Professional Domesticity In The Victorian Novel:

Professional Domesticity in the Victorian Novel Monica F. Cohen, 1998-02-05 Much attention has recently been given by scholars to the widening of the gender gap in the nineteenth century and the concept of separate spheres Testing such constructions and questioning the stereotypes associated with Victorian domesticity Monica F Cohen offers new readings of narratives by Austen Charlotte Bront Dickens Eliot Eden Gaskell Oliphant and Reade to show how domestic work the most feminine of all activities gained much of its social credibility by positioning itself in relation to the emergent professions By exploring how novels cast the Victorian conception of female morality into the vocabulary of nineteenth century professionalism Cohen traces the ways in which women sought identity and privilege within a professionalised culture and revises our understanding of Victorian domestic ideology *Home Inc* Monica Feinberg Cohen, 1994

Professional Men and Domesticity in the Mid-Victorian Novel Laura Fasick, 2003 *Narrative Hospitality in Late Victorian Fiction* Rachel Hollander, 2013 Bringing together poststructuralist ethical theory with late Victorian debates about the morality of literature this book reconsiders the ways in which novels engender an ethical orientation or response in their readers explaining how the intersections of nation family and form in the late realist English novel produce a new ethics of hospitality Hollander reads texts that both portray and enact a unique ethical orientation of welcoming the other a narrative hospitality that combines the Victorians commitment to engaging with the real world with a more modern awareness of difference and the limits of knowledge While classic nineteenth century realism rests on a sympathy based model of moral relations novels by authors such as George Eliot Thomas Hardy and Olive Schreiner present instead an ethical recognition of the distance between self and other Opening themselves to the other in their very structure and narrative form the visited texts both represent and theorize the ethics of hospitality anticipating twentieth century philosophy s recognition of the limits of sympathy As colonial conflicts nationalist anxiety and the intensification of the woman question became dominant cultural concerns in the 1870s and 80s the problem of self and other known and unknown began to saturate and define the representation of home in the English novel This book argues that in the wake of an erosion of confidence in the ability to understand that which is unlike the self a moral code founded on sympathy gave way to an ethics of hospitality in which the concept of home shifts to acknowledge the permeability and vulnerability of not only domestic but also national spaces Concluding with Virginia Woolf s reexamination of the novel s potential to educate the reader in negotiating relations of alterity in a more fully modernist moment Hollanders suggest that the late Victorian novel embodies a unique and previously unrecognized ethical mode between Victorian realism and a post World War I ethics of modernist form **Moral Authority, Men of Science, and the Victorian Novel** Anne DeWitt, 2013-07-18 Anne DeWitt examines how Victorian novelists challenged the claims of men of science to align scientific practice with moral excellence **Relics of Death in Victorian Literature and Culture** Deborah Lutz, 2015-01-15 Nineteenth century Britons treasured objects of daily life that had once

belonged to their dead The love of these keepsakes which included hair teeth and other remains speaks of an intimacy with the body and death a way of understanding absence through its materials which is less widely felt today Deborah Lutz analyzes relic culture as an affirmation that objects held memories and told stories These practices show a belief in keeping death vitally intertwined with life not as memento mori but rather as respecting the singularity of unique beings In a consumer culture in full swing by the 1850s keepsakes of loved ones stood out as non reproducible authentic things whose value was purely personal Through close reading of the works of Charles Dickens Emily Bront Alfred Lord Tennyson Thomas Hardy and others this study illuminates the treasuring of objects that had belonged to or touched the dead Plagiarizing the Victorian Novel Adam Abraham,2019-08-22 Views the Victorian novel through the prism of literary imitations that it inspired

