Professionals 8 The Dead Reckoning:

Dead Reckoning Diane Vaughan, 2024-05-31 Vaughan unveils the complicated and high pressure world of air traffic controllers as they navigate technology and political and public climates and shows how they keep the skies so safe When two airplanes were flown into the World Trade Center towers on September 11 2001 Americans watched in uncomprehending shock as first responders struggled to react to the situation on the ground Congruently another remarkable and heroic feat was taking place in the air more than six hundred and fifty air traffic control facilities across the country coordinated their efforts to ground four thousand flights in just two hours an achievement all the more impressive considering the unprecedented nature of the task In *Dead Reckoning* Diane Vaughan explores the complex work of air traffic controllers work that is built upon a close relationship between human organizational systems and technology and is remarkably safe given the high level of risk Vaughan observed the distinct skill sets of air traffic controllers and the ways their workplaces changed to adapt to technological developments and public and political pressures She chronicles the ways these forces affected their jobs from their relationships with one another and the layouts of their workspace to their understanding of their job and its place in society The result is a nuanced and engaging look at an essential role that demands great coordination collaboration and focus a role that technology will likely never be able to replace Even as the book conveys warnings about complex systems and the liabilities of technological and organizational innovation it shows the kinds of problem solving solutions that evolved over time and the importance of people

Professionals in Western Film and Fiction Kenneth E. Hall, 2019-06-07 In American Westerns the main characters are most often gunfighters lawmen ranchers and dancehall girls Civil professionals such as doctors engineers and journalists have been given far less representation usually appearing as background characters in most films and fiction In Westerns about the 1910 Mexican Revolution however civil professionals also feature prominently in the narrative often as members of the intelligentsia an important force in Mexican politics This book compares the roles of civil professionals in most American Westerns to those in films on the 1910 Mexican Revolution Included are studies on the Santiago Toole novels by Richard Wheeler *Strange Lady in Town* with Greer Garson and *La sombra del Caudillo* by Martin Luis Guzman
