Huffman, 2012-01-12 What does it mean to think and live Christianly in a world of competing worldviews *Christian Contours* answers this question by inviting readers to consider the understanding of reality proposed by the Bible Though it is easy to divide life into separate compartments religious and secular theological and practical faith invites us to view all of life in the light of that Biblical understanding Presenting a clear compelling case for unity in essential Christian tenets the authors of *Christian Contours* guide the reader through developing internalizing and articulating a biblical worldview This robust worldview enables the Christian to be a critically thinking participant in culture and to be a faithful disciple of Christ with both heart and mind **Christianity & Literature**, 1999 Library of Congress Subject Headings Library of Congress, 2007 **The Gospel herald; or, Poor Christian's magazine**, 1857 **Continent**, 1915 Possession and Profession: Noon-day Meditations for the Thoughtful and the Thoughtless ... whether it is also a general secular phenomenon In exploring this question Hobson ranges widely over theology philosophy politics and psychology and engages with the writings of Christian and atheist thinkers alike The book begins by considering attitudes to faith in recent works of atheism Hobson shows how Richard Dawkins and other writers while attacking faith in one sense have exhibited faith in another The book goes on to explore the wider meaning of faith including our faith in free market capitalism the part faith plays in democratic politics and the role faith has in our psychological well being To understand the role of faith in modernity Hobson argues we must attend to the specifically Christian concept of faith Hobson then returns to the religious meaning of faith by exploring the account of faith in the Bible and charting the tension between faith and reason in Christian thought The final chapter takes an autobiographical turn and relates how the author came to take faith seriously and to question what Christians are meant to have faith in From the Old Testament story of Abraham to the visionary poetry of W B Yeats from the polemics of Luther to the rhetoric of Barack Obama the author presents us with a fresh and illuminating meditation on the nature of faith In doing so he reveals how trust and faith the religious and secular are utterly entwined and how the attraction of religious faith outweighs the intellectual difficulties it presents
