A Sense of Life, a Sense of Sin Eugene C. Kennedy, 1976 Are we willing to grow The answer suggests the author lies deeply within each of us if we approach moral living as an inner directed personal engagement with the Christian message Morality is possible only when we take our own lives and actions seriously At a time when the old laws of morality seem irrelevant and the new ethics seem merely ambiguous modern man is faced with an ongoing struggle in applying moral principles in the course of his daily living This book offers a positive plan to help the Christian reader achieve that deep self knowledge and personal integrity which lead to a truly mature moral outlook Unity of Good Mary Baker Eddy, 1908

 Living in the World is a book of love and life called circle of positive energy and energy of sunlight The book is a book of  
 Planet Earth because the living planet gave sunlight energy to the author of living in the world The author is a human being  
 who did not like the way human beings were suffering in the world and thought that he needed to do something in order to  
 improve the standard of living in the world Author Theodore Ihejieta was born into a Christian family who believed in God  
 and trusted God to protect them from evil and death Death killed the author s father which made him stop trusting God  
 Death killed the immediate junior brother of the author and made him declare war against God The author read many  
 religious books and discovered that human beings did not know God because human beings did not have the intention to  
 know God Ihejieta wants to know God and succeeds in knowing God because God showed Himself to him when he started
