Separated By War:

Theater of a Separate War Thomas W. Cutrer, 2023-04-04 Though its most famous battles were waged in the East at Antietam Gettysburg and throughout Virginia the Civil War was clearly a conflict that raged across a continent From cotton rich Texas and the fields of Kansas through Indian Territory and into the high desert of New Mexico the Trans Mississippi Theater was site of major clashes from the war s earliest days through the surrenders of Confederate generals Edmund Kirby Smith and Stand Waite in June 1865 In this comprehensive military history of the war west of the Mississippi River Thomas W Cutrer shows that the theater s distance from events in the East does not diminish its importance to the unfolding of the larger struggle

A Separate Little War Andrew Bird, 2003-09-19 Every day for nine months from September 1944 to the end of the war young British Commonwealth and Norwegian airmen flew from Banff aerodrome in northern Scotland in their Mosquitoes and Beaufighters to target the German U Boats merchantmen and freighters plying along the coast and in the fjords and leads of southwest Norway encountering the Luftwaffe and flakships every step of the way This Scottish strike wing fought in some of the bitterest and bloodiest attacks of the war all at very low level and at close quarters Their contribution to winning the war was crucial and while the cost in precious lives and equipment was in the same proportion as Bomber Command they inflicted far greater damage to the enemy in relation to their losses With Group Captain The Hon Max Aitken DSO DFC as station commander Banff was eventually to become the base for a total of six Mosquito squadrons including 235 248 and 143 together with B Flight of the elite 333 Norwegian Squadron and would team up on missions with the nearby Dallachy Beaufighter strike wing 404 RCAF 455 RAAF 489 RNZAF and 144 Squadrons A Separate Little War then is a well researched and detailed history of a microcosm of Coastal Command Supported by many photographs maps and charts the vast majority never published before the author has drawn on the personal accounts of amongst others British and Norwegian pilots ground crew and civilians which augment the official sources to give a compelling accurate and fascinating depiction of an aerodrome at war It is a subject which will be of great interest and value to the general reader and to those students of the Luftwaffe Kriegsmarine RAF and former Commonwealth Air Forces the Polish Air Force and of maritime air operations during World War Two

War in John Knowles's A Separate Peace Dedria Bryfonski, 2011-01-04 This compelling volume explores the complexities of adolescent friendship in John Knowles s A Separate Place Essays discuss the life of John Knowles the role of personal experience in fiction how the novel explores the roots of war as well as contemporary perspectives on how war in Afghanistan is increasing bullying among children and how sports bring joy despite the realities of war

The Medical Department of the United States Army in World War II. United States. Army Medical Service, 1967

Strengthening Peace in Post-Civil War States Matthew Hoddie, Caroline A. Hartzell, 2010-09-30 Among the more frequent and most devastating of conflicts civil wars from Yugoslavia to Congo frequently reignite and even spill over into the international sphere Given the inherent fragility of civil

war peace agreements innovative approaches must be taken to ensure the successful resolution of these conflicts

Strengthening Peace in Post Civil War States provides both analytical frameworks and a series of critical case studies demonstrating the effectiveness of a range of strategies for keeping the peace Coeditors Matthew Hoddie and Caroline A Hartzell here contend that lasting peace relies on aligning the self interest of individuals and communities with the society wide goal of ending war if citizens and groups have a stake in peace they will seek to maintain and defend it The rest of the contributors explore two complementary approaches toward achieving this goal restructuring domestic institutions and soft intervention Some essays examine the first tactic which involves reforming governments that failed to prevent war while others discuss the second an umbrella term for a number of non military strategies for outside actors to assist in keeping the peace

