He then connects the biogeographical politics of Cooper's *The Prairie* with European anti Americanism and concludes this study by examining how James Kirke Paulding Thomas Cole and James Fenimore Cooper imaginatively addressed the problem of human culpability and nationalistic cohesiveness in the face of natural disasters With their focus on the character and implications of the imagined American landscape these key works of early environmental thought contributed to the growing influence of the natural environment on the identity of the fledgling nation decades before the influences of Emerson's *Nature* and Thoreau's *Walden* *Jean Cocteau* James S. Williams, 2008-02 Evaluating Cocteau's career and his fascinating personal life on equal terms James Williams offers here a groundbreaking analysis that sets them both within highly revealing historical and artistic contexts **Jean Cocteau** Claude Arnaud, 2016-01-01 This passionate and monumental biography reassesses the life and legacy of one of the most significant cultural figures of the twentieth century Unevenly respected easily hated almost always suspected of being inferior to his reputation Jean Cocteau has often been thought of as a jack of all trades master of none In this landmark biography Claude Arnaud thoroughly

contests this characterization as he celebrates Cocteau's fragile genius a combination almost unlivable in art but in his case so fertile Arnaud narrates the life of this legendary French novelist poet playwright director filmmaker and designer who as a young man pretended to be a sort of a god but who died as a humble and exhausted craftsman His moving and compassionate account examines the nature of Cocteau's chameleon like genius his romantic attachments his controversial politics and his intimate involvement with many of the century's leading artistic lights including Picasso Proust Hemingway Stravinsky and Tennessee Williams Already published to great critical acclaim in France Arnaud's penetrating and deeply researched work reveals a uniquely gifted artist while offering a magnificent cultural history of the twentieth century

The Last Bohemian Lance Pettitt, 2023-06-12 The Last Bohemian offers the first extended critical evaluation of all of Brian Desmond Hurst's films reappraising the reputation of a director who was born in 1895 in Belfast and died in Belgraveia London in 1986 Pettitt skillfully weaves together film analyses biography and cultural history with the aim of bringing greater attention to Hurst's qualities as a director and exploring his significance within Irish film and British cinema history between the 1930s and the 1960s The director of *Dangerous Moonlight* 1941 *Theirs Is the Glory* 1946 and his best known *Scrooge* 1951 made most of his films for British studios but developed an exile's attachment to Ireland How in the early twenty first century has Hurst's career been reclaimed and recognized and by whom Why in 2012 was Hurst's name given to one of the new Titanic Studios in Belfast What were his qualities as a filmmaker To whose national cinema history if any does Hurst belong Richly illustrated with film stills and other visual material from public archives The Last Bohemian addresses these questions and in doing so makes a significant contribution to British and Irish cinema studies

Coco Chanel Linda Simon, 2011-10-01 The name Chanel brings immediately to mind the signature scent of No 5 and the understated but sophisticated glamour of a simple black dress and pearls But to consider Gabrielle Coco Chanel 1883 1971 as simply a fashion designer fails to capture her social and cultural significance As Linda Simon reveals in this biography Chanel was an iconoclastic entrepreneur who rebelled against and manipulated gender expectations of her time With her menswear inspired designs her loose jersey sweaters belted jauntily at the waist and her svelte unadorned gowns Chanel changed women's silhouettes and she became known as a champion of women's freedom Chanel not only changed the shape of women's clothing but the narrative of women's lives in the early twentieth century From her very first hat shop until her death Chanel sold more than fashion she sold a myth that became as attractive for many women as her coveted outfits Simon here teases apart that myth to explore its contradictions Chanel was a self proclaimed recluse who emerged as one of the most spectacular personalities of her time she was a brilliant businesswoman who signed away ninety percent of her company and she was a genius who claimed she was nothing more than an artisan In this insightful book Simon examines the world both reflected and shaped by Chanel setting her life and work within the context of women's history in France and America from the Roaring Twenties to the profound social changes of the 1960s Drawing upon rich archival sources Simon's

