Restoration 1660 1688 British History In Perspective

Julie Farguson

Restoration 1660 1688 British History In Perspective:

The Restoration Paul Seaward, 1991 The Restoration of the monarchy in 1660 seemed to promise a return to the stability and order of pre Civil War England away from the social and political turbulence of the past twenty years It was soon evident however that the wars had exacerbated the deep conflicts in English government religion and society that already existed and had encouraged the growth of several new ones This book examines those conflicts and shows how in 1688 they came to produce a remarkable political revolution Yet it also describes England's burgeoning commercial and military power and the creation of a new international system which formed the basis of her eighteenth century pre eminence **Pictures and**

Popery Clare Haynes, 2017-05-15 The part religion played in questions of national identity in early modern England is a familiar historical theme yet little work has been done on how this worked culturally Nowhere is this more visible than in the seeming contradiction of a militantly Protestant nation such as England that had a high regard for Catholic art It is this dichotomy the tensions between art and anti Catholicism that forms the central investigation of this book During the late seventeenth and eighteenth century religious art was closely identified with idolatry and the use of images was one of the most obvious markers of the boundary between Protestantism and Catholicism This manifested itself in an unease about the status of the religious image in English society which was articulated in religious tracts anti Catholic propaganda polemical debate court cases and numerous other places In light of these attacks upon idolatry the fact that a great deal of Catholic art was so highly regarded and sought after seems puzzling By discussing English attitudes towards the works of Italian painters including Raphael Michelangelo and Domenichino and the ways in which native artists sought appropriately Protestant ways of emulating them this volume offers a fascinating perspective on the dichotomy that existed between English appreciation and disapproval of Catholic culture By taking this cultural and artistic approach and applying it to the broader historical themes a new and invigorating way of understanding religion and national identity is offered **Early Modern England**

1485-1714 Robert Bucholz, Newton Key, 2013-04-03 The second edition of this bestselling narrative history has been revised and expanded to reflect recent scholarship The book traces the transformation of England during the Tudor Stuart period from feudal European state to a constitutional monarchy and the wealthiest and most powerful nation on Earth Written by two leading scholars and experienced teachers of the subject assuming no prior knowledge of British history Provides student aids such as maps illustrations genealogies and glossary This edition reflects recent scholarship on Henry VIII and the Civil War Extends coverage of the Reformations the Rump and Barebone's Parliament Cromwellian settlement of Ireland and the European Scottish and Irish contexts of the Restoration and Revolution of 1688 9 Includes a new section on women's roles and the historiography of women and gender Click here for more discussion and debate on the authors blogspot <http://earlymodernengland.blogspot.com> Wiley disclaims all responsibility and liability for the content of any third party websites that can be linked to from this website Users assume sole responsibility for accessing third party websites and the use of any

Jacobitism Murray Pittock,1998-09-21 The last genuine rebellion on British soil the Jacobite rising of 1745 forms one of the greatest what ifs of British history If Bonnie Prince Charlie s troops had defeated the forces of George II it is fair to say that the entire subsequent course of the country s history would have been dizzyingly changed Jacobitism is a comprehensive study of the Stuart dynasty s attempts to regain the thrones of England Scotland and Ireland in the eighteenth century It provides not only a history of the Jacobite cause and the Risings but also studies of Jacobite culture the financing of Jacobitism the Jacobite diaspora and Jacobitism and nationalism as well as a critical review of the major changes in Jacobite scholarship this century

The Eighteenth Century ,1998 **Teaching History** ,1992

Henrietta Maria and the English Civil Wars Michelle White,2017-09-29 The influence exercised by Queen Henrietta Maria over her husband Charles I during the English Civil Wars has long been a subject of interest To many of her contemporaries especially those sympathetic to Parliament her French origins and Catholic beliefs meant that she was regarded with great suspicion Later historians picking up on this have spent much time arguing over her political role and the degree to which she could influence the decisions of her husband What has not been so thoroughly investigated however are issues surrounding the popular perceptions of the Queen that inspired the plethora of pamphlets newsbooks and broadsides Although most of these documents are polemical propaganda devices that tell us little about the actual power wielded by Henrietta Maria they do throw much light on how contemporaries viewed the King and Queen and their relationship The picture created by Charles and Henrietta s enemies was one of a royal household in patriarchal disorder The Queen was characterized as an overly assertive unduly influential foreign Catholic queen consort whilst Charles was portrayed as a submissive and weak husband Such an image had wide political ramifications resulting in accusations that Charles was unfit to rule and thus helping to justify Parliamentary resistance to the monarch Because Charles had permitted his Catholic wife to interfere in state matters he stood accused of threatening the patriarchal order upon which all of society rested and of imperilling the Church of England In this book Michelle White tackles these dual issues of Henrietta s actual and perceived influence and how this was portrayed in popular print by those sympathetic and hostile to her cause In so doing she presents a vivid portrait of a strong willed woman who had a profound influence on the course of English history

