WELLSTONE
Goes to
WASHINGTON

**The Inside
Story of a
Grassroots
U.S. Senate
Campaign**

Dennis J. McGrath and Gene Smith

Professor Wellstone Goes To Washington

Minnesota. Secretary of State

Professor Wellstone Goes To Washington:

Professor Wellstone Goes to Washington Dennis J. McGrath, 1995 This engaging account of Wellstone's campaign written by two political reporters provides a behind the scenes look at a memorable chapter in U S Senate campaign history which saw a liberal college professor become the only Senate challenger to unseat an incumbent in 1990 **Paul**

Wellstone Bill Lofy, 2009-11-16 Paul Wellstone we miss you Few politicians especially these days are as willing to stand up and speak the truth as Wellstone was In this era of flaccid rhetoric and pre approved sound bites he had the rare ability to ignite a fire in his audiences Bill Lofy's excellent biography rekindles that fire and reminds us just how much politicians of Wellstone's honesty character and spine are needed now more than ever This book should inspire a new generation of voters and political leaders alike Arianna Huffington columnist and editor of HuffingtonPost com This book captures the vibrant spirit of my friend Paul Wellstone the fierce commitment to justice that defined his life and that shapes his enduring legacy U S Senator Russ Feingold Paul Wellstone was a great leader because he fused progressive idealism with a stubbornly pragmatic politics Bill Lofy's book captures that dual commitment in his story of Wellstone's life and also shows us the extraordinary human appeal that Wellstone emanated in his relationships with people in all walks of life This book is an engaging read that also tells us a lot about the political practice to which we should aspire Frances Fox Piven author of The War at Home This vividly written book captures the life and personal qualities of the late Senator Paul Wellstone In so doing it provides an illuminating gloss on Max Weber's seminal exposition of the political vocation It is a jewel of a book Fred Greenstein Princeton University Bill Lofy's fast paced and readable biography tells the inspirational story of one of the most compelling figures in the history of American politics Senator Paul Wellstone Yet Lofy's book is more than just the chronicle of Wellstone's life and political career it's also an indispensable guide to what ails political life today Readers politically inclined or not will find in its pages a handbook to the uncertain and often treacherous business of politics and a stirring example for living a courageous and honest life whether as public servant or private individual **The Jews of Capitol Hill**

Kurt F. Stone, 2010-12-29 Since 1841 200 Jewish men and women have served in the United States Congress Their ranks have included Democrats and Republicans Whigs and Socialists radicals and reactionaries a microcosm of the political diversity of the United States Their influence in Congress has been significant yet they have been largely overlooked in the history books In The Jews of Capitol Hill A Compendium of Jewish Congressional Members Kurt F Stone profiles all of the Jews who have served in the House or the Senate This volume features entries on every Jewish member of Congress from David Levy Yulee who in 1841 was elected to the 27th Congress as a Delegate from the Territory of Florida to the Jewish senators and representatives of the 111th Congress Arranged in chronological order the members range from Bella Abzug to Edward Zorinsky and feature such historical figures as Barry Goldwater Jacob Javits Herbert Lehman and Abraham Ribicoff along with those still serving in Congress such as Barney Frank Dianne Feinstein Joseph Lieberman and Al Franken Each

entry identifies the member's political party and years of service provides a biographical sketch and includes references for further study This is the most comprehensive and extensive resource on the legacy of Jewish representation and influence in the United States Congress **Hired to Fight, Hired to Win** Dennis W. Johnson, 2015-06-26 When it comes to elections campaigns matter And despite the ever increasing role of volunteers and amateurs modern American political campaigns are a professional affair Understanding how they are run and how campaign strategies are set requires an in depth analysis of what political consultants do from opposition research to public opinion polling and from directing media strategies to mobilizing voters with fundraising a priority at all stages At all levels of the electoral arena modern sophisticated campaigns cannot hope to be effective without the guiding disciplines of professional consultants This thoroughly updated edition of Dennis W Johnson's classic text originally titled No Place for Amateurs highlights the growing importance of social media targeting and analytics Super PACs and dark money in a post Citizens United world No Place for Amateurs Dennis W. Johnson, 2001 Offers an insider's tour through the fast paced often sordid world of the professional political campaign