Stylistic Virtue and Victorian Fiction Matthew Sussman,2021-07-01 What is style and why does it matter This book answers these questions by recovering the concept of stylistic virtue once foundational to rhetoric and aesthetics but largely forgotten today Stylistic virtues like ease and grace are distinguishing properties that help realize a text's essential character First described by Aristotle they were integral to the development of formalist methods and modern literary criticism The first half of the book excavates the theory of stylistic virtue during its period of greatest ascendancy in the late eighteenth and nineteenth centuries when belletristic rhetoric shaped how the art of literary style and the aesthetic were understood The second half offers new readings of Thackeray Trollope and Meredith to show how stylistic virtue changes our understanding of style in the novel and challenges conventional approaches to interpreting the ethics of art

Virtual Play and the Victorian Novel Timothy Gao,2021-04-15 Pondering the town he had invented in his novels Anthony Trollope had so realised the place and the people and the facts of Barchin that the pavement of the city ways are familiar to my footsteps After his novels end William Thackeray wonders where his characters now live and misses their conversation How can we understand the novel as a form of artificial reality Timothy Gao proposes a history of virtual realities stemming from the imaginary worlds created by novelists like Trollope Thackeray Charlotte Bronte and Charles Dickens Departing from established historical or didactic understandings of Victorian fiction *Virtual Play and the Victorian Novel* recovers the period's fascination with imagined places people and facts This text provides a short history of virtual experiences in literature four studies of major novelists and an innovative approach for scholars and students to interpret realist fictions and fictional realities from before the digital age This title is also available as Open Access on Cambridge Core

Victorian Fiction and the Insights of Sympathy Brigid Lowe,2007-03-07 This book explores the importance of sympathy as a central idea behind Victorian fiction and an animating principle of novel reading generally Sympathy Brigid Lowe argues deserves a much more important role as both a subject and a guiding principle for literary criticism *Sexual Restraint and Aesthetic Experience in Victorian Literary Decadence* Sarah Green,2023-03-09 Sarah Green shows how late Victorian Decadent literature paradoxically treats sexual restraint as healthy and aesthetically productive **Women and**

Literature in Britain 1800-1900 Joanne Shattock, 2001-08-30 These new essays by leading scholars explore nineteenth century women's writing across a spectrum of genres. The book's focus is on women's role in and access to literary culture in the broadest sense as consumers and interpreters as well as practitioners of that culture. Individual chapters consider women as journalists, editors, translators, scholars, actresses, playwrights, autobiographers, biographers, writers for children and religious writers as well as novelists and poets. A unique chronology offers a woman-centered perspective on literary and historical events and there is a guide to further reading.

Fashionable Fictions and the Currency of the Nineteenth-Century British Novel Lauren Gillingham, 2023-05-25 Revealing how a modern notion of fashion helped to transform the novel and its representation of social change and individual and collective life in nineteenth century Britain. Lauren Gillingham offers a revisionist history of the novel. With particular attention to the fiction of the 1820s through 1840s, this study focuses on novels that use fashion's idiom of currency and obsolescence to link narrative form to a heightened sense of the present and the visibility of public life. It contends that novelists steeped their fiction in date-stamped matters of dress, manners and media sensations to articulate a sense of history as unfolding not in epochal change but in transient issues and interests capturing the public's imagination. Reading fiction by Mary Shelley, Letitia Landon, Edward Bulwer-Lytton, W. H. Ainsworth, Charles Dickens, Mary Elizabeth Braddon and others, *Fashionable Fictions* tells the story of a nineteenth century genre commitment to contemporaneity that restyles the novel itself.

The Revolution in Popular Literature Ian Haywood, 2004-07-08 This book takes a new look at the evolution of popular literature in Britain in the Romantic and Victorian periods. Making use of a wide range of archival and primary sources, he argues that radical politics played a decisive role in the transformation of popular literature. By charting the key moments in the history of cheap literature, the book casts new light on the many neglected popular genres and texts: the pig's meat anthology, the female-authored didactic tale and Chartist fiction.

