Rediscovering Gay History:

Rediscovering Gay History John Boswell, **The Boswell Thesis** Mathew Kuefler, 2006-03 Few books have had the social cultural and scholarly impact of John Boswell's Christianity Social Tolerance and Homosexuality Arguing that neither the Bible nor the Christian tradition was nearly as hostile to homoeroticism as was generally thought its initial publication sent shock waves through university classrooms gay communities and religious congregations Twenty five years later the aftershocks still reverberate The Boswell Thesis brings together fifteen leading scholars at the intersection of religious and sexuality studies to comment on this book's immense impact the endless debates it generated and the many contributions it has made to our culture The essays in this magnificent volume examine a variety of aspects of Boswell's interpretation of events in the development of sexuality from Classical Antiquity through the Middle Ages including a Roman emperor's love letters to another man suspicions of sodomy among medieval monks knights and crusaders and the gender bending visions of Christian saints and mystics Also included are discussions of Boswell's career including his influence among gay and lesbian Christians and his role in academic debates between essentialists and social constructionists Elegant and thought provoking this collection provides a fitting twenty fifth anniversary tribute to the incalculable influence of Christianity Social Tolerance and Homosexuality and its author *Routledge Revivals: Homosexuality: A Research Guide (1987)* Wayne R.

Dynes, 2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology Origins of Sexuality and

Homosexuality John Dececco, PhD, Michael Shively, 2014-04-04 This well documented book highlights some of the theories of bisexual and homosexual identities and their conceptual bases in cultural history moral philosophy biology and social psychology Some of the most respected minds in the field of human sexuality challenge traditional views on homosexuality and question the moral principles implicit in many existing psychiatric and psychological theories **Bisexual and**

Homosexual Identities John P. De Cecco, Michael G. Shively, 1984 This well documented book highlights some of the theories of bisexual and homosexual identities and their conceptual bases in cultural history moral philosophy biology and social psychology Some of the most respected minds in the field of human sexuality challenge traditional views on homosexuality and question the moral principles implicit in many existing psychiatric and psychological theories

Brother-Making in Late Antiquity and Byzantium Claudia Rapp, 2016-01-13 Among medieval Christian societies Byzantium is unique in preserving an ecclesiastical ritual of adelphopoiesis which pronounces two men not related by birth

as brothers for life It has its origin as a spiritual blessing in the monastic world of late antiquity and it becomes a popular social networking strategy among lay people from the ninth century onwards even finding application in recent times Located at the intersection of religion and society brother making exemplifies how social practice can become ritualized and subsequently subjected to attempts of ecclesiastical and legal control Controversially adelphopoiesis was at the center of a modern debate about the existence of same sex unions in medieval Europe This book the first ever comprehensive history of this unique feature of Byzantine life argues persuasively that the ecclesiastical ritual to bless a relationship between two men bears no resemblance to marriage Wide ranging in its use of sources from a complete census of the manuscripts containing the ritual of adelphopoiesis to the literature and archaeology of early monasticism and from the works of hagiographers historiographers and legal experts in Byzantium to comparative material in the Latin West and the Slavic world Brother Making in Late Antiquity and Byzantium examines the fascinating religious and social features of the ritual shedding light on little known aspects of Byzantine society

The Construction of Homosexuality David F. Greenberg, 2008-10-29 At various times homosexuality has been considered the noblest of loves a horrible sin a psychological condition or grounds for torture and execution David F Greenberg s careful encyclopedic and important new book argues that homosexuality is only deviant because society has constructed or defined it as deviant The book takes us over vast terrains of example and detail in the history of homosexuality Nicholas B Dirks New York Times Book Review

[Female Homosexuality in the Middle East](#) Samar Habib, 2012-08-06 This book the first full length study of its kind dares to probe the biggest taboo in contemporary Arab

culture with scholarly intent and integrity female homosexuality Habib argues that female homosexuality has a long history in Arabic literature and scholarship beginning in the ninth century and she traces the destruction of Medieval discourses on female homosexuality and the replacement of these with a new religious orthodoxy that is no longer permissive of a variety of sexual behaviours Habib also engages with recent gay historiography in the West and challenges institutionalized

constructionist notions of sexuality **The Reign of Leo VI (886-912)** Tougher, 2021-09-20 The focus of this book is the Byzantine emperor Leo VI 886 912 and his reign He has been characterised as a careless and ineffectual emperor but this work presents a more considered account of Leo and the politics of his age Initial chapters on sources and the broader historical context are provided before particular aspects of Leo s life and reign are presented in eight chapters arranged so as to give a rough chronological framework Subjects discussed include relations with family and officials imperial ideology and ecclesiastical and military affairs By drawing on a broad spectrum of primary evidence the book illustrates that Leo forged a distinctive imperial style as a literate city based non campaigning emperor and argues that he was actively concerned about the problems that faced his empire

