Royal Air Force Aircraft James J. Halley,1987-03-01 *Royal Air Force Bomber Command Losses of the Second World War* W. R. Chorley,1992 This is the third volume in the series which deals with the losses sustained by the RAF Bomber Command during the 2nd World War It has already found favour with historians and those friends and relatives affected by the loss *Royal Air Force Bomber Command Losses of the Second World War: Aircraft and crew losses: 1944* W. R. Chorley,1944 **Royal Air Force Bomber Command Losses of the Second World War: Aircraft and crew losses: 1945** W. R. Chorley,1998 Royal Air Force Bomber Command Losses W. R. Chorley,2002 This is the seventh volume in Midland s highly respected series detailing the losses suffered by the RAF s Bomber Command during and in the case of this volume in the years immediately after the Second World War The OTUs were the units in which aircrew got to grips with the heavy bombers they were to fly in combat It is perhaps not surprising that the number of men who came to grief whilst training was very high This volume in common with the other books in the series identifies the units involved in each incident as well as the aircraft and the individual members of the crew concerned A brief description of the circumstances behind each loss is also given In total this book provides information on almost 2 400 losses This is the penultimate volume in the the Bomber Command Losses series An eighth book is in preparation This will be a role of honour listing all the aircrew who perished in the service of Bomber Command during the conflict **Hurricane** John Dibbs,Tony Holmes,Gordon Riley,2017-05-18 2017 marks the 80th anniversary of the remarkable Hawker Hurricane formally entering service The RAF s first monoplane fighter it dragged the Air Force into a position where it could defend Britain in her hour of need The true workhorse of the RAF the Hurricane came into its own in the hot summer months of 1940 valiantly defending the skies above Britain Outnumbering Spitfires three to one the Hurricane also downed far more enemy aircraft Without the obvious elegance of the Me 109 or the Spitfire the Hurricane was nonetheless beloved by its pilots for its ability to simultaneously take a battering and inflict serious damage from its remarkably stable gun platform This stunning book reveals the Hurricane in all its glory from fascinating first hand accounts from the men who flew her to the truly breath taking images from John Dibbs of the Hurricanes still in flight today This lavish fully illustrated edition is a must have for all fans of aviation history **RAF Bomber Command Losses of the Second World War 8** W. R. Chorley,2003 This series has been of enduring interest over many years and is still highly sought after Apart from the obvious interest to aviation historians many people researching family history find these books invaluable as so many families had someone in an RAF bomber squadron who failed to return from active service With the interest in family history increasing all the time and with many now seeking detailed information about wartime careers of relatives the series will continue to be used by those seeking to find out more about fathers grandfathers and other relatives who flew with and died in the service of Bomber Command during World War 2 Royal Air Force Fighter Command Losses of the Second World War Norman L. R. Franks,1997 This volume sees the

tide turning in the Allies favour with more strikes into the Reich being undertaken with Fighter Command escorting medium bombers
