Professions Liberales:

The Law of Obligations Reinhard Zimmermann, 1996 This book is widely regarded as one of the most remarkable achievements in Roman Law and Comparative Law scholarship this century a fact attested to by the universal acclaim with which it has been received throughout Europe America and beyond As a work of Roman Law scholarship it fuses the vast volume of 20th century scholarship on the Roman law of obligations into a clear and very readable and in many ways original account of the law As a work of comparative law it traces the transformation of the Roman law of obligations over the centuries into what is now modern German English and South African law presenting the reader with a contrast between these legal systems which is unique both in its scope and its depth As a whole the book is written with a deep understanding of human nature and of many social economic and other forces that determine the face of the law Guide juridique fiscal et de gestion pour les professions libérales Julien Lecarme, 2008-01-31 De l'installation la retraite en passant par la gestion au quotidien la protection sociale la fiscalité les déclarations obligatoires tout est traité dans ce guide pour faciliter les démarches de ceux qui travaillent en libéral Spécifiquement conçu pour les professionnels indépendants qui n'ont ni les services juridiques ni l'expertise des fiscalistes ni le soutien d'une direction des ressources humaines ce guide apporte toutes les réponses aux questions que soulève l'exercice d'une activité en profession libérale **Contemporary French Culture and Society**
