agency Whereas most feminist scholarship underscores how sexual representations of black women in media are exploitative and problematic Lee portrays black female celebrities like Janet Jackson Beyoncé Karrine Steffans Zane Tyra Banks Juanita Bynum Sheryl Underwood and many more as feminists of sorts who afford women access to cultural tools to renegotiate sexual identity and celebrate sexual agency and empowerment Erotic Revolutionaries navigates the uncharted spaces where social constructionism third wave feminism and black popular culture collide to locate a new site for sexuality studies that is theoretically innovative politically subversive and stylistically chic **Romantic Longings** Steven Seidman,1991 Intimate behaviour is today a principal cause of social conflict in the USA Drawing on a range of evidence this study charts the change from a Victorian spiritual ideal of love to efforts by modern reformers to sexualize love **Sex Made Easy** Debby Herbenick,2025-04-08 Sex Made Easy is a punch direct and no nonsense guide that confronts those problems that often arise things that women are usually too embarrassed to talk about Debby Herbenick is not just a scientist but also a sex expert who has conducted important research at the Kinsey Institute for over a decade But Dr Herbenick has anticipated women's questions everything from orgasms and erections to vibrators and provides simple and frank answers It will give readers the knowledge skills and confidence they need for a more fulfilling sex life **Taking Sexy Back** Alexandra H. through their writing to replace prevailing notions of identity with a gender determined subjectivity Examining the works of such novelists as Samuel Richardson Jane Austen and the Bront s she reveals the ways in which these authors rewrite the domestic practices and sexual relations of the past to create the historical context through which modern institutional power would seem not only natural but also humane and therefore to be desired *The Ideology of Conduct (Routledge Revivals)* Nancy Armstrong, Leonard Tennenhouse, 2014-06-17 In *The Ideology of Conduct* first published in 1987 scholars from various fields from the medieval period to the present day discuss literature in which the sole purpose is to instruct women in how to make themselves desirable This collection investigates how middle class writers who had long emulated the behaviour of the aristocracy began to criticise that behaviour by formulating an alternative object of desire They did so without appearing to breed political controversy because it seemed to concern only the female But writing for and about women in fact became a powerful instrument of hegemony as it introduced a whole new vocabulary for social relations induced certain forms of economic behaviour as desirable in men and women respectively and insured the reproduction of the nuclear family It is argued therefore that the literature of conduct not only recorded but also assisted the production of our contemporary gender based culture
