#### Profile Of Ohio Women 1803 2003:

Profiles of Ohio Women, 1803-2003 Jacqueline Jones Royster, 2003 Developed by the Ohio Bicentennial Commission's Advisory Council on Women this collection profiles a few of the many women who have left their imprint on the state nation It Happened in Ohio Carol Cartaino, 2019-08-01 True Tales from the Buckeye State's Past world and even outer space from the birth of Tecumsehto the Bicentennial Barnstorm For a small state Ohio has had a big impact on America This agricultural political and industrial power has long been known for the vigor earnestness and imagination of its citizens It Happened in Ohio goes behind the scenes to tell its story in short episodes that reveal the intriguing people and events that Women Physicians and Professional Ethos in Nineteenth-Century America have shaped the Buckeye State Carolyn Skinner, 2014-01-27 Women physicians in nineteenth century America faced a unique challenge in gaining acceptance to the medical field as it began its transformation into a professional institution. The profession had begun to increasingly insist on masculine traits as signs of competency Not only were these traits inaccessible to women according to nineteenth century gender ideology but showing competence as a medical professional was not enough Whether women could or should be physicians hinged mostly on maintaining their femininity while displaying the newly established standard traits of successful practitioners of medicine Women Physicians and Professional Ethos provides a unique example of how women influenced both popular and medical discourse This volume is especially notable because it considers the work of African American and American Indian women professionals Drawing on a range of books articles and speeches Carolyn Skinner analyzes the rhetorical practices of nineteenth century American women physicians She redefines ethos in a way that reflects the persuasive efforts of women who claimed the authority and expertise of the physician with great difficulty Descriptions of ethos have traditionally been based on masculine communication and behavior leaving women s rhetorical situations largely unaccounted for Skinner's feminist model considers the constraints imposed by material resources and social position the reciprocity between speaker and audience the effect of one rhetor's choices on the options available to others the connections between ethos and genre the potential for ethos to be developed and used collectively by similarly situated people and the role ethos plays in promoting social change Extending recent theorizations of ethos as a spatial ecological and potentially communal concept Skinneridentifies nineteenth century women physicians rhetorical strategies and outlines a feminist model of ethos that gives readers a more nuanced understanding of how this mode of persuasion operates for all speakers and writers Focus On: 100 Most Popular American Autobiographers Wikipedia contributors. Making the World a Better Place Jacqueline Jones Royster, 2023-06-27 In Making the World a Better Place Royster argues that African American women must be taken seriously as historical actors who were more consistently and more variously engaged in community and nation building than they have been given credit for Their considerable rhetorical expertise becomes evident when looking carefully at their work in terms of identity agency authority and

expressiveness Their writings constitute a substantial artifactual record of their levels of engagement their excellence in sociopolitical work and the legacies of leadership and action The writing of African American women during the nineteenth century reflects their own perceptions of the ways and means of their lives They deserve to be recognized as consequential contributors to the narratives of the nation rather than marginalized as a group To that end Jacqueline Jones Royster offers a deeper understanding often through their own words of these women their practices and their achievements Hamilton Joan Simon, Ann Hamilton, 2006 Ann Hamilton An Inventory of Objects ISBN 0 9743648 5 1 978 0 9743648 5 8 Hardcover 7 x 10 5 in 264 pgs 150 color and 80 b w U S 60 00 CDN 72 00 November Art **Affirming Students' Right to** Their Own Language Jerrie Cobb Scott, Dolores Y.
