2003 *Film as Religion* argues that popular films perform a religious function in our culture. Like more formal religious institutions, films can provide us with ways to view the world and values to confront it. Lyden contends that approaches which interpret films only ideologically or theologically miss the mark in understanding their appeal to viewers. He develops an alternative method which shows how films can be understood as representing a religious worldview in their own right. Lyden surveys the state of the study of religion and film, offering an overview of previous methods before presenting his own. Rather than seeking to uncover hidden meanings in film, detectable only to scholars, Lyden emphasizes how film functions for its audiences: the beliefs and values it conveys and its ritual power to provide emotional catharsis. He includes a number of brief case studies in which he applies this method to the study of film genres including westerns and action movies, children's films, and romantic comedies, and individual films from *The Godfather* to *E.T.* showing how films can function religiously.

**Rochester's Movie Mania** Donovan A. Shilling, 2013-09-01. A new entertainment form, the movies, caused a sensation when the first silent flickers hit the silver screen. Few cities, however, embraced this new medium more than Rochester, New York. And the movie mania bug bit few as hard as it did author and historian Donovan Shilling. This son of a movie theatre owner was hooked after watching his first film and began collecting all kinds of movie memorabilia, including posters, advertisements, photos, and more. He has now dipped into his collection to compile this scrapbook tracing Rochester's Movie Mania. If you like this, keep watching because he has barely scratched the surface of his collection. **Evolution, Literature, and Film** Brian Boyd, Joseph Carroll, Jonathan Gottschall, 2010. Jonathan Gottschall teaches English at Washington and Jefferson College. Book Jacket. [Devouring Time](#) Philippa Sheppard, 2017-05-26. From Kenneth Branagh's groundbreaking *Henry V* to Justin Kurzel's haunting *Macbeth*, many modern filmmakers have adapted Shakespeare for the big screen. Their translations of Renaissance plays to modern cinema both highlight and comment on contemporary culture and attitudes to art, identity, and the past. A dynamic analysis of twenty-seven films adapted from Shakespeare's works, Philippa Sheppard's *Devouring Time* addresses a wide range of topics, including gender, ritual, music, setting, rhetoric, and editing. She argues that the directors' choice to adapt these four-hundred-year-old plays is an act of nostalgia, not only for the plays themselves but also for the period in which they were written, the association of genius that accompanies them, and the medium of theatre. Sheppard contends that millennial anxiety, brought on by the social and technological revolutions of the last five decades, has generated a yearning for Shakespeare because he is an icon of a literary culture that is often deemed threatened. Authoritative and accessible, *Devouring Time's* investigations of filmmakers' nostalgia for the art of the past shed light on Western concepts of gender, identity, and colonialism. **The Europe of 1500-1815 on Film and Television** Michael Klossner, 2002. *The English Actor* Peter Ackroyd, 2023-04-12. Now in paperback from a leading historian and writer, a delightful exploration of the great English tradition of treading the boards. *The English Actor* charts the uniquely English approach to stagecraft from the medieval period to the present day. In thirty chapters, Peter Ackroyd describes with superb narrative skill the genesis of acting, deriving from the Church tradition of Mystery Plays through the flourishing of the craft in the Renaissance to modern methods following the advent of film and television. Across centuries and media, *The English Actor* also explores the biographies of the most notable and celebrated British actors. From the first woman actor on the English stage, Margaret Hughes who played Desdemona in 1660, to luminaries like Laurence Olivier, Peter O'Toole, Maggie Smith, Judi Dench, and Helen Mirren, to contemporary multi-hyphenates like Gary Oldman, Kenneth Branagh, Sophie Okonedo, and Chiwetel Ejiofor, Ackroyd gives all fans of the theater an original and superbly entertaining appraisal of how actors have acted, how audiences have responded, and what we mean by the magic of the stage.
