Planning Health Promotion Programs L. Kay Bartholomew Eldredge, Guy S. Parcel, Gerjo Kok, Nell H. Gottlieb, Maria E. Fernández, 2011-01-25

This thoroughly revised and updated third edition of *Planning Health Promotion Programs* provides a powerful practical resource for the planning and development of health education and health promotion programs. At the heart of the book is a streamlined presentation of Intervention Mapping, a useful tool for the planning and development of effective programs. The steps and tasks of Intervention Mapping offer a framework for making and documenting decisions for influencing change in behavior and environmental conditions to promote health and to prevent or improve a health problem. *Planning Health Promotion Programs* gives health education and promotion professionals and researchers information on the latest advances in the field, updated examples and explanations, and new illustrative case studies. In addition, the book has been redesigned to be more teachable, practical, and practitioner friendly.

Community Health Education and Promotion Mary Ellen Wurzbach, 2004

Utilizing a practical, hands-on approach, *Community Health Education and Promotion*, Second Edition, provides both students and practicing health professionals with an easy-to-use guide to the various stages of health care education program development, including planning and design, implementation, promotion, and evaluation, with special emphasis on populations with shared risks, exposures, and behaviors. Learning objectives begin each chapter. Goals and objectives for Healthy People 2010 are provided. Practice-oriented, ready-to-use handouts, checklists, sample forms, and worksheets are included. An inclusive index makes it easy to locate specific items and cross-reference subject areas.
