do you desire to be Motherhood is beautiful But sometimes the bigger issues of disobedience unpredictability inconsistency chaos and children who do not respond can rob the joy and darken our ideal picture perfect vision of what should be or even what could be Even the lighter moments in motherhood can feel weighty because it feels temporary as we anticipate any moment someone will defiantly throw a fit whine complain or absolutely revolt against the simplest of commands Beautifully planned family outings can so quickly turn into disaster days we want to erase altogether from not only our photo albums but our memories There are times when as mothers we can feel like we have no control And worse still there are times when we think we are doing it all wrong As a mother to six and expecting her seventh Meg Marie Wallace understands this fully But she has also discovered some very practical skills to give us back the reigns in motherhood In With All Joy Meg invites us into a new way of parenting She teaches us the practical skills to be proactive rather than reactive within this role of motherhood Instead of waiting for a child to make a poor decision we will learn to identify anticipate prepare and intentionally teach in advance for what problems will arise Whether we are in need of some fresh new ideas or a complete family overhaul with all joy we can transform our homes I can not recommend this little excerpt on motherhood enough It will encourage you to parent in a way that is compassionate but controlled and is filled with practical wisdom on training and raising our children in a home that is filled with joy A book equally focused on your heart as a mama and your child s heart in your care Lindsey D Sons 3 1 expecting daughter in November 2019 Meg s book is full of insight I can use directly with my own children This book is gold It s parenting and training advice is so complete and encouraging If you have children in your life this is an uplifting read you can t miss Meghan C Daughter 6 Son 2 I just finished Meg s book and we are already starting some trainings I just see things every day that I m like oh boy we need to figure out a training for that It s exciting overwhelming daunting but I m so hopeful And thankful for a roadmap and guide to know where to begin It s really so helpful and there s so much good information I m so excited to tell all my friends about it We literally talk all the time about how we wish there was something that gave practical applications and not just the heart issue stuff The heart issues are most important and definitely need to be addressed first and foremost over and over again but then we re always like BUT THEN WHAT And I feel like this is just that I have thought for the longest time there has to be a better way AND MEG HAS THE BETTER WAY Casey L Son 4 Daughters 3 1 Meg s teaching is revolutionizing my parenting Knowing Meg as a friend along with reading her blog I can say she lives her life with complete authenticity She writes from a place of experience and truth and leaves you feeling inspired and utterly convicted in the sweetest way My faith has been blessed by her wisdom and I m so excited to witness that wisdom transform our home and family as we put this teaching into action Phenomenal job Meg I ve already begun to witness change in not just my parenting but my own attitude and mindset Love you friend Kimberly V Daughters 6 4
