Prophetic Persona Jeremiah And The Language Of The Self:

The Prophetic Persona Timothy Polk, 1984-01-01 The subject of this work is not the historical Jeremiah but the persona of the prophet presented by the book A sensitive and illuminating treatment of metaphor the nature of biography and the function of the imagination combines with a close reading of several passages Jer 4 8 10 14 1 15 4 17 20 to illuminate the theological quality of the depiction of Jeremiah

Is Paul also among the Prophets? Jeffrey W. Aernie, 2012-05-03 Aernie examines the prophetic material in the Old Testament and its relationship with the prophetic material in Second Temple Judaism Hellenism and the early Christian movement The subsequent analysis of 1 Corinthians constitutes an investigation of the effect of the Old Testament prophetic tradition on Paul s self presentation in 1 Cor 9 15 18 and rhetorical framework in 1 Cor 14 20 25 as a methodological foundation for the exegetical analysis of 2 Corinthians Aernie explores the influence of the Old Testament prophetic tradition on Paul s apostolic self presentation and rhetoric in 2 Corinthians The analysis of Paul s self presentation examines the apostle s relationship with Moses the Isaianic servant and Jeremiah in order to define Paul s position with regard to the preceding prophetic tradition Aernie analyses Paul s argument in 2 Cor 2 14 16 4 1 6 6 14 7 1 12 1 10 then seeks to examine the influence of the Old Testament prophetic tradition on the formation of Paul s rhetorical framework Aernie s intention is to provide support for the notion that the particularly prophetic nature of Paul s apostolic persona affects both his self presentation and rhetorical agenda in 2 Corinthians

The Oxford Handbook of the Prophets Carolyn J. Sharp, 2016 This volume engages the cultural norms and theological convictions of ancient Israel in the shadow of the Egyptian Babylonian and Persian empires Essays explore ancient Near Eastern historical contexts interpret prophetic narratives and poetry offer feminist materialist and postcolonial readings and more Indispensable for scholars and students of the prophets

Words in Action Richard Briggs, 2004-07-01 How is the biblical text understood and how does it function in the life of the reader today Richard Briggs first provides an illuminating introduction to the nature and claims of speech act theory This seeks to extend our understanding of both spoken and written means of communication by seeing them not as merely representational or reality depicting but as acting or causing acts to be performed through the words themselves Briggs goes on to discuss to what extent the application of speech act theory might be helpful in the interpretation of biblical texts In one of the first book length explorations of this topic he examines in detail several biblical speech acts of particular theological significance including the confession of sin forgiveness and teaching Through exploring the specific ways in which the reader is drawn into the performative action of the biblical text and how speech act theory forces the reader to look beyond language into the world which gives the language its ability to function speech act theory is shown to offer valuable insights within today s complex hermeneutical debate A very significant volume Alan Torrance Professor of Divinity University of Andrews An excellent piece of work which is thoroughly acquainted with speech act theory and takes the debate forward in a variety of creative exegetical and theological ways Dr Craig Bartholomew University of Gloucestershire

Interpreting the Prophetic Word Willem A. VanGemenen, Willem VanGemenen, 1996 The diversity of prophetic voices in the Bible provides a message that is rich and variegated But the variety of the testimony can be lost by limiting one s interpretations or application of the prophetic word Interpreting the Prophetic Word helps readers understand the harmony of the voices that reveal God s purposes in redemptive history Dr Willem VanGemenen explains clearly and fully the background of the prophetic tradition He then interprets the message of the major and minor prophets using historical context and literary form and structure as tools in his analysis He concludes with an explanation of the relevance of the prophetic word today Dr VanGemenen s extensive research and scholarship is presented in a readable way to unlock the door of prophecy for readers He helps them to interpret prophecy and invites them to listen to the prophets and to live the prophetic word

The Fulfilment of Doom? Elizabeth Boase, 2006-06-15 An examination of the book of Lamentations using the literary theory of Mikhail Bakhtin

Reading the Psalms as a Book R. Norman Whybray, 1996-01-07 This book discusses the theory that the Psalter was compiled with the specific intention that it should be used as a book for private spiritual reading It is argued that if this were so the work of the final editors would not have been confined to arranging the psalms in a particular order but would have included additions and interpolations intended to give the whole book a new orientation An investigation of selected psalms shows that although the Psalter may have become a book for private devotion not long after its compilation there is little evidence that it was compiled for that purpose

