Lengths, Widths, Surfaces Jens Høyrup,2013-04-17 In this examination of the Babylonian cuneiform algebra texts based on a detailed investigation of the terminology and discursive organization of the texts Jens H yrup proposes that the traditional interpretation must be rejected The texts turn out to speak not of pure numbers but of the dimensions and areas of rectangles and other measurable geometrical magnitudes often serving as representatives of other magnitudes prices workdays etc much as pure numbers represent concrete magnitudes in modern applied algebra Moreover the geometrical procedures are seen to be reasoned to the same extent as the solutions of modern equation algebra though not built on any explicit deductive structure *Confessions of a Grieving Mother* Sherry Anne Coombe,2014-04-10 I did not cry The moment came when Heather died I did not shed a tear I felt numb like I was having an out of body experience and I was watching myself go through the motions There were things to do people to call it was not the time to begin to fall apart I had just joined an elite club of grieving mothers This was the club no one talked about or wanted to become a member of From that moment on my life was getting a makeover that I didnt ask for let alone consent to allowing it to happen It was beyond my control I was not given a choice This was and is my life now I am a grieving mother for the rest of my life **Fostering**
