Santoro, 2018-10-18 After the Tiananmen Square massacre a vigorous international debate erupted not only about human rights in China but also about the role of multinational firms Should corporations do business in China at all Should corporations take a stand on such issues Revelations about serious and pervasive human rights violations in Chinese factories raised even more questions about the clash of profits and principles in China Michael Santoro investigates these and other dilemmas exploring the democratic values firms impart to their employees and the values firms often compromise in pursuit of profits His interviews with foreign business executives Chinese employees of foreign firms human rights advocates and foreign consular officials provide a range of perspectives His examination of business responsibility for human rights in China also serves as a unique framework for assessing the broader social trends both positive and negative arising from globalization Santoro discusses the implications of business activities for U S foreign policy and provides practical management advice for business executives operating in China and for those considering doing so Surprisingly he finds that President Clinton's program of comprehensive engagement which has drawn severe criticism may in fact create a positive human rights spin off Santoro's fair share theory is a unique and thoughtful effort to draw the line between what moral principles do and do not require of businesses operating in China Economics and the Interpretation and Application of U.S. and E.U. Antitrust Law Richard S. Markovits, 2014-05-22 This volume 1 defines the specific anticompetitive intent lessening competition distorting competition and exploitative abuse tests of illegality promulgated by U S and or E U antitrust law 2 compares the efficiency defenses promulgated by U S and E U antitrust law 3 compares the conduct coverage of the various U S and E U antitrust laws 4 defines price competition and quality or variety increasing investment QV investment competition and explains why they should be analyzed separately 5 defines the components of individualized pricing and across the board pricing sellers price minus marginal cost gaps and analyses each's determinants 6 defines the determinants of the intensity of QV investment competition and explains how they determine that intensity 7 demonstrates that definitions of both classical and antitrust markets are inevitably arbitrary not just at their periphery but comprehensively 8 criticizes the various protocols for market definition recommended used by scholars the U S antitrust agencies the European Commission and U S and E U courts 9 explains that a firm's economic market power or dominance depends on its power over both price and QV investment and demonstrates that even if markets could be defined non arbitrarily a firm's economic power could not be predicted from its market share 10 articulates a definition of oligopolistic conduct that some economists have implicitly used conduct whose perpetrator perceived ex ante profitability depended critically on the perpetrator's belief that its rivals responses would be affected by their belief that it could react to their responses

distinguishes two types of such conduct contrived and natural by whether it entails anticompetitive threats and or offers explains why this distinction is critical under U S but not E U antitrust law analyzes the profitability of each kind of oligopolistic conduct examines these analyses implications for each s antitrust legality and criticizes related U S and E U case law and doctrine and scholarly positions e g on the evidence that establishes the illegal oligopolistic character of pricing and 11 executes parallel analyses of predatory conduct e g criticizes various arguments for the inevitable unprofitability of predatory pricing the various tests that economists U S courts advocate using use to determine whether pricing is predatory and two analyses by economists of the conditions under which QV investment and systems rivalry are predatory and examines the conditions under which production process research plant modernization and long term full requirements contracts are predatory

Relationship Between Corporate Social Responsibility, Environmental Management, and Profitability Daisy Valentin, 2020 The U S hospitality industry s profitability has been shifting to environmental management and corporate social responsibility CSR practices Hospitality industries accounted for 5% of the global market in 2015 and are expected to increase by 130% in 2035 Grounded in stakeholder theory this correlation study examined the relationship between corporate sustainability officer CSO CSR CSO environmental management and hospitality business profitability Secondary data were collected from 97 hotel websites of the Minneapolis St Paul Minnesota from 2014 to 2016 The multiple linear regression combinations of CSR and environmental management EM measured significantly related to the profitability index $F(3, 93) = 4.67, p = .001$ adjusted $R^2 = .13$ The sample multiple correlation coefficients were .36 indicating approximately 13% of the variance of the profitability index The multiple linear regression combinations of CSR measures significantly related to the profitability index $F(2, 94) = 6.05, p = .001$ adjusted $R^2 = .11$ The sample multiple correlation coefficients were .34 indicating approximately 11% of the variance of the profitability index The linear combination of EM measures were not significantly related to the profitability index $F(2, 94) = 2.91, p = .06$ adjusted $R^2 = .06$ The sample multiple correlation coefficients were .24 indicating approximately 6% of the variance of the profitability index The implications for positive social change include the potential to identify hospitality industry leaders involved in environmental management who have a CSR to promote social change in their communities

Accounting and Financial Reporting Challenges for Government, Non-Profits, and the Private Sector Albuquerque, Fábio, dos Santos, Paula Gomes, 2023-05-18 To follow the macroeconomic scenario in which the entities are inserted financial reporting is constantly evolving In addition to the topics that need to be considered there is also an evolution in how the report itself is produced and analyzed where technological developments exert a permanent influence on the process Several of the trending topics do not fall within the jurisdiction of the competent authorities The needs of the users of the report also influence the form and content of the report as an element that also changes over time Accounting and Financial Reporting Challenges for Government Non Profits and the Private Sector addresses the latest accounting topics and their practical and educational relations with local and international regulations standards and

practices It deals with new challenges and trends in accounting and reporting for organizations from different institutional sectors including private public and non profit ones Covering topics such as creative accounting financial reporting and stakeholder participation this premier reference source is an excellent resource for accountants government officials business leaders managers policymakers students and educators of higher education librarians researchers and academicians

Profits and Professions Wade L. Robison, Michael S. Pritchard, Joseph Ellin, 2012-12-06 Suppose an accountant discovers evidence of shady practices while examining the books of a client What should he or she do Accountants have a professional obligation to respect the confidentiality of their clients accounts But as an ordinary citizen our accountant may feel that the authorities ought to be informed Suppose a physician discovers that a patient a bus driver has a weak heart If the patient continues bus driving even after being informed of the heart condition should the physician inform the driver's company Respect for patient confidentiality would say no But what if the driver should suffer a heart attack while on duty causing an accident in which people are killed or seriously injured Would the doctor bear some responsibility for these consequences Special obligations such as those of confidentiality apply to any one in business or the professions These obligations articulate at least in part what it is for someone to be say an accountant or a physician Since these obligations are special they raise a real possibility of conflict with the moral principles we usually accept outside of these special relationships in business and the professions These conflicts may become more accentuated for a professional who is also a corporate employee a corporate attorney an engineer working for a construction company a nurse working as an employee of a hospital

The National Public Accountant, 1973 **Profitability, Accounting Theory and Methodology** Geoffrey Whittington, 2007-06-11 An important scholar in the history of accounting Geoffrey Whittington's numerous articles cover a broad spectrum of the field and are both sharply insightful and extremely significant He has made important contributions to the topics of inflation accounting accounting theory and methodology and standard setting and he has conducted a number of valuable empirical studies This remarkable collection pulls together essays and articles and encompasses his work on empirical studies based on company accounts specification of empirical models price change accounting taxation and regulation and regulation of accounting and auditing Accompanied by a new introduction and conclusion this significant volume will be extremely useful for historians of accounting as well as accountancy practitioners and researchers
