America's Songs II Michael Lasser, 2014-01-03 America's Songs II Songs from the 1890's to the Post War Years continues to tell the stories behind

popular songs in our country's history serving as a sequel to the bestselling *America's Songs Stories Behind the Songs of Broadway Hollywood and Tin Pan Alley* Beginning in 1890 and ending in post war America *America's Songs II* is a testament to the richness of popular music in the first half of the 20th century This volume builds on the unique features of the first volume delving deeper into the nature of the collaboration between well known songwriters of the time but also shedding light on some of the early performers to turn songs into hits The book's structure a collection of short easy to read essays allows the author to provide historical context to certain songs but also to demonstrate how individual songs facilitated the popularity of specific genres including ragtime jazz and blues which subsequently reshaped the landscape of American popular music *America's Songs II* Songs from the 1890's to the Post War Years will appeal to American popular music enthusiasts but will also serve as an ideal reference guide for students or as a supplement in American music courses

From Goodwill to Grunge Jennifer Le Zotte, 2017-02-02 In this surprising new look at how clothing style and commerce came together to change American culture Jennifer Le Zotte examines how secondhand goods sold at thrift stores flea markets and garage sales came to be both profitable and culturally influential Initially selling used goods in the United States was seen as a questionable enterprise focused largely on the poor But as the twentieth century progressed multimillion dollar businesses like Goodwill Industries developed catering not only to the needy but increasingly to well off customers looking to make a statement Le Zotte traces the origins and meanings of secondhand style and explores how buying pre owned goods went from a signifier of poverty to a declaration of rebellion Considering buyers and sellers from across the political and economic spectrum Le Zotte shows how conservative and progressive social activists from religious and business leaders to anti Vietnam protesters and drag queens shrewdly used the exchange of secondhand goods for economic and political ends At the same time artists and performers from Marcel Duchamp and Fanny Brice to Janis Joplin and Kurt Cobain all helped make secondhand style a visual marker for youth in revolt *City Songs and American Life, 1900-1950* Michael L.

Lasser, 2019 Nothing defines the songs of the great American songbook more richly and persuasively than their urban sensibility During the first half of the twentieth century songwriter such as Harold Arlen Irving Berlin Dorothy Fields George and Ira Gershwin and Thomas Fats Waller flourished in New York City the home of Tin Pan Alley Broadway and Harlem Many of these remarkably deft and forceful creators were native New Yorkers Others got to Gotham as fast as they could Either way it was as if from their vantage point on the West Side of Manhattan these artists were describing America not its geography of politics but its heart to Americans and to the world at large In *City songs and American life 1900 1950* renowned author and broadcaster Michael Lasser offers an evocative and probing account of the popular songs including some written originally for the stage or screen that America heard and sang and danced to during the turbulent first half of the twentieth century Lasser demonstrates how the spirit of the teeming city pervaded these wildly diverse songs Often that spirit took form overtly in songs that portrayed the glamor of Broadway of the energy and jazz age culture of Harlem But a

city bred spirit or even a specifically New York City way of feeling and talking also infused many other widely known and loved songs stretching from the early decades of the century to the twenties the age of the flapper bathtub gin and women s right to vote the Great Depression and finally World War II Throughout this remarkable book Lasser emphasizes how the soul of city life as echoes in the nation s songs developed and changed in tandem with economic social and political currents in America as a whole Dust jacket flap **Columbia Record Catalog** ,1925 *Catalog of Copyright Entries* ,1940 *Any Resemblance to Actual Persons* Hal Erickson,2017-11-28 Most film buffs know that Citizen Kane was based on the life of publisher William Randolph Hearst But few are aware that key characters in films like Double Indemnity Cool Hand Luke Jaws Rain Man A Few Good Men and Zero Dark Thirty were inspired by actual persons This survey of a clef characters covers a selection of fictionalized personalities beginning with the Silent Era The landmark lawsuit surrounding Rasputin and the Empress 1932 introduced disclaimers in film credits assuring audiences that characters were not based on real people even when they were Entries cover screen incarnations of Wyatt Earp Al Capone Bing Crosby Amelia Earhart Buster Keaton Howard Hughes Janis Joplin and Richard Nixon along with the inspirations behind perennial favorites like Charlie Chan and Indiana Jones