The Liberal Heartland Jon K. Lauck, Catherine McNicol Stock, 2025-04-29 Over the last two decades the political narrative of the liberal coasts and the conservative heartland has become something of a truism leading many Democrats to write off much of the Midwest as a Republican stronghold Today's polarized divide between rural and urban voters makes it easy to forget that things have not always been this way The Liberal Heartland is a powerful reminder that the American Midwest has a progressive legacy that rivals the coasts Across twenty chapters The Liberal Heartland traces the political history of this region from the post New Deal period to the rise of the New Right and Donald Trump's right wing populism The contributors explore the way liberals and progressives across the Midwest fought for expanding environmental protection engaged in community activism developed a queer labor coalition before Stonewall struggled for women's rights and representation in the Great Plains states opposed the death penalty and mobilized for Indigenous self determination among other topics In addition to well known leaders like Harry Truman and George McGovern the book highlights lesser known figures such as Lydia Cady Langer Mary Jean Collins Richard Hatcher Jim Jontz and Paul Wellstone A companion to the 2020 volume The Conservative Heartland The Liberal Heartland explores the history of the Midwest from a less acknowledged perspective recounting often forgotten stories that demonstrate the importance of the Midwest for New Deal liberalism and various forms of left wing politics This is a long overdue book that represents a fresh look at the American heartland The Senator Next Door Amy Klobuchar, 2015-08-25 One of the U S Senate's most candid and funniest women tells the story of her life and her unshakeable faith in our democracy Minnesota Senator Amy Klobuchar has tackled every obstacle she's encountered her parents divorce her father's alcoholism and recovery her political campaigns and Washington's gridlock with honesty humor and pluck Now in The Senator Next Door she chronicles her remarkable heartland journey from her immigrant grandparents to her middle class suburban upbringing to her rise in American politics After being kicked out of

the hospital while her infant daughter was still in intensive care Klobuchar became the lead advocate for one of the first laws in the country guaranteeing new moms and their babies a 48 hour hospital stay Later she ran Minnesota s biggest prosecutor s office and in 2006 was the first woman elected to the U S Senate from her state Along the way she fashioned her own political philosophy grounded in her belief that partisan flame throwing takes no courage at all what really matters is forging alliances with unlikely partners to solve the nation s problems Optimistic plainspoken and often very funny The Senator Next Door is a story about how the girl next door decided to enter the fray and make a difference At a moment when America s government often seems incapable of getting anything done Amy Klobuchar proves that politics is still the art of the possible

Diversity in the Power Elite Richard L. Zweigenhaft,G. William Domhoff,2006-04-07 This book looks systematically at the extent to which Jews women African Americans Latinos Asians and gay men and lesbians have entered the higher circles of power that constituted what sociologist C Wright Mills called the power elite Using a deft combination of academic research and telling anecdotes the book examines the backgrounds and careers of such well known members of the power elite as attorney general Alberto Gonzales secretary of state Condoleezza Rice former secretary of state Colin Powell and former CEO of Hewlett Packard Carly Fiorina to explain why and how the power elite has diversified and the effect this diversification has had on the way power works in the United States

Mother Jones Magazine ,1995-05 Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues

Beyond the Ivory Tower Richard Davis,2023-06-23 While academics often treat their subject matter with a posture of detached objectivity some have moved beyond the ivory tower of academia toward a more personal and active engagement with their area of research The field of political science lends itself particularly well to this kind of activity given the relevance impact and importance of civic engagement and the political landscape of our daily lives Early in the discipline Woodrow Wilson Charles Merriam and other leaders of the American Political Science Association were civically engaged citizens as well as active scholars and teachers However discipline and institutional barriers have discouraged contemporary engagement In Beyond the Ivory Tower The Case for Civically Engaged Political Scientists Richard Davis tells the stories of past and present academics who have ventured beyond the academy He frames his own story of political activism in Utah within the context of the need for political scientists to step away from the cloistered affairs of academia toward more public and political engagement Davis discusses different ways to remain active in academic life while also becoming more publicly engaged in one s community and state This book shows how political scientists may find alternative ways to explore their passion for politics and not only advocate civic engagement but also become actively engaged citizens themselves Beyond the Ivory Tower skillfully discusses the institutional and cultural barriers to academic civic engagement and proposes solutions to overcome them while offering examples of political scientists who have been active citizens in a variety of forums including running for office serving in government and founding and leading nonprofit