The Stuart Age Barry Coward,Peter Gaunt,2017-02-16 The Stuart Age provides an accessible introduction to England s century of civil war and revolution including the causes of the English Civil War the nature of the English Revolution the aims and achievements of Oliver Cromwell the continuation of religious passion in the politics of Restoration England and the impact of the Glorious Revolution on Britain The fifth edition has been thoroughly revised and updated by Peter Gaunt to reflect new work and changing trends in research on the Stuart age It expands on key areas including the early Stuart

economic religious and social context key military events and debates surrounding the English Civil War colonial expansion foreign policy and overseas wars and significant developments in Scotland and Ireland A new opening chapter provides an important overview of current historiographical trends in Stuart history introducing readers to key recent work on the topic The Stuart Age is a long standing favourite of lecturers and students of early modern British history and this new edition is essential reading for those studying Stuart Britain , **Early Modern Europe** Mark Konnert,2008-08-23 A tour de force Vladimir Steffel Ohio State University *History's Locomotives* Martin Edward Malia,2006-01-01 This masterful comparative history traces the West's revolutionary tradition and its culmination in the Communist revolutions of the twentieth century Unique in breadth and scope *History's Locomotives* offers a new interpretation of the origins and history of socialism as well as the meanings of the Russian Revolution the rise of the Soviet regime and the ultimate collapse of the Soviet Union *History's Locomotives* is the masterwork of an esteemed historian in whom a fine sense of historical particularity never interfered with the ability to see the large picture Martin Malia explores religious conflicts in fifteenth and sixteenth century Europe the revolutions in England America and France and the twentieth century Russian explosions into revolution He concludes that twentieth century revolutions have deep roots in European history and that revolutionary thought and action underwent a process of radicalization from one great revolution to the next Malia offers an original view of the phenomenon of revolution and a fascinating assessment of its power as a driving force in history *Swift's Parody* Robert Phiddian,1995-11-09 An exploration of parody in Swift's early prose and in textual and cultural developments in Swift's Britain Visualising Protestant Monarchy Julie Farguson,2021 Visualizing Protestant Monarchy Contents Illustrations Acknowledgements Introduction Establishing an Anglo Dutch Royal Image 1689-90 Anglo Dutch Kingship and War 1690-4 The Royal Image 1695-1702 Transforming the Royal Image 1702 Military Affiliations 1702-8 The Royal Image 1709-14 Conclusion Bibliography Index Colour Plates The Course of Irish History T. W. Moody, F. X. Martin, Dermot Keogh,2023-09-14 First published over forty years ago and now updated to cover the Celtic Tiger economic boom of the 2000s and subsequent worldwide recession this new edition of a perennial bestseller interprets Irish history as a whole Designed and written to be popular and authoritative critical and balanced it has been a core text in both Irish and American universities for decades It has also proven to be an extremely popular book for casual readers with an interest in history and Irish affairs Considered the definitive history among the Irish themselves it is an essential text for anyone interested in the history of Ireland British Interventions in Early Modern Ireland Ciaran Brady, Jane Ohlmeyer,2005-01-06 This book offers a perspective on Irish History from the late sixteenth to the end of the seventeenth century Many of the chapters address from national regional and individual perspectives the key events institutions and processes that transformed the history of early modern Ireland Others probe the nature of Anglo Irish relations Ireland's ambiguous constitutional position during these years and the problems inherent in running a multiple monarchy Where appropriate the volume adopts a wider

comparative approach and casts fresh light on a range of historiographical debates including the New British Histories the nature of the General Crisis and the question of Irish exceptionalism Collectively these essays challenge and complicate traditional paradigms of conquest and colonization By examining the inconclusive and contradictory manner in which English and Scottish colonists established themselves in the island it casts further light on all of its inhabitants during the early modern period

James Owen and the Defense of Moderate Nonconformity Jason Matossian, 2022-01-17 The period of Revolution and Toleration in England was filled with rapid change political uncertainty and ecclesiastical volatility Still recovering from the strife of Civil War and a divisive Restoration the relationship between the Church of England and Nonconformists remained deeply strained Although Dissenters were granted the right to gather for worship under Toleration their legitimacy was regularly challenged Within this context a variety of significant controversies arose in which James Owen a Welsh Presbyterian minister played a prominent role and was a leading voice for moderate Nonconformity Along with a group of moderate Nonconformist friends like Edmund Calamy Philip and Matthew Henry and Francis Tallents Owen defended a version of Protestant ecumenism This was a theological conviction that 1 the unity of the Protestant Church was indispensable and 2 this unity was to be found in agreement on essential doctrines not in sharing ecclesiastical structures Owen along with his associates defended the Dissenters separation from the Church of England as biblically sanctioned and at the same time emphasized that such separation was not schismatic Owen's clear biblically articulate and historically informed writing made his contribution to the period of Toleration significant and influential