The Agency of the Apostle Jeffrey Crafton, 1991-03-01 In this interdisciplinary study Paul s enigmatic rhetoric in 2 Corinthians is analysed and explained using dramatism a modern critical theory developed by Kenneth Burke Three portions of 2 Corinthians are isolated and examined as fitting responses to distinct stages in Paul s changing relationship to the Corinthian Christians In the Letter of Initial Response 2 14 7 4 Paul responds to the beginning of the conflict with an argument defined by the opposition between agency and agent conceptions of ministry In the Letter of Attack chs 10 13 Paul replies to the apex of the crisis by playing the role of the foolish agent in order to gain a hearing and drive the Corinthians out of their orientation In the Letter of Reconciliation 1 3 2 13 7 5 16 Paul rehearses the symbolic purification which has occurred in this conflict

Satire and the Hebrew Prophets Thomas Jemielity, 1992-01-01 In this book Thomas Jemielity demonstrates the striking relationship between satire and Hebrew prophecy by reviewing the role of ridicule in both and analyzing questions of nature structure form and audience This pioneering study makes compelling reading for all interested in the Bible and Western literature The Literary Currents in Biblical Interpretation series explores current trends within the discipline of biblical interpretation by dealing with the literary qualities of the Bible the play of its language the coherence of its final form and the relationships between text and readers Biblical interpreters are being challenged to take responsibility for the theological social and ethical implications of their readings This series encourages original readings that breach the confines of traditional biblical criticism

The Prophetic Persona Timothy Polk, 1984

Identities in Transition Kristin Joachimsen, 2011-03-05 Isa 52 13

53 12 has occupied a special position within Jewish and Christian traditions as well as within biblical scholarship. This book focuses particularly on different ways of reading this text. Historical critical readings in the tradition after Bernhard Duhm are challenged. In Duhmian readings of Isa 52 13 53 12, Gottesknecht has become a technical term. Ebed Jahwe, Lied a genre, Stellvertretung, an established theological concept, and servant song research, a separate discipline within biblical scholarship. After a critical presentation of the Duhmian readings, three other ways of reading Isa 52 13 53 12 based on variations of linguistic theory are presented: one linguistic, one narratological, and one intertextual. These show in different manners how the text is unstable, heterogeneous, and composite. In these readings, the trope of personification is central.

Gibeah Patrick M. Arnold, 1990-03-01. This work is a cross disciplinary study of Israel's first capital city from topographical, archaeological, historical, and literary perspectives. Challenging William F. Albright's claim that the ancient city is to be identified with Tell el-Ful, the book develops the case for a location instead at modern Jeba, 9 km north east of Jerusalem, a site change that bears important consequences for several scholarly theories relating to Gibeah. Among these are the inquest into the historicity and literary composition of the story of the Outrage of Gibeah (Judg 19 21) and the origins and nature of Saul's kingship (1 Sam 9 15). Both of these texts are treated thoroughly as preparation for a concluding investigation into the meaning of the prophet Hosea's references to Israel's sins in the days of Gibeah.

The Prophets Stephen L. Cook, John T. Strong, Steven S. Tuell, 2022. The Prophets introduces students to the rise of prophecy in ancient Israel, the messages of individual prophets, the significance of the compositional history of the prophetic writings, and insights for interpreting the message of the prophets today. This textbook includes numerous images, charts, and maps to enhance the experience of the students.

The Wages of Sin Gillian Keys, 1996-08-01. This work highlights the growing dissatisfaction with the Succession Narrative hypothesis. Keys argues rather that 2 Samuel 10 20 is a self-contained document in its own right, a theological biography examining the nature of punishment for sin in the life of David. The nexus of sin and punishment is the motivating force behind the document. Of particular interest to many will be the opening chapter which charts in detail the development of the Succession Narrative hypothesis from Rost until the present day. Also notable is the author's accounting for the absence of much of the David material from Chronicles.