organizations Midterm Madness Larry Sabato, 2003 The midterm contests for the Senate House of Representatives and 36 governorships produced drama aplenty in 2002 A tragic plane crash killed a U S senator just ten days before the election casting his state into mourning and political confusion Another senator losing in his reelection bid because of corruption chose to withdraw in mid campaign The president's own brother was involved in a knock down drag out campaign for reelection in the state that installed the current White House occupant by a grand total of 537 votes But more than anything the 2002 midterm elections featured a titanic struggle between the political parties for control of Congress Both houses were narrowly divided in the so called 50 50 America produced by the split 2000 presidential election Which party if either would emerge with the spoils of war In the end there was no landslide but there was a clear victor the Republicans And the colossus of 2002 was President George W Bush the driving force behind the historic GOP triumph Firmly securing the House and recapturing the Senate gives Bush an unusual opportunity in American politics to be stronger in the second half of his term than the first Through a superb team of academics and journalists led by Dr Larry J Sabato *Midterm Madness* The Elections of 2002 analyzes and dissects this fascinating election season **The Minnesota Legislative Manual** Minnesota. Secretary of State, 2003 Includes the Minnesota state and the United States constitution historical and current events biographies of legislators directory for federal state regional and local government officials and election statistics and voter turnout maps **The Publishers Weekly**, 1904 **The Most Exclusive Club** Lewis L Gould, 2009-04-20 The Senate was originally conceived by the Founding Fathers as an anti democratic counterweight to the more volatile House of Representatives but in the twentieth century it has often acted as an impediment to needed reforms A hundred years ago senators were still chosen by state legislatures rather than by direct elections Now in the wake of the 2004 elections and the consolidation of Republican control the Senate is likely to become a crucible of power shifts that will have enormous impact on American politics in the twenty first century In *The Most Exclusive Club* acclaimed political historian Lewis Gould puts the debates about the Senate's future into the context of its history from the Progressive Era to the war in Iraq From charges of corruption to the occasional attempt at reform Gould highlights the major players issues and debates including the League of Nations the McCarthy hearings and the Iran Contra affair that have shaped the institution Beyond the usual outsized figures such as Lyndon Johnson Strom Thurmond and Barry Goldwater Gould also tells the story of the lesser known Senate leaders who have played a vital role in America's upper house Filled with colorful anecdotes this is a long awaited history of one of the most powerful political bodies in the world written by a master Gould's sweeping narrative combines deft storytelling with a fresh look at the crucible of contemporary political debate and decision making *Dynamics of Democracy* Peverill Squire, 1997 This comprehensive text on American Government highlights two recurrent themes that politics involves conflict and that the rules for decision making in government help determine the outcomes of that conflict Separate and expanded chapters discuss civil liberties and civil rights There is a new chapter on domestic policy which supplements the federal

budget chapter by examining how government manages the economy regulates business and promotes social welfare New extended discussions are included on the Second Amendment the rising importance of the Internet and talk radio and how congressional ethics address pressing political issues The book contains boxed features to provide comparative biographies of key historical and contemporary political actors and is intended for the American Government and Politics political science and social science markets

God at the Grass Roots, 1996 Mark J. Rozell, Clyde Wilcox, 1997 God at the Grass Roots 1996 is composed of entirely new and original essays that analyze the impact of the Christian Right in the 1996 national state and local elections The nation's leading scholars of religion and politics identify and illuminate numerous trends that have dramatically evolved since the landmark elections of 1994 More than simply a revised version of the popular God at the Grass Roots this fundamentally new edition examines the Christian Right's nationwide influence and the essays arrive at starkly different conclusions about America's most organized and observed political interest group This text will complement all courses on parties and elections and religion and politics

