Fire Investigator: Principles and Practice International Association of Arson Investigators, 2022-04-29. This is a curriculum based on the 2022 Edition of NFPA 1033 Standard for Professional Qualifications for Fire Investigators. This is a major overhaul from the previous edition which was organized to follow the structure of NFPA 921 Guide for Fire and Explosion Investigations. After meeting with the Executive Director of IAAI and the Director of Training and Education at IAAI, it was decided the structure of the program needs to drop the 921 structure and be based solely on NFPA 1033 and the associated JPRs.

The Concept of the Employer Jeremias Prassl,2015-03-26 Employment law has increasingly struggled to adapt to complex modern work arrangements from agency work to corporate groups This book suggests that the reason for this failure can be found in our concept of the employer which has become riddled with internal contradictions in its search for a unitary employer the counterparty to a bilateral contract through a series of multi functional tests focussed on the exercise of a range of employer functions As a result of this tension full employment law coverage is restricted to a narrow scenario where a single legal entity exercises all employer functions a paradigm far from the reality of modern labour markets characterized by a fragmentation of work from the rise of employment agencies and service companies to corporate groups and Private Equity investors These problems can only be addressed by a careful reconceptualization and the development of a functional concept of the employer The book draws on existing models in English German and European law to develop a definition of the employer as the entity or combination of entities exercising functions regulated in a particular domain of employment law Each of the two strands of the current concept is addressed in turn to demonstrate how a more openly multi functional approach can successfully overcome the rigidities of the current notion without abandoning a coherent underlying framework It fills a crucial gap in employment law and corporate law with its analysis of the defects in our current understanding of the employer and in developing a new functional concept designed to overcome the problems identified
