September Mourn:

September Mourn Mary Daheim,2009-10-13 Fall has fallen upon Judith McMonigle Flynn leaving her Hillside Manor nearly devoid of guests And what better cure for the off season blahs than a brief bout of B B sifting for a friend amid the quiet rustic splendor of secluded Chavez Island Judith and cousin Renie both are more than ready for some relaxation But their peace goes to pieces when Renie conks an odious interloping blowhard on the noggin with a heavy china dish and moments later the woozy lout takes a fatal tumble down an inconvenient staircase Judith suspects that death by dinnerware was not the real cause of this fellow s demise But to prove her cantankerous cuz innocent she ll have to uncover the real killer from among the motley island crew And that could pile a lot more nastiness on Judith s plate than the harried bed and breakfast hostess can consume in one sitting *The Mourning of September* Dajion Houston,2020-04-13 Having committed many murders and brutal crimes Zoe Lacking a former gang member and paid street fighter is on the run hiding from the law former gang members and a bounty hunter called Traitor She also suffers from sleep deprivation that will lead to her drug alcohol abuse and personality disorder In her new dysfunctional life she ll find comfort in the arms of many men an assassin a murdering doctor a serial killer and a fast food robber But her life will be forever changed when she moves to New York and gets a job as a window washer in lower Manhattan using a fake identity There she will meet the lost and confused spirit of a man who died during the 9 11 attacks also stuck between the spiritual and physical realm She agrees to help him find out who he is he agrees to help her find her daughter **A Day in September** Stephen Budiansky,2024-09-03 One of the Wall Street Journal s 10 Best Books of The Year A very different and very welcome direction in Civil War battle history Extraordinary Allen C Guelzo National Review A panoramic account of the fateful Civil War battle and its far reaching consequences for American society and culture The Battle of Antietam which took place on September 17 1862 remains the single bloodiest day in America s history more than 3 600 men died in twelve hours of savage fighting and more than 17 000 were wounded As a turning point in the Civil War the narrow Union victory is well known as the key catalyst for Lincoln to issue his Emancipation Proclamation Yet Antietam was not only a battle that dramatically changed the fortunes and meaning of the war it also changed America in ways we feel today No army in history wrote so many letters or kept as many diaries as the soldiers who fought in the Civil War and Stephen Budiansky draws on this rich record to re create the experiences of those whose lives were forever changed whether on the battlefield or in trying to make sense of its horrors in the years and decades to follow Antietam would usher in a new beginning in politics military strategy gender roles battlefield medicine war photography and the values and worldview of the postwar generation A masterful and fine grained account of the battle built around the intimate experiences of nine people whose lives intersected there A Day in September is a story of war but also at its heart a human history one that encompasses Antietam s enduring legacy **Photography and September 11th** Jennifer Good,2020-09-13 It is all but impossible to think of September 11th 2001 and not at the same time recall an image

The overwhelmingly visual coverage in the world's media pictured a spectacle of terror from images of the collapsing towers to injured victims and fatigued firefighters. In the days, weeks, and months that followed, this vast collection of photographs continued to circulate relentlessly. This book investigates the psychological impact of those photographs on a stunned American audience. Drawing on trauma theory, this book asks whether the prolonged exposure of audience to photographs was cathartic or damaging. It explores how first the collective memory of the event was established in the American psyche and then argues that through repetitive use of the most powerful pictures, the culture industry created a dangerously simple 9/11 metanarrative. At the same time, people began to reclaim and use photography to process their own feelings, most significantly in communities of photographic memorial websites. Such exercises were widely perceived as democratic and an aid to recovery. This book interrogates that assumption, providing a new understanding of how audiences see and process news photography in times of crisis.

Death Ritual in Late Imperial and Modern China James L. Watson, Evelyn S. Rawski, 1988. During the late imperial era (1500-1911), China, though divided by ethnic, linguistic, and regional differences at least as great as those prevailing in Europe, enjoyed a remarkable solidarity. What held Chinese society together for so many centuries? Some scholars have pointed to the institutional control over the written word as instrumental in promoting cultural homogenization; others, the manipulation of the performing arts. This volume, comprised of essays by both anthropologists and historians, furthers this important discussion by examining the role of death rituals in the unification of Chinese culture.

Mourning Dove Nesting Paul H. Geissler, 1987. A nationwide state-federal cooperative study was initiated in 1978 to examine the effects of September hunting on nesting mourning doves. This study was designed to: 1) determine the proportion of the annual total of dove nesting activity and production that occurs in September and October, and 2) determine if survival rates of mourning dove eggs and nestlings are lower in zones where early September dove hunting is permitted than in zones where it is prohibited.

Guantanamo Bay Detainees Pamela M. Von Ness, 2003. With the decision to transfer Al Qaeda and Taliban captives to detention facilities at Guantanamo Bay Naval Base, Cuba, the Pentagon headed into legally uncharted territory. The United States has neither recognized the detainees as prisoners of war nor have they been charged with any crime. Consequently, unanswered questions regarding their legal status and continued incarceration have drawn heated criticism from human rights organizations worldwide. Although senior defense officials are working to develop an appropriate long-term plan, they will likely confront further legal challenges involving military tribunals and the eventual reclassification of some detainees as bona fide prisoners of war. The one certainty is that the military has undertaken an unprecedented prisoner operation with an undetermined end state.

Mothers, Infants and Young Children of September 11, 2001 Beatrice Beebe, Phyllis Cohen, K. Mark Sossin, Sara Markese, 2013-09-13. The group of papers presented in this volume represents ten years of involvement of a group of eight core therapists working originally with approximately forty families who suffered the loss of husbands and fathers on September 11, 2001. The project focuses on the families of women

who were pregnant and widowed in the disaster or of women who were widowed with an infant born in the previous year This book maps the support and services provided without cost to the families by the primary prevention project the September 11 2001 Mothers Infants and Young Children Project organised by a highly trained group of therapists specialising in adult child mother infant and family treatment as well as in nonverbal communication The demands of the crisis led these therapists to expand on their psychoanalytic training fostering new approaches to meeting the needs of these families They sought out these families offering support groups for mothers and their infants and young children in the mothers own neighbourhoods They also brought the families to mother child videotaped play sessions at the New York State Psychiatric Institute at Columbia University followed by video feedback and consultation sessions In 2011 marking the 10th anniversary of the World Trade Center tragedy the Project continues to provide services without cost for these mothers who lost their husbands for their infants who are now approximately ten years old and for the siblings of these children This book was originally published as a special issue of the Journal of Infant Child and Adolescent Psychotherapy Ecology and Management of the Mourning Dove Thomas S.