Risking Truth Scott A. Ellington, 2008-09-01. Ours is a world characterized by change. Often the most fundamental changes in our lives result from experiences of profound suffering and loss as we are wrenched from our familiar world and driven into one that is alien. In the midst of such loss, we are compelled to choose between trying to cling to the remnants of a reality that is passing away and trying to make a home in a strange new world. Biblical prayers of lament wait for us at this crossroad of loss and newness. Prayers of lament are marked both by loss and by the inexplicable silence of God. Everything we believe about God's justice and goodness is placed in doubt by his hiddenness. The cry of lament is an act of tremendous risk. To lament is to abandon the sinking ship of religious certainty and strike out in a small dingy amidst stormy seas in search of a hidden God. Faced with God's silence, the biblical writers are willing to place at risk their most

fundamental beliefs and to lament The Psalm writers risk the loss of the Exodus story by crying out to a God who has failed to save demanding that he once more part the chaotic waters and make a way in the desert Job risks the loss of a moral God by confronting God with his injustice Jeremiah risks the loss of the covenant by calling out for God to return yet again to a faithless partner and a failed marriage Matthew and John the Revelator recognize that the coming of Messiah is impelled by the cries of innocent sufferers Throughout the Bible lament risks the possible loss of relationship with God and presses for a new though uncertain experience of God's presence

The Burden of Prophecy Albert Cook, 1996 Albert Cook examines the fusion of poetic with scriptural thinking in the prophets and wisdom writers of the Old Testament focusing on the details of their thematic concentrations and on the posture they assume to orient themselves in their prophecies Most poetry looks toward the past Keats Li Po and Pindar for example all offer the profundity of a stocktaking The poetry of the Hebrew prophet however is oriented toward the future At worst the prophet's perception and his intent can lead to an informed readiness for the future at best they can lead to a restoration of the people's covenant with God but in any case they will lead to a future whose features are compassed in the articulated vision The Burden of Prophecy explores the implications of these conditions balancing poetic religious and anthropological questions as it examines the Old Testament books of the prophets and their successors Amos Isaiah Jeremiah Ezekiel Zechariah Daniel Psalms and Ecclesiastes

The Lure of Transcendence and the Audacity of Prayer Samuel E. Balentine, 2022-06-24 The discourse of prayer responds to the abiding lure of transcendence From Gilgamesh to the primordial human beings in Eden to Odysseus the quest for ultimate truths has summoned forth all manner of human effort courageous desperate pious impious successful failed invited forbidden and like all such lures one can never be certain whether the glimmer of transcendence is that of a bright and shining star that illuminates the shadows or only a shiny object that seduces one into an inescapable darkness a fishing lure for example In this study Samuel E Balentine demonstrates how prayer's invocation of God transgresses the limits of human beings The author shows how inviting let alone commanding God to speak may be the acme of bardic pretention but in the ancient world such transgression characterizes the audacity of prayer

Pentecostal Prophets Stephen D. Barkley, 2023-04-20 Prophets come in many varieties ecstatic worshipers inspired preachers social justice advocates and even political pundits Their messages vary accordingly The purpose of this book is to dig beneath the message to understand the how How do modern day prophets experience the prophetic impulse The phenomenological study at the core of this book answers that question directly by examining the experience of Canadian Pentecostals From there the experience of modern day prophets is compared with Old Testament prophets with special attention given to Jeremiah It turns out that prophets today share in the same experience as their Old Testament predecessors This book can benefit three audiences For the academy this work provides the first phenomenological study of prophecy in Canada For pastors reading this book will be an exercise in empathy placing you in the shoes of the prophets in your congregation helping you to understand what goes on when

someone prophesies For everyday prophets this book will affirm your connection through Jesus to the Old Testament prophetic tradition enabling you to read those Old Testament books in a new experiential light *A History of Prophecy in Israel, Revised and Enlarged* Joseph Blenkinsopp,1996-10-01 This revised and enlarged edition of a classic in Old Testament scholarship reflects the most up to date research on the prophetic books and offers substantially expanded discussions of important new insight on Isaiah and the other prophets **Evoking Story for Transformation** Lyn Nixon,2025-08-21 Lyn Nixon takes a fresh approach to the question of whether New Testament authors quote the Old Testament without regard to the original Old Testament meaning that is out of context Her action model uses Speech Act Theory to examine the way authors and readers together contribute to the communication of meaning In her model for meaning to be successfully communicated the reader must experience the transformation intended by the author Lyn Nixon applies her theoretical model to two examples of New Testament quotation where previous scholars have claimed the author quotes the Old Testament in a way that does not correspond to the original meaning Her case studies the use of Ps 115 1 LXX in 2 Cor 4 13 and of Ps 110 1 MT by various New Testament speakers and authors provide new insights into ways that the Old Testament meaning including its transformative intention resonates in the quoting of New Testament texts