Byzantine Intersectionality Roland Betancourt, 2020-10-06 A fascinating history of marginalized identities in the medieval world While the term intersectionality was coined in 1989 the existence of marginalized identities extends back over millennia Byzantine Intersectionality reveals the fascinating little examined conversations in medieval thought and visual culture around sexual and reproductive consent bullying and slut shaming homosocial and homoerotic relationships trans and nonbinary gender identities and the depiction of racialized minorities Roland Betancourt explores these issues in the context of the Byzantine Empire using sources from late antiquity and early Christianity up to the early modern period Highlighting nuanced and strikingly modern approaches by medieval writers philosophers theologians and doctors Betancourt offers a new history of gender sexuality and race Betancourt weaves together art literature and an impressive array of texts to investigate depictions of sexual consent in images of the Virgin Mary tactics of sexual shaming in the story of Empress Theodora narratives of transgender monks portrayals of same gender desire in images of the Doubting Thomas and stereotypes of gender and ethnicity in representations of the Ethiopian Eunuch He also gathers evidence from medical manuals detailing everything from surgical practices for late terminations of pregnancy to save a mother s life to a host of procedures used to affirm a person s gender Showing how understandings of gender sexuality and race have long been enmeshed Byzantine Intersectionality offers a groundbreaking look at the culture of the medieval world

Know My Name Richard Cleaver, 1995-01-01 The place of gay men and women in the community of faith has become one of the most divisive debates in the church today Writer and activist Richard Cleaver takes a fresh approach to this issue by examining the struggles of gay men and lesbians in the church through the lens of liberation theology He offers a gay reading of scripture but one that is also spiritually challenging to all readers Cleaver interweaves biblical reflections with historical social political and personal commentary He discusses personal identity issues and coming

out the development of class consciousness as members of an oppressed group and solidarity with other oppressed groups This provocative book brings a new voice to the debate about the place of gays and lesbians in our churches The Preacher's Demons Franco Mormando,1999-05 When the city was filled with these bonfires he then combed the city and whenever he received notice of some public sodomite he had him immediately seized and thrown into the nearest bonfire at hand and had him burned immediately This story of an anonymous individual who sought to cleanse medieval Paris was part of a sermon delivered in Siena Italy in 1427 The speaker the friar Bernardino 1380 1444 was one of the most important public figures of the time and he spent forty years combing the towns of Italy instructing admonishing and entertaining the crowds that gathered in prodigious numbers to hear his sermons His story of the Parisian vigilante was a recommendation Sexual deviants were the objects of relentless unconditional persecution in Bernardino s sermons Other targets of the preacher s venom were witches Jews and heretics Mormando takes us into the social underworld of early Renaissance Italy to discover how one enormously influential figure helped to dramatically increase fear hatred and intolerance for those on society s margins This book is the first on Bernardino to appear in thirty five years and the first ever to consider the preacher s inflammatory role in Renaissance social issues **Medieval Sexuality** Joyce E. Salisbury,2019-01-17 Originally published in 1990 Well annotated bibliographical entries cover works on history religion medicine philosophy law and literature in western Europe from about the third century A D through the end of the medieval period The primary sources are organised thematically and separately from secondary sources Languages covered include English Spanish Portuguese French German Italian and Latin The focus is on sexuality and sexual attitudes not on the related topics of marriage and family Detailed indexes are also included **THE END OF WOKE** Andrew Doyle,2025-05-29 Thought provoking and entertaining Andrew Doyle s intellect dazzles Jimmy Carr A magisterial read divinely inspired writing and commentary from one of the most thoughtful intellectuals of our time Michael Shermer The best work yet by the creator of genius parody Titania McGrath The Critic A revelatory investigation into the rise and fall of the woke movement and how we can prevent it from happening again It is no secret that we are in the midst of a cultural revolution Activists in the woke movement have claimed to be on the right side of history and yet their approach has been intolerant intemperate and above all illiberal Having dominated the western world for the past fifteen years there are clear signs the woke are now losing their power The re election of Donald Trump the scaling back of DEI initiatives and a growing awareness of the threats to women s sex based rights has stirred a counter revolution But is this truly the end of woke Or have the culture wars merely evolved In The End of Woke Doyle skilfully examines the mechanisms underlying the zealous extremes on both the left and the right He shows that in a desperate power struggle to re assert liberal values some leaders of the anti woke movement have found themselves adopting a different kind of authoritarian approach one which also promotes censorship and erodes our freedoms Doyle argues that although authoritarianism is common to all political tribes we must resist its pernicious influence wherever it emerges After all

replacing one form of tyranny with another will not end the culture wars But liberalism true liberalism might just see the end of woke for good

Hollywood or History? Paul J. Yoder, Aaron P. Johnson, 2022-05-01 Traumagenic events episodes that have caused or are likely to cause trauma color the experiences of K 12 students and the social studies curriculum they encounter in U S schools At the same time that the global COVID 19 pandemic has heightened educators awareness of collective trauma the racial reckoning of 2020 has drawn important attention to historical and transgenerational trauma At a time when social studies educators can simply no longer ignore difficult knowledge instruction that acknowledges trauma in social studies classrooms is essential Through employing relational pedagogies and foregrounding voices that are too often silenced the lessons in Hollywood or History An Inquiry Based Strategy for Using Film to Acknowledge Trauma in Social Studies engage students in examining the role of traumatic or traumagenic events in social studies curriculum The 20 Hollywood or History lessons are organized by themes such as political trauma and war and genocide Each lesson presents film clips instructional strategies and primary and secondary sources targeted to the identified K 12 grade levels As a collection they provide ready to teach resources that are perfect for teachers who are committed to acknowledging trauma in their social studies instruction

Rediscovering Gay History Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rediscovering Gay History has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rediscovering Gay History has opened up a world of possibilities. Downloading Rediscovering Gay History provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rediscovering Gay History has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rediscovering Gay History. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rediscovering Gay History. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rediscovering Gay History, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rediscovering Gay

History has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