Culture Wars Roger Chapman, 2010 Although openness and inclusion are cornerstones of life in the United States intolerance and reactionary politics are also very real As the nation prepares to elect a new president The Culture Wars addresses the key defining issues of contemporary

Winning Elections in the 21st Century Dick Simpson, Betty O'Shaughnessy, 2016-04-04 A national cochair of the presidential campaign of Barack Obama when few thought he could ever be elected Congresswoman Jan Schakowsky is here to tell you Yes you can And the book she recommends for candidates campaign staff volunteers and citizens is Winning Elections in the 21st Century a handbook for anyone who wants to know how campaigns are run and won today Written by longtime political veterans both former elected officials Winning Elections is steeped in old fashioned political know how and savvy about the latest campaign techniques methods and strategies using social media vote analytics small donor online fundraising and increasingly sophisticated microtargeting Using examples from across the United States the authors discuss the nuts and bolts of state and local races as well as best practices in national elections A successful campaign they assert and evidence confirms merges the new technology with proven techniques from the past and their book helps candidates students and citizens consider all the opportunities and challenges that these tools provide never losing sight of the critical role that personal contact plays in getting voters to the polls At the heart of this book is the conviction that we need to win democracy along with elections Accordingly Simpson and O'Shaughnessy write primarily about campaigns in which the maximum number of citizens participate as opposed to those determined by a few wealthy individuals and interest groups People power can prevail with the right candidates issues and support and Winning Elections in the 21st Century shows how

Campaigns on the Cutting Edge, 2nd Edition Richard J. Semiatin, 2013 Helping students make sense of how and why campaigns are changing this thoroughly updated second edition focuses on evaluating current trends and assesses how campaigns are making cutting edge changes on the presidential congressional and gubernatorial levels

Run the Other Way Bill

Hillsman, 2004-04-26 Bill Hillsman is simply in the words of Slate.com the world's greatest political adman. With his groundbreaking consulting work on Paul Wellstone's senatorial, Jesse Ventura's gubernatorial and Ralph Nader's presidential campaigns, he was the first to publicly challenge the conventional strategies of political campaigns: the inefficiency of campaign spending, the desultory, banal and insulting political ads. As Hillsman says, "I don't believe you can annoy someone into voting for your candidate." Hillsman first rocked the political establishment during Wellstone's 1990 Senate bid with witty, sharp political ads that had audiences glued to their television sets and talking about the commercials for weeks afterward. In the end, he helped Wellstone overcome a 7 million campaign spending disadvantage to win the election. And the risk-taking continued when he ran Jesse Ventura's Reform Party gubernatorial and Ralph Nader's Green Party presidential campaigns. In one Nader ad, a child looks out at the viewer and says, "When I grow up, I want politicians to ignore me." In an ad from Ventura's campaign, a boy playing with a Jesse Ventura action figure. New from the Reform Party takes on Ventura's voice to growl, "I don't want your stupid money." With bold and brilliant ads like these, Hillsman helped two underdog candidates become senator and governor, transformed Minnesota politics and showed the country that it has viable and appealing options outside of the two major parties. *Run the Other Way* offers fascinating and disturbing insights into the shadowy, cronyistic world of political consulting, the grossly overpaid consultants, incompetent and inaccurate pollsters, fundraisers who take a dollar for every dollar they raise, and strategists who use negative advertising to intentionally keep people from voting. But it also gives us a from-the-trenches look at how Americans can turn the weapons trained on us back against the master propagandists and, in so doing, revitalize our badly damaged democracy. Fleshing out his case with real-life stories from his involvement in numerous campaigns, Hillsman takes us behind the electioneering scenes of old Washington, hands and trouble-making independents including Ross Perot, Warren Beatty, John McCain, Arianna Huffington, and Colin Powell. An outsider with an insider's vantage point, Hillsman sees America at a crucial historical moment defined by the continuing decline of both major political parties and the rise of independent voters. Edgy, controversial and often humorous, his political ads have energized voters and revolutionized election campaigning over the last fifteen years. This is a book for everyone who's ever run for office, thought about running for office, or voted for someone running for office. *Run the Other Way* investigates the many imperfections in the greatest system of government in the world and challenges all of us to make it better.
