Sensing Transformation Poetic Reflections:

Sensing Transformation Eugene Gizzi, 2004-08-01 A Serpentine Gesture Elisabeth W. Joyce, 2024-12-15 In A Serpentine Gesture John Ashbery's Poetry and Phenomenology Elisabeth W. Joyce examines John Ashbery's poetry through the lens of Maurice Merleau-Ponty's conception of phenomenology. For Merleau-Ponty, perception is a process through which people reach outside of themselves for sensory information, map that experiential information against what they have previously encountered, and what is culturally inculcated in them, and articulate shifts in their internal repositories through encounters with new material. Joyce argues that this process reflects Ashbery's classic statement of poetry being the experience of experience. Through incisive close readings of Ashbery's poems, Joyce examines how he explores this process of continual reverberation between what is sensed and what is considered about that sensation, and ultimately how he renders these perceptions into the serpentine gesture of language.

Psyche's Yearning Gillian Ross, 2010-11 **PSYCHE'S YEARNING** Radical Perspectives on Self Transformation By Gillian Ross. Humankind is being called to bring forth a new level of consciousness, a new story around what it means to be human. Gillian Ross has written a rich evocative book about the journey towards liberation. She emerges from the lived depth of her own sacred autobiography, cooked in the knowing of her heart and guided by the great books as read and understood by her wise eyes. It is both the story of us all and the story of your sacred autobiography. Read it and be inspired to realize the infinite joy, obligation, and depth of your Unique Self. Dr. Marc Gafni, best-selling author, rabbi, and teacher of Kabbalah and World Spirituality, besieged by the messages of consumerism, disillusioned with traditional religion, and faced with the possibility of planetary disaster, our souls are more than ever yearning for purpose and a sense of wholeness and holiness in a fragmented secular world. Weaving her text around the symbolic wisdom of the ancient Greek myth of Psyche and Eros, author Gillian Ross offers personally inspired guidance and inspiration on ways of transcending the pain and limitations of our alienated ego. She invites us to step into the transpersonal domain of the mystic and embrace our identity as a unique expression of a Transcendent Evolutionary Impulse. The Introduction sets the stage for this with a quotation from the popular Buddhist teacher Sogyal Rinpoche: the aim of life is to embody the Transcendent. It could be said that the rest of the book explores what that means and how it can be achieved. Beginning with her own journey of transformation, including recovery from alcohol abuse, Gillian powerfully conveys the message that an awakened consciousness is no longer the prerogative of the saint or the shaman, but a birthright we must all claim if we are to find the collective will to serve the earth community and its myriad life forms with wisdom, compassion, and joy. *Psyche's Yearning* is an inspirational contribution to the growing recognition of the power of meditation as a source of health and wellbeing. Dr. Samuel Sagan, founder of the Clairvision School of Meditation, is the author of several successful relaxation, meditation, and yoga CDs and two books on spiritual evolution: *The Search for the Pearl* and *Is There Life Before Death*. Gillian migrated to Australia in the sixties. She lives on a 40-acre property of great natural beauty in Northern New

South Wales which she is nurturing as a place for spiritual retreats and as an educational Centre for Conscious Evolution Psyche's Yearning can be bought through on line outlets such as Amazon Books but can also be purchased directly from Gillian for 20 inclusive of postage anywhere in Australia A free download of the introduction and prologue is available from her website www.drgillianross.com

"this need to dance / this need to kneel" Michael P. Murphy, Melissa Bradshaw, 2019-09-17 That Denise Levertov 1923-97 was one of the most pioneering and skilled poets of her generation is beyond dispute Her masterly use of language innovative experimentations with organic form and the political acuity disclosed by her activist poetry are well marked by critical communities But it is also quite clear that the poems Levertov wrote in the last twenty years of her life with their more explicit focus on theological themes and subjects are among the best poems written on religious experience of any century let alone the twentieth The collection of essays gathered here shed vital light on this neglected aspect of Levertov studies so as to expand and enrich the scope of critical engagement In a mixture of theoretical considerations and close readings these essays provide valuable reflections about the complex relationship between poetry and belief and offer philosophically robust insights into different styles of poetic imagination The abiding hope is to broaden the terrain for discussions in twenty first century theology literary theory poetics and aesthetics honoring immanence exploring transcendence and dwelling with integrity within the spaces between

Sensing the Everyday C. Nadia Seremetakis,2019-03-18 Sensing the Everyday is a multi sited ethnographic inquiry based on fieldwork experiences and sharp everyday observations in the era of crisis Blending sophisticated theoretical analyses with original ethnographic data C Nadia Seremetakis journeys from Greece to Vienna Edinburgh Albania Ireland and beyond Social crisis is seen through its transnational multiplication of borders thresholds and margins divisions and localities as linguistic bodily sensory and performative sites of the quotidian in process The book proposes everyday life not as a sanctuary or as a recessed zone distanced from the structural violence of the state and the market but as a condition of im possibility unable to

be lived as such yet still an encapsulating habitus There the impossibility of the quotidian is concretized as fragmentary and fragmenting material forces Seremetakis weaves together topics as diverse as borders and bodies history and death the earth and the senses language and affect violence and public culture the sociality of dreaming and the spatialization of the traumatic in a journey through antiphonic witnessing and memory Her montage explores various ways of juxtaposing reality with the unreal and the imaginal to expose the fictioning of social reality The book locates her approach to ethnography and the native ethnographer in wider anthropological and philosophical debates and proposes a dialogical interfacing of theory and practice the translation of academic knowledge to public knowledge
