Abel,2009-03-20 In cultures throughout human history people have believed that some part of themselves continued to exist after they died Part of that belief is that living can influence what happens to the dead in the afterlife and the dead can return from the afterlife to affect the living Death Gods An Encyclopedia of the Rulers Evil Spirits and Geographies of the Dead describes the many ways the afterlife especially that part of the afterlife commonly known as Hell has been characterized in myths from around the world The hundreds of entries provide readers with a guide to the afterlife as portrayed in these myths its geography its rulers its inhabitants how they got there and what happens after their arrival While the Devil is a prominent resident and ruler of the afterworld in many religions especially Christianity this book examines many other versions of Hell whether presided over by the Devil Hades or one of the many other rulers of the dead Death Gods provides concise encyclopedic entries on all aspects of the mythology of the afterlife The underworlds form the myths of cultures from across the globe for example Xibalba the underworld of the Quiche Maya Di Yu the underground realm of the dead in Chinese mythology the gods and demons of the afterlife the Hindu god of death and justice Yama Ahriman the evil twin of the benevolent god Ahura Mazda in Zoroastrian mythology Buso the invisible ghouls who haunt graveyards and feed on human corpses in Philippine mythology The volume includes an extensive bibliography of the most useful resources for understanding the mythology of death and the afterlife *Ancient Israel in Egypt* Daniel Tompsett,2023-02-07 This book looks back over thousands of years to explore the period in Egyptian history when the Bible identifies that Ancient Israel was resident in Egypt It asks and answers one very simple question What new things can we learn about this period of history if we treat the Bible as a valid historical document Whereas this topic is often approached from either the perspective of the Bible or Egyptology this work genuinely attempts to occupy the ground between the two It uses Scripture like a torch carried into the deepest recesses of the established historical facts and theories concerning the late Middle Kingdom period the Second Intermediate period and the early New Kingdom period in Egyptian history Along the

way it considers some of the latest discoveries innovations and theories from the world of Egyptology and unearths a trove of tangible points of connection As such the narrative forms a two way perspective where the biblical account illuminates stubbornly opaque moments in Egyptian history and chronology and where the meticulous work of Egyptologists provides appropriate additional background to the Bible The result is a sharper perspective of an ancient account that has a surprisingly current application for us all **The Esoteric Codex: Demons and Deities of Wind and Sky** Rocco

Granvil,2017-04-21 The Esoteric Codex Demons and Deities of Wind and Sky collects curated articles regarding demons and deities gods and goddesses of the wind and the sky *The Tradition of Hermes Trismegistus* Christian H. Bull,2018-09-24 In The Tradition of Hermes Trismegistus Christian H Bull argues that the treatises attributed to Hermes Trismegistus reflect the spiritual exercises and ritual practices of loosely organized brotherhoods in Egypt These small groups were directed by Egyptian priests educated in the traditional lore of the temples but also conversant with Greek philosophy Such priests who were increasingly dispossessed with the gradual demise of the Egyptian temples could find eager adherents among a Greek speaking audience seeking for the wisdom of the Egyptian Hermes who was widely considered to be an important source for the philosophies of Pythagoras and Plato The volume contains a comprehensive analysis of the myths of Hermes Trismegistus a reevaluation of the Way of Hermes and a contextualization of this ritual tradition Kemet Peter Karsten,2023-10-13
