Separate Canaan:

A Separate Canaan Jon F. Sensbach, 2012-12-01 In colonial North Carolina German speaking settlers from the Moravian Church founded a religious refuge an ideal society they hoped whose blueprint for daily life was the Bible and whose Chief Elder was Christ himself As the community's demand for labor grew the Moravian Brethren bought slaves to help operate their farms shops and industries Moravians believed in the universalism of the gospel and baptized dozens of African Americans who became full members of tightly knit Moravian congregations For decades white and black Brethren worked and worshiped together though white Moravians never abandoned their belief that black slavery was ordained by God Based on German church documents including dozens of rare biographies of black Moravians **A Separate Canaan** is the first full length study of contact between people of German and African descent in early America Exploring the fluidity of race in Revolutionary era America it highlights the struggle of African Americans to secure their fragile place in a culture unwilling to give them full human rights In the early nineteenth century white Moravians forsook their spiritual inclusiveness installing blacks in a separate church Just as white Americans throughout the new republic rejected African American equality the Moravian story illustrates the power of slavery and race to overwhelm other ideals **The Colonial Towns of Piedmont**

North Carolina Christopher E. Hendricks, 2024-11-15 How do towns come into existence What circumstances determine whether they succeed or fail In **The Colonial Towns of Piedmont North Carolina** author Christopher E Hendricks looks at one region in eighteenth century America to explore answers to these questions He examines the establishment and development of eleven towns in the Piedmont classifying them into three types county towns formed by the establishment of government institutions such as a courthouse trade towns formed around commercial opportunities and religious towns such as the three towns developed in Wachovia a region where Moravians settled He uses these classifications to tell the stories of how these towns came into being and how in their development they struggled against economic cultural and political challenges Ultimately **The Colonial Towns of Piedmont North Carolina** deepens our understanding of the influence that American towns had on the settlement of the backcountry Hendricks tells the poignant story of the Moravians struggle to maintain their neutral stance during the Revolutionary War surviving exploitation and brutality from both the Continental Army and the British The author also integrates the history of Native Americans into this mix of competing forces and shows how they were challenged by and resisted the newcomers He emphasizes the role of individual initiative as well as the impetus of government specifically courthouses in establishing towns By utilizing a variety of rarely examined primary sources methodological approaches ranging from geographic theory to material culture studies and a deep examination of local history Hendricks provides a comprehensive analysis of the emergence of these towns on the frontier **Moravian**

Religion on the Margins Benjamin M. Pietrenka, 2024-09-30 In the eighteenth century missionaries of the radical Pietist Moravian Church wandered from Germanic Europe to the edges of the known world in search of tolerance and a closer relationship to God This open minded cosmopolitan undertaking led to unintended consequences however both for the Moravians and for the other persecuted peoples European African and Indigenous they sought to convert Religion on the Margins examines the complexities of early modern Moravians as a cosmopolitan community focused on an eschatological global vision while having to negotiate diverse cultures and most importantly the institution of slavery Drawing on a transatlantic archive of teachings letters and diaries Benjamin M Pietrenka sheds light on

how a professedly anti colonial cast of characters navigated and found themselves taking part in a deeply colonial narrative Ultimately Pietrenka shows how the Moravians operating from within the constraints of mission work became complicit in the European imperial project in spite of their stated values and their own experience of marginalization For scholars of early modern religion empire and politics Pietrenka s book challenges tendencies in the field to equate modernity with secularization and invites us to consider how non elite actors understood religion and ethnicity through each other in ways that contributed to the emergence of modern scientific racism and white supremacy The Enlightenment Dorinda Outram,2013-01-10 New third edition of this acclaimed accessible overview of the Enlightenment with a new chapter and guidance on further research A Discourse Concerning the Happiness of Good Men, and the Punishment of the Wicked, in the Next World William Sherlock,1705 **A Discourse Concerning the Happiness of Good Men** William Sherlock,1713 **The Monthly Repository of Theology and General Literature** ,1830 **The Monthly Repository and Review of Theology and General Literature** ,1830 **Biblical topography, lectures** Samuel Ransom,1840 The Creation of the British Atlantic World Elizabeth Mancke,Carole Shammas,2015-10-15 Was the British Atlantic shaped more by imperial rivalries or by the actions of subnational groups with a variety of economic social and religious agendas The Creation of the British Atlantic World analyzes the interrelationship between these competing explanations for the development of the British Atlantic by examining migration patterns on both the macro and micro level It also scrutinizes the roles played by trade religion ethnicity and class in linking Atlantic borders and the increasingly complicated legal intellectual and emotional relationship between the British sovereign and colonial charterholders Contributors include Joyce E Chaplin John E Crowley David Barry Gaspar April Lee Hatfield James Horn Ray A Kea Elizabeth Mancke Philip D Morgan William M Offutt Robert Olwell Carole Shammas Wolfgang Splitter Mark L Thompson Karin Wulf Avihu Zakai Slave Patrols Sally E. Hadden,2003-10-30 Obscured from our view of slaves and masters in America is a critical third party the state with its coercive power This book completes the grim picture of slavery by showing us the origins the nature and the extent of slave patrols in Virginia and the Carolinas from the late seventeenth century through the end of the Civil War Here we see how the patrols formed by county courts and state militias were the closest enforcers of codes governing slaves throughout the South Mining a variety of sources Sally Hadden presents the views of both patrollers and slaves as she depicts the patrols composed of respectable members of society as well as poor whites often mounted and armed with whips and guns exerting a brutal and archaic brand of racial control inextricably linked to post Civil War vigilantism and the Ku Klux Klan City councils also used patrollers before the war and police forces afterward to impose their version of race relations across the South making the entire region not just plantations an armed camp where slave workers were controlled through terror and brutality **Pious Pursuits** Michele Gillespie,Robert Beachy,2007-09-01 Recent work on the history of migration and the Atlantic World has underscored the importance of the political economies of Europe Africa and the Americas in the