Virginia Woolf and the Great War Karen L. Levenback,1999-05-01 Virginia Woolf was a civilian a noncombatant during the Great War Unlike the war poet Wilfred Owen she had not seen God through mud Yet although she was remembered by her husband as the least political animal since Aristotle invented the definition and called an instinctive pacifist by Alex Zwerdling her experience and memory of the war became a touchstone against which life itself was measured Virginia Woolf and the Great War focuses on Woolf s war consciousness and how her sensitivity to representations of war in the popular press and authorized histories affected both the development of characters in her fiction and her nonfictional and personal writings As the seamless history of the prewar world had been replaced by the realities of modern war Woolf herself understood there was no immunity from its ravages even for civilians Karen L Levenback s readings of Mrs Dalloway To the Lighthouse and The Years in particular together with her understanding of civilian immunity the operation of memory in the postwar period and lexical resistance to accurate representations of war are profoundly convincing in securing Woolf s position as a war novelist and thinker whose insights and writings anticipate our most current progressive theories on war s social effects and continuing presence

Guibert's Defense of the System of Modern War Jonathan Abel,2025-05-21 Guibert was France s foremost military theorist in the eighteenth century He wrote two great treatises but the second is often ignored in favor of the first the General Essay on Tactics That second treatise the Defense of the System of Modern War is presented here for the first time in English with extensive annotations by the translator In it Guibert explores the beginnings of operational level warfare laying the groundwork for Napoleon and his successors

Satan's Looming Identity Crisis! the Final War in

the Age of Reason I. A. Mallone, 2010-01-05 **United States Army in the World War, 1917-1919** United States. Department of the Army. Office of Military History, 1948 **The United States Army in the World War, 1917-1919** United States Historical Division (Army)., 1948 **United States Army in the World War, 1917-1919: General orders, GHQ, AEF**, 1988 A seventeen volume compilation of selected AEF records gathered by Army historians during the interwar years This collection in no way represents an exhaustive record of the Army's months in France but it is certainly worthy of serious consideration and thoughtful review by students of military history and strategy and will serve as a useful jumping off point for any earnest scholarship on the war from Foreword by William A Stofft *Routledge Handbook of Ethics and War* Fritz Allhoff, Nicholas G. Evans, Adam Henschke, 2013-06-26 This new Handbook offers a comprehensive overview of contemporary extensions and alternatives to the just war tradition in the field of the ethics of war The modern history of just war has typically assumed the primacy of four particular elements *jus ad bellum* *jus in bello* the state actor and the soldier This book will put these four elements under close scrutiny and will explore how they fare given the following challenges What role do the traditional elements of *jus ad bellum* and *jus in bello* and the constituent principles that follow from this distinction play in modern warfare Do they adequately account for a normative theory of war What is the role of the state in warfare Is it or should it be the primary actor in just war theory Can a just war be understood simply as a response to territorial aggression between state actors or should other actions be accommodated under legitimate recourse to armed conflict Is the idea of combatant *qua* state employed soldier a valid ethical characterization of actors in modern warfare What role does the technological backdrop of modern warfare play in understanding and realizing just war theories Over the course of three key sections the contributors examine these challenges to the just war tradition in a way that invigorates existing discussions and generates new debate on topical and prospective issues in just war theory This book will be of great interest to students of just war theory war and ethics peace and conflict studies philosophy and security studies War in Japan Stephen Turnbull, 2022-03-17 Fully illustrated with colour maps and 50 images this is an accessible introduction to the most violent turbulent cruel and exciting chapter in Japanese history In 1467 the Onin War ushered in a period of unparalleled conflict and rivalry in Japan that came to be called the Age of Warring States In this book Stephen Turnbull offers a masterly exposition of the wars explaining what led to Japan's disintegration into rival domains after more than a century of relative peace the years of fighting that followed and the period of gradual fusion when the daimyo great names strove to reunite Japan under a new Shogun Peace returned to Japan with the end of the Osaka War in 1615 Turnbull draws on his latest research to include new material for this updated edition covering samurai acting as mercenaries the expeditions to Korea Taiwan and Okinawa and the little known campaigns against the Ainu of Hokkaido to present a richer picture of an age when conflicts were spread far more widely than was hitherto realised With specially commissioned maps and all new images throughout this updated and revised edition provides a concise overview of Japan's turbulent Age of

Warring States
