Movement Michael Kinnamon,Brian E. Cope,1996-12-31 Included in this collection of documents from the twentieth century ecumenical movement are passages from texts produced by assemblies conferences and studies of the World Council of Churches and similar bodies covering three areas of historical concern within modern ecumenism faith and order life and work and mission and evangelism My Journal of the Council Yves Congar,2012-12-31 Yves Congar was a theological advisor to the preparatory commission for Vatican II and attended all sessions of the Council 1962 1965 as a theological expert His daily journal provides a window into the Council s workings and into the development of what would become a series of historical documents and declarations Theologian Yves Congar op silenced and exiled in 1955 was in 1960 made a theological advisor to the preparatory commission for Vatican II From then on and all through the Council 1962 1965 he was an influential day to day participant in its work His diary provides a window into the Council s workings and the development of what would become a series of historical documents and declarations It also offers Congar s own down to earth and candid perspective on many of the remarkable people and events that shaped the Council *Dialogue as an Imperative to Ecumenical and Interreligious Problems in Nigeria* Casmir Chimezie Obi,2015-08-06 The Church is the Sacrament of Communion with God and unity among all men Cf Vatican II doc L G 1 Christ prayed for this unity amongst his adherents in accordance with the unity between him and God the Father Cf Jn 17 21 This unity will be a sign by which the outside world is

to believe in him hence calling on the Church to rise up to this demand Efforts were made by the Church to respond to this demand but it was at the Second Vatican Council that the search for unity became an imperative With this Council the Church acknowledged the possibility of Salvation for the members of other Christian traditions and people of other religions The Church has done a lot to promote this unity through the teachings of the Magisterium and the activities of the recent Popes It is then important to study the situation of Nigeria where this call of the Vatican II has received scant response both in ecumenical and interreligious relations Having done pastoral work in places with interdenominational and interreligious rivalry in Nigeria I became concerned and worried The present religious crises in Nigeria has escalated to an issue of grave concern with the Boko Haram insurgency My motivation is to demonstrate the teaching of the Church regarding interdenominational and interreligious dialogue within Nigeria There has been no sustained effort to build bridges of religious unity in the country This research will demonstrate the necessity of ecumenical dialogue as a prelude to interreligious dialogue in Nigeria On the global level the need for various religions to foster relationships has become an imperative Two important bodies CAN and NIREC will be studied in this book The work aims at demonstrating the involvement of the Nigerian Christians and Muslims in ecumenical and interreligious dialogue Essentially concerned with the Catholic view of ecumenical and interreligious dialogue its application to the Nigerian situation No in depth study of the religions involved It is rather the fact of their existence the role dialogue will play with them to solve religious problems in Nigeria Though ATR was considered in this work but the issue of dialogue will only involve Nigerian Muslims Christians The research wishes to provoke further study on dialogue between ATR and any of the other two religions Two issues involved the reality importance of the Catholic teachings on ecumenical interreligious dialogue and their application to the Nigerian situation Key methods involved in this work are literary research and analysis through theological historical critical descriptive analytical expository approaches