The Church of England in Industrialising Society Michael Francis Snape, 2003 The Church of England in the 18th century is seen as failing its congregation in the industrialising areas specific issues are set out Was the Church of England an ailing or a healthy institution in the eighteenth century Responding to the slings and arrows of its Victorian critics ever since the publication in the 1930s of Norman Sykes Church and State in England in the Eighteenth Century modern scholarship has tended to stress the competence of the Church's leadership at a national and diocesan level and its importance and popularity for the nation at large Moreover in recent years several studies have emerged which argue a strong case for the multi faceted appeal of the Church of England at the local level However although this revisionist scholarship helps to underline the importance of religion for eighteenth century English society it fails to account for the haemorrhaging of support which the Church of England experienced in the first half of the nineteenth century With reference to the situation in England's largest parish this new study of the Church of England's fortunes in the eighteenth century demonstrates its long term failure to retain the loyalty and affections of many men and women in the country's industrialising areas In drawing attention to hitherto neglected issues such as the situation of the Church of England's non graduate clergy and the failure of its ecclesiastical courts it presents a post revisionist case which challenges the existing academic consensus on the situation and success of this faltering institution Dr M F SNAPE teaches in the Department of Theology at the University of Birmingham

Aphra

Behn: A Secret Life Janet Todd, 2017-11-02 Fascinating scholarship Todd conveys Behn's vivacious character and the mores of the time New York Times All women together ought to let flowers fall upon the tomb of Aphra Behn for it was she who earned them the right to speak their minds said Virginia Woolf Yet that tomb in Westminster Abbey records one of the few uncontested facts about this Restoration playwright poet of the erotic and bisexual political propagandist novelist and spy the date of her death 16 April 1689 For the rest secrecy and duplicity are almost the key to her life She loved codes making and breaking them writing her life becomes a decoding of a passionate but playful woman In this revised biography Janet Todd draws on documents she has rediscovered in the Dutch archives and on Behn's own writings to tell a story of court diplomatic and sexual intrigue and of the rise from humble origins of the first woman to earn her living as a professional writer Aphra Behn's first notable employment was as a royal spy in Holland she had probably also spied in Surinam It was not until she was in her thirties that she published the first of the nineteen plays and other works which established her fame though not riches among her good sweet honey candied readers Many of her works were openly erotic indeed as frank as anything by her friends Wycherley and Rochester Some also offered an inside view of court and political intrigues and Todd reveals the historical scandals and legal cases behind some of Behn's most famous fictions Janet Todd novelist and internationally renowned scholar was president of Lucy Cavendish College Cambridge and a Professor at Rutgers NJ An expert on women's writing and feminism she has written about many writers including Jane Austen the Shelley Circle Mary Wollstonecraft and Aphra Behn Ground breaking it reads quickly and lightly Even Todd's throwaway lines are steeped in learning Women's Review of Books A major biography of interest to everyone who cares about women as writers Times Higher Education Supplement *The Geographical Journal*, 1921 Includes the Proceedings of the Royal geographical society formerly pub separately **The Oxford Handbook of Early Modern English Literature and Religion** Andrew Hiscock, Helen Wilcox, 2017-07-03 This pioneering Handbook offers a comprehensive consideration of the dynamic relationship between English literature and religion in the early modern period The sixteenth and seventeenth centuries were the most turbulent times in the history of the British church and perhaps as a result produced some of the greatest devotional poetry sermons polemics and epics of literature in English The early modern interaction of rhetoric and faith is addressed in thirty nine chapters of original research divided into five sections The first analyses the changes within the church from the Reformation to the establishment of the Church of England the phenomenon of puritanism and the rise of non conformity The second section discusses ten genres in which faith was explored including poetry prophecy drama sermons satire and autobiographical writings The middle section focuses on selected individual authors among them Thomas More Christopher Marlowe John Donne Lucy Hutchinson and John Milton Since authors never write in isolation the fourth section examines a range of communities in which writers interpreted their faith lay and religious households sectarian groups including the Quakers clusters of religious exiles Jewish and Islamic communities and those who settled in the new

world Finally the fifth section considers some key topics and debates in early modern religious literature ranging from ideas of authority and the relationship of body and soul to death judgment and eternity The Handbook is framed by a succinct introduction a chronology of religious and literary landmarks a guide for new researchers in this field and a full bibliography of primary and secondary texts relating to early modern English literature and religion