lively book is a clear eyed look at a woman whose influence and legend transcend the world of fashion *The Publishers Weekly*, 1972 George Platt Lynes Allen Ellen Zweig, 2021 A precocious American youth who entered the orbit of American and British expatriates populating Paris and the South of France in the 1920s George Platt Lynes went on to become a supremely assured portrait photographer documenting the great figures of literature painting opera and dance of mid twentieth century This new biography tells his story in full **Twentieth Century Paris** Marie-José Gransard, 2020-07-09 Paris is the crowning jewel of France and this literary guide for travellers explores its 20th century history from 1900 1950 Paris at the turn of the twentieth century had become the cultural capital of the world Artists and writers came to contribute to flourishing avant garde movements as the Left Bank became a new centre of creativity It drew tourists and travellers but also many exiled from their home countries or escaping political persecution and those seeking freedom from social constraints The romantic myth of Paris persists but Marie Jos Gransard explores the darker side of the City of Lights She brings her subjects to life by describing where and how they lived what they wrote and what was written about them through a wide ranging literary legacy of diaries memoirs letters poetry theatre cinema and fiction In *Twentieth Century Paris A Literary Guide for Travellers 1900 1950* both the visitor and the armchair traveller alike will find familiar names from Ernest Hemingway and George Orwell to Virginia Woolf and Katherine Mansfield and they will encounter unfairly forgotten or neglected writers and many artists and musicians famous and less well known Russians and writers and thinkers from as far as the Caribbean and Latin America Sustaining Loss Gregg Horowitz, 2001 *Sustaining Loss* explores the uncanny traumatic weaving together of the living and the dead in art and the morbid fascination it holds for modern philosophical aesthetics Beginning with Kant the author traces how aesthetic theory has been drawn back repeatedly to the moving power of the undead body of the work of art He locates the most potent expressions of this philosophical compulsion in Hegel's thesis that art is a thing of the past and in Freud's view that the work of art is the haunting of the present by the endless suffering of what is dead but still has claims over the living The book asserts that modern aesthetics holds the key to unlocking the tortured relation of modernity to the past it is perpetually leaving behind As the capacity to withstand the inescapable force of a past that is dead for us becomes the supreme test for a fully modern fully secular philosophy aesthetics moves to the center of philosophical reflection But the author argues this secular philosophical orientation can be sustained only if aesthetic theory remains oriented by intimate contact with modernist works of art *Sustaining Loss* examines not only Kant Hegel and Freud but also the contemporary artists Gerhard Richter and Ilya Kabakov whose art turns fruitfully against art's own past To live as a modern the author asserts is to live with the dead past that modernist art ceaselessly disgorges Overall the book aims to articulate an aesthetic theory suitable to the task of living in a time when in Flannery O'Connor's words The blind don't see and the lame don't walk and what's dead stays that way In Montparnasse Sue Roe, 2019-08-20 Describes with plenty of colour how surrealism from Rene Magritte's bowler hats to Salvador Dali's watches was born and

developed The Times UK As she did for the Modernists In Montmartre noted art historian and biographer Sue Roe now tells the story of the Surrealists in Montparnasse In Montparnasse begins on the eve of the First World War and ends with the 1936 unveiling of Dal s Lobster Telephone As those extraordinary years unfolded the Surrealists found ever more innovative ways of exploring the interior life and asking new questions about how to define art In Montparnasse recounts how this artistic revolution came to be amidst the salons and caf s of that vibrant neighborhood Sue Roe is both an incisive art critic of these pieces and a beguiling biographer with a fingertip feel for this compelling world Beginning with Duchamp Roe then takes us through the rise of the Dada movement the birth of Surrealist photography with Man Ray the creation of key works by Ernst Cocteau and others through the arrival of Dal On canvas and in their readymades and other works these artists juxtaposed objects never before seen together to make the viewer marvel at the ordinary and at the workings of the subconscious We see both how this art came to be and how the artists of Montparnasse lived Roe puts us with Gertrude Stein in her box seat at the opening of The Rite of Spring with Duchamp as he installs his famous urinal at a Cocteau theatrical with Picasso and Coco Chanel with Breton at a session with Freud and with Man Ray as he romances Kiki de Montparnasse Stein said it best when she noted that the Surrealists still saw in the common ways of the 19th century but they complicated things with the bold new vision of the 20th Their words mark an enormously important watershed in the history of art and they forever changed the way we all see the world

Male Bodies Unmade Jongwoo Jeremy Kim, 2023-11-14 Male Bodies Unmade explores white men s disunified physicality in modern and contemporary art while attending to erotic polysemy that questions the visual ethos of Occidental patriarchy Art historian Jongwoo Jeremy Kim s approach is informed by his own status as an immigrant a polyglot queen drawn to extravagant fantasies of misbehaving bodies that are in truth foreign territories colonies of misbelief In six case studies focusing on configurations of irrational anatomy and horny self extinction this book celebrates the lessons and pleasures of disrupting art history s hegemonically Western narratives