Literature, Technology and Magical Thinking, 1880-1920 Pamela Thurschwell, 2001-07-05 In this 2001 book, Pamela Thurschwell examines the intersection of literary culture, the occult and new technology at the fin de siècle. Thurschwell argues that technologies began suffusing the public imagination from the mid-nineteenth century on; they seemed to support the claims of spiritualist mediums. Talking to the dead and talking on the phone both held out the promise of previously unimaginable contact between people. Both seemed to involve magical thinking. Thurschwell looks at the ways in which psychical research, the scientific study of the occult, is reflected in the writings of such authors as Henry James, George du Maurier and Oscar Wilde and in the foundations of psychoanalysis. This study offers provocative interpretations of fin de siècle literary and scientific culture in relation to psychoanalysis, queer theory and cultural history.

What is a Woman to Do? Kyriaki Hadjiafxendi, Patricia Zakreski, 2011 This anthology contributes to a scholarly understanding of the aesthetics and economics of female artistic labour in the Victorian period. It maps out the evolution of the Woman Question in a number of areas including the status and suitability of artistic professions for women, their engagement with new forms of work and

their changing relationship to the public sphere The wealth of material gathered here from autobiographies conduct manuals diaries periodical articles prefaces and travelogues traces the extensive debate on women s art feminism and economics from the 1830s to the 1890s Combining for the first time nineteenth century criticism on literature and the visual arts performance and craftsmanship the selected material reveals the different ideological positions surrounding the transition of women from idleness to serious occupation The distinctive primary sources explore the impact of artistic labour upon perceptions of feminine sensibility and aesthetics the conflicting views of women towards the pragmatics of their own creative labour as they encompassed vocations trades and professions and the complex relationship between paid labour and female fame and notoriety Literature and Medicine in Nineteenth-Century Britain Janis McLarren Caldwell,2004-11-18 Although we have come to regard clinical and romantic as oppositional terms romantic literature and clinical medicine were fed by the same cultural configurations In the pre Darwinian nineteenth century writers and doctors developed an interpretive method that negotiated between literary and scientific knowledge of the natural world Literary writers produced potent myths that juxtaposed the natural and the supernatural often disturbing the conventional dualist hierarchy of spirit over flesh Clinicians developed the two part history and physical examination weighing the patient s narrative against the evidence of the body Examining fiction by Mary Shelley Carlyle the Bront s and George Eliot alongside biomedical lectures textbooks and articles Janis McLarren Caldwell demonstrates the similar ways of reading employed by nineteenth century doctors and imaginative writers and reveals the complexities and creative exchanges of the relationship between literature and medicine **Literature, Print Culture, and Media Technologies, 1880-1900** Richard Menke,2019-10-17 Connects British and American literature to a changing media landscape in an era of innovation *Science, Fiction, and the Fin-de-Siècle Periodical Press* Will Tattersdill,2016-03-29 Explores the first appearance of science fiction in the pages of late nineteenth century general interest periodicals **Popular Fiction and Brain Science in the Late Nineteenth Century** Anne Stiles,2011-12-22 In the 1860s and 1870s leading neurologists used animal experimentation to establish that discrete sections of the brain regulate specific mental and physical functions These discoveries had immediate medical benefits David Ferrier s detailed cortical maps for example saved lives by helping surgeons locate brain tumors and haemorrhages without first opening up the skull These experiments both incited controversy and stimulated creative thought because they challenged the possibility of an extra corporeal soul This book examines the cultural impact of neurological experiments on late Victorian Gothic romances by Robert Louis Stevenson Bram Stoker H G Wells and others Novels like Dracula and Dr Jekyll and Mr Hyde expressed the deep seated fears and visionary possibilities suggested by cerebral localization research and offered a corrective to the linearity and objectivity of late Victorian neurology

Thank you for reading **Professional Domesticity In The Victorian Novel**. As you may know, people have look hundreds times for their chosen readings like this Professional Domesticity In The Victorian Novel, but end up in infectious downloads. Rather than enjoying a good book with a cup of coffee in the afternoon, instead they cope with some infectious bugs inside their computer.
