Profit And Responsibility Issues In Business And Professional Ethics:

Profit and Responsibility Patricia Hogue Werhane, 1985 *Profit and Responsibility* Patricia Hogue Werhane, Kendall D'Andrade, 1985 This is a collection of essays on business ethics written by philosophers theologians and professors of business **Professional Ethics** , 1993 **Profits and Professions** Wade L. Robison, Michael S. Pritchard, Joseph Ellin, 2012-12-06 Suppose an accountant discovers evidence of shady practices while examining the books of a client What should he or she do Accountants have a professional obligation to respect the confidentiality of their clients accounts But as an ordinary citizen our accountant may feel that the authorities ought to be informed Suppose a physician discovers that a patient a bus driver has a weak heart If the patient continues bus driving even after being informed of the heart condition should the physician inform the drivers company Respect for patient confidentiality would say no But what if the driver should suffer a heart attack while on duty causing an accident in which people are killed or seriously injured Would the doctor bear some responsibility for these consequences Special obligations such as those of confidentiality apply to any one in business or the professions These obligations articulate at least in part what it is for someone to be say an accountant or a physician Since these obligations are special they raise a real possibility of conflict with the moral principles we usually accept outside of these special relationships in business and the professions These conflicts may become more accentuated for a professional who is also a corporate employee a corporate attorney an engineer working for a construction company a nurse working as an employee of a hospital *Profit and Responsibility* Kendall D'Andrade, Patricia Hogue Werhane, 1985
