### **The Secret of the Veda** Sri Aurobindo, 2003

A study of the way of writing of the Vedic mystics their philosophic system their system of symbols and the truths they figure and translations of selected hymns of the Rig Veda Is there at all or is there still a secret of the Veda Sri Aurobindo asks in the opening sentence of this book He examines the ritualistic and naturalistic theory of nineteenth century European scholars and then sets forth his own view The hypothesis I propose is that the Rig Veda is itself the one considerable document that remains to us from the early period of human thought of which the historic Eleusinian and Orphic mysteries were the failing remnants when the spiritual and psychological knowledge of the race was concealed for reasons now difficult to determine in a veil of concrete and material figures and symbols which protected the sense from the profane and revealed it to the initiated To disengage this less obvious but more important sense of the Vedic ritual system by fixing the import of Vedic terms the sense of Vedic symbols and the psychological functions of the Gods is thus a difficult but necessary task for which

these chapters and the translations that accompany them are only a preparation Contents The Problem and its Solution A Retrospect of Vedic Theory Modern Theories The Philological Method of the Veda Agni and the Truth The Victory of the Fathers The Conquest over the Dasyus Selected Hymns Hymns of the Atris The Origins of Aryan Speech Subjects Indology Philosophy     The Language of the Atharva-veda Yajan Veer,1979 Since the publication of the Atharva Veda by Roth and Whitney in 1856 it has been subjected to various types of studies interpretative historical religious and cultural But a comparative study embracing all the aspects of the language of the Atharva Veda has so far remained untouched The present work is a grammatical study of the language of the fourth Veda Though mainly concerned with the Saunaka recension of the Atharva Veda the author has also taken note of the linguistic peculiarities found in the paippalad recension The author has taken great pains to make a comprehensive and scholarly study of this important Hindu Scripture contributing in no small measure to the field of language and linguistics     *A Vedic Grammar for Students, Including a Chapter on Syntax and Three Appendixes* Arthur Anthony Macdonell,2015-02-12 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant     **Vedic Grammar** A A Macdonell,2019-08-25 This book has been considered by academicians and scholars of great significance and value to literature This forms a part of the knowledge base for future generations We have represented this book in the same form as it was first published Hence any marks seen are left intentionally to preserve its true nature     Vedic Symbolism Sri Aurobindo,Aurobindo Ghose,1988 The value of the Rig Veda as a guidebook to spiritual practice has been obscured due to the heavy veil of symbols used by the Rishis to hide their meaning from the uninitiated Vedic Symbolism introduces the major vedic concepts and reveals their esoteric sense     *Professor Velankar and Vedic Interpretation* Hari Damodar Velankar,1993 Selected research papers on Vedic indology chiefly on R gveda     *Secret of the Veda, New U.S. Edition* Sri Aurobindo,2018-05-25 Sri Aurobindo breaks new ground in interpreting the ancient Vedas His deeper insight into this came from his own spiritual practices for which he found vivid allegorical descriptions in the Vedas Sri Aurobindo was able to uncover the mystery of the double meanings the inner psychological and yogic significance and practices and the consistent clear sense brought by this psychological view of the Vedic hymns Finally the true inner
