Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific Larry Van De Creek, 2013-04-03 Does the scientific process belong in pastoral counseling *Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific* Yes and No examines the widespread ambivalence among pastoral caregivers and

educators over the growing inclusion of science in pastoral care and counseling methodologies Twenty three seasoned professionals in the field give candid and sometimes emotional accounts of their interest in and reservations about the role scientific research plays in their profession Some authors look at the issue from a historical perspective others voice additional concerns A few make concrete proposals on how chaplaincy can become more scientific The result is a unique insight into the relationship between the secular and the religious The question of whether science belongs in pastoral care and counseling is moot pastoral care already makes extensive use of psychological testing and psychotherapeutic skills all products of scientific thinking But as technology becomes more dominant and health care delivery reflects a more corporate perspective pastoral caregivers and educators are divided on whether the changes represent the significant opportunity to improve a ministry or the surrender of the ministry's very essence The essays collected in *Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific Yes and No* go a step farther breaking down the issue of faith versus science into more specific questions for pastoral caregivers such as Can what you do be measured Do you have an obligation to embrace the challenge of change Is becoming more scientific a necessity for staying in touch with your health care peers How cost effective is the pastoral care you provide if it doesn't include the scientific process Could a reluctance to incorporate science into your counseling cost you your job *Professional Chaplaincy and Clinical Pastoral Education Should Become More Scientific Yes and No* presents thoughtful and thought provoking debate that is a must read for all pastoral caregivers and educators

The Discipline for Pastoral Care Giving Larry VandeCreek, Arthur M. Lucas, 2014-01-02

Structure your ministry to start with patients' needs, hopes, and resources and to be clear what difference your ministry can make Hospital chaplains value who they are and what they do as contributions to patients and families' healing and well-being And they are continually stretching to enhance their ministries Hospital administrators and other professionals on the care teams however often need help to grasp those same values in outcome-oriented, observable, documentable changes for the better terms The *Discipline for Pastoral Care Giving* Foundations for Outcome-Oriented Chaplaincy offers a powerful new paradigm for enhancing supportive, effective spiritual care for patients and families as well as communicating substantive outcomes to leaders and clinicians alike This is all the more important in these times when every possible resource must be well used for the good of our patients and their families By evaluating the pastoral care you offer you can become more aware of the discrete skills you exercise in the assessment, planning, intervention, and reflection process Such evaluation efforts highlight the discrete differences excellent spiritual care makes This can help you track contributions you are making in terms of the patient's healing and well-being Having a sound, replicable way to make the process more conscious also helps you communicate your assessment strategies and contributions more clearly to other care team members Furthermore consistently using *The Discipline* over time will enable you to discover patterns of spiritual dynamics in how people live with different health care challenges in their lives These patterns translate into valuable insights as your care for others The

process discussed in The Discipline for Pastoral Care Giving calls on the chaplain to identify the patient's spiritual needs, hopes, and resources, construct a patient profile through identifying the individual's sense of the holy, sense of meaning, sense of hope, and sense of community, design the desired outcomes you hope your care will contribute for, for example, a person who has suffered a spinal cord injury integrates the effects of their injury in their sense of identity and meaning, a person living with cystic fibrosis healthfully grieves the loss of others in the CF community, a patient disabled by the absence of her support community regains use of her personal resources for coping and self care, develop and share a plan for the patient's spiritual care, choose interventions which may range from facilitating a life review to compassionate confrontation to reading Scripture to active listening to arranging a family care conference, measure outcomes, identifying and communicating the difference your care has made in terms of the patient's healing and well-being. The Discipline for Pastoral Care Giving offers case studies, personal experiences, helpful figures and charts, and suggestions for dealing with patients experiencing unique, complex health care challenges, including adults living with cystic fibrosis and violent victims of violence. The wise advice and practical suggestions in this book will help you recognize and document the solid value of your hospital ministry.

Ministry in the Spiritual and Cultural Diversity of Health Care Robert Anderson, 2013-01-11 Stay up to date in health care ministry as cultural and spiritual heterogeneity increases. *Ministry in the Spiritual and Cultural Diversity in Health Care: Increasing the Competency of Chaplains* identifies concrete methods for improving the provision of pastoral care to culturally and religiously diverse patients and/or residents. Experts from both inside and outside the profession, with established records in cross-cultural work and experience with religious diversity, discuss in detail the multicultural revolution that has challenged the traditional health care delivery system. With this timely resource, you will be able to respond to the requests and desires of patients and their loved ones with compassion and consideration for their cultural and spiritual backgrounds. *Ministry in the Spiritual and Cultural Diversity in Health Care* explores the challenges for the spiritual care professional in health care to address the emotional, cultural, and spiritual needs of a patient without assumption, bias, or discomfort for either person. In addition to advice, recommendations, and real-world examples and case studies, this valuable resource provides a guide for chaplaincy supervisors to use when training chaplain students to impart such unprejudiced care. The book is devoted to establishing chaplains who are clinically trained and certified to contribute to the increasingly pluralistic and global health care context with assorted religious, spiritual, and cultural values, beliefs, and practices. *Ministry in the Spiritual and Cultural Diversity in Health Care* will keep you updated on how a health care chaplain can overlook the differing worldview of a patient and his or her family, how cultural diversity impacts the work of the health care chaplain, specific strategies and tools that will assist chaplains in acquiring spiritual and cultural competency, definitions, obstacles, and standards of care for fostering a genuine multicultural perspective among health care givers, particularly chaplains, how professional health care chaplains take leadership in responding to cultural and spiritual diversity within health care environments.

Transforming Chaplaincy Steve Nolan, Annelieke Damen, 2021-10-28 Evidence based medicine has transformed contemporary medical practice For over twenty five years George Fitchett has been a pioneering advocate of the view that evidence based spiritual care can and should equally transform chaplaincy This book collects a key selection from his ground breaking research As models of good research practice these papers demonstrate the real world value of research and introduce their readers to issues that have continuing importance to spiritual care and professional chaplaincy As such this collection offers an ideal introduction to spiritual care research The collection is complemented by three essays specially commissioned from observers well positioned to comment on future directions for both professional chaplaincy and spiritual care research *Religion Index One*, 2005 **Congressional Record** United States. Congress, 1999 *Current Catalog* National Library of Medicine (U.S.), 1993 [Oxford Textbook of Spirituality in Healthcare](#) Mark Cobb, Christina Puchalski, Bruce Rumbold, 2012-08-09 The relationship between spirituality and healthcare is historical intellectual and practical and it has now emerged as a significant field in health research healthcare policy and clinical practice and training Understanding health and wellbeing requires addressing spiritual and existential issues and healthcare is therefore challenged to respond to the ways spirituality is experienced and expressed in illness suffering healing and loss If healthcare has compassionate regard for the humanity of those it serves it is faced with questions about how it understands and interprets spirituality what resources it should make available and how these are organised and the ways in which spirituality shapes and informs the purpose and practice of healthcare These questions are the basis for this resource which presents a coherent field of enquiry discussion and debate that is interdisciplinary international and vibrant There is a growing corpus

of articles in medical and healthcare journals on spirituality in addition to a wide range of literature but there has been no attempt so far to publish a standard text on this subject Spirituality in Healthcare is an authoritative reference on the subject providing unequalled coverage critical depth and an integrated source of key topics Divided into six sections including practice research policy and training the project brings together international contributions from scholars in the field to provide a unique and stimulating resource

When Texas Prison Scams Religion Michael G. Maness, 2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ s executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars
