## Professor Hoffmanns Modern Magic:

Modern Magic Professor Hoffman,2020-04-09 Modern Magic by Professor Hoffmann was one of the first books published in English on the art of conjuring during the Victorian era Hoffmann was considered to be one of the greatest authorities on the theory and practice of magic at that time This hardcover edition is a facsimile of the 1876 edition and whilst some parts of the text are faded it is perfectly readable and makes a beautiful addition to any magician or historian's library *Professor Hoffmann's Modern Magic* Hoffmann (Professor),1977 **Modern Magic** Louis Hoffmann,2024-07-22 With over 300 superb illustrations detailed descriptions and a keen focus on artistry Modern Magic still inspires magicians today This remastered edition includes the original 1876 work unabridged **Tricks with cards, from 'Modern magic', by prof. **Victorian Alchemy** Eleanor Dobson,2022-10-06 Victorian Alchemy explores nineteenth century conceptions of ancient

Egypt as this extant civilisation was being rediscovered in the modern world With its material remnants somewhat paradoxically symbolic of both antiquity and modernity in the very currentness of Egyptological excavations ancient Egypt was at once evocative of ancient magical power and of cutting edge science a tension that might be productively conceived of as alchemical Allusions to ancient Egypt simultaneously lent an air of legitimacy to depictions of the supernatural while projecting a sense of enchantment onto representations of cutting edge science Examining literature and other cultural forms including art photography and early film Eleanor Dobson traces the myriad ways in which magic and science were perceived as entwined and ancient Egypt evoked in parallel with various fields of study from imaging technologies and astronomy to investigations into the electromagnetic spectrum and the human mind itself In so doing counter to linear narratives of nineteenth century progress and demonstrating how ancient Egypt was more than a mere setting for Orientalist fantasies or nightmares the book establishes how conceptions of modernity were inextricably bound up in the contemporary reception of the ancient world and suggests how such ideas that took root and flourished in the Victorian era persist to this day The Linking Ring ,1929
