Pro Of Canada:

Canada and the End of Empire Phillip Buckner, 2013-12-01 Sir John Seeley once wrote that the British Empire was acquired in a fit of absence of mind. Whatever the truth of this comment it is certainly arguable that the Empire was dismantled in such a fit. This collection deals with a neglected subject in post Confederation Canadian history: the implications to Canada and Canadians of British decolonization and the end of empire. *Canada and the End of Empire* looks at Canadian diplomatic relations with the United Kingdom and the United States, the Suez crisis, the changing economic relationship with Great Britain in the 1950s and 1960s, the role of educational and cultural institutions in maintaining the British connection, the royal tour of 1959, the decision to adopt a new flag in 1964, the efforts to find a formula for repatriating the constitution, the Canadianization of the Royal Canadian Navy, and the attitude of First Nations to the changed nature of the Anglo-Canadian relationship. Historians in Commonwealth countries tend to view the end of British rule from a nationalist perspective. *Canada and the End of Empire* challenges this view and demonstrates the centrality of imperial history in Canadian historiography. An important addition to the growing canon of empire studies and imperial history, this book will be of interest to historians of the Commonwealth and to scholars and students interested in the relationship between colonialism and nationalism.

The Politics of Abortion in the United States and Canada Raymond Tatalovich, 1997 Tatalovich political science Loyola U continues his studies on moral conflicts in public policy by examining the differences and similarities by which Canadian and US governments, political parties, and activists have addressed the issue of abortion. He discusses the history of the conflict since the 1950s, judicial activism and legislative responses, public opinion, party politics, and elections, and federalism and the implementation problem. Having proposed models of a politicized America and depoliticized Canada, he concludes by comparing social convergence and institutional divergence. Paper edition 418 7 21 95. Canada's Fighting Seniors C. G. Gifford, 1990-01-01 First published in 1990, this book charts the emergence and rapid growth of Canada's powerful seniors movement. Seniors' political clout has been increasingly evident since the mid-eighties when their protest convinced Brian Mulroney to drop his efforts to limit pension benefits. Gifford's book provides a short history of seniors organizing and tells the personal and organizational stories of today's seniors groups. Sections on the work of seniors groups in the United States and Europe add a global dimension to the book's analysis. *Canada's Fighting Seniors* is a pioneering study of the increasing organization and influence of older citizens in this country. *The Canadian Patent Office Record and Register of Copyrights and Trade Marks*, 1913 International
