Long Way From Home:

A Long Way from Home Pat Sandiford Grygier, 1997-03-27 A comprehensive account of the tuberculosis epidemic among the Inuit in the mid part of the century The Inuit were victims not only of the epidemic but also of the Canadian government's shockingly slow response and lack of concern for their culture Grygier's focus is on patients' experiences and the programs set up to deal with the epidemic rather than on a purely medical discussion of the disease and treatment

Bruce Springsteen, Cultural Studies, and the Runaway American Dream Dr Kenneth Womack, Mr Jerry Zolten, Mr Mark Bernhard, 2013-01-28 There is little question about the incredible power of Bruce Springsteen's work as a particularly

transformative art as a lyrical and musical fusion that never shies away from sifting through the rubble of human conflict As Rolling Stone magazine s Parke Puterbaugh observes Springsteen is a peerless songwriter and consummate artist whose every painstakingly crafted album serves as an impassioned and literate pulse taking of a generation s fortunes He is the foremost live performer in the history of rock and roll a self described prisoner of the music he loves for whom every show is played as if it might be his last In recent decades Puterbaugh adds Springsteen s music developed a conscience that didn t ignore the darkening of the runaway American Dream as the country greedily blundered its way through the 1980s and into the sociocultural detritus of a new century paralysed by isolation and uncertainty Bruce Springsteen Cultural Studies and the Runaway American Dream reflects the significant critical interest in understanding Springsteen s resounding impact upon the ways in which we think and feel about politics religion gender and the pursuit of the American Dream By assembling a host of essays that engage in interdisciplinary commentary regarding one of Western culture s most enduring artistic and socially radicalizing phenomena this book offers a cohesive intellectual and often entertaining introduction to the many ways in which Springsteen continues to impact our lives by challenging our minds through his lyrics and music **Bruce**

Claude McKay, Rebel Sojourner in the Harlem Renaissance Wayne F. Cooper, 1996-02 Cooper paints a meticulous and absorbing portrait of McKay's restless artistic intellectual and political odyssey The definitive biography on McKay Choice Although recognized today as one of the genuine pioneers of black literature in this century the author of *If We Must Die* *Home to Harlem* *Banana Bottom* and *A Long Way from Home* among other works Claude McKay 1890-1948 died penniless and almost forgotten in a Chicago hospital In this masterly study Wayne Cooper presents a fascinating detailed account of McKay's complex chaotic and frequently contradictory life In his poetry and fiction as well as in his political and social commentaries McKay searched for a solid foundation for a valid black identity

among the working class cultures of the West Indies and the United States He was an undeniably important predecessor to such younger writers of the Harlem Renaissance as Langston Hughes and Countee Cullen and also to influential West Indian and African writers such as C L R James and Aim C saire Knowledge of his life adds important dimensions to our understanding of American radicalism the expatriates of the 1920s and American literature Mr Cooper s most original contribution is his careful and perceptive analysis of McKay s nonfiction writing especially his social and political commentary which often contained prophetic statements on a range of important social political and historical issues New York Times Book Review

Manliness and Its Discontents Martin Summers, 2005-12-15 In a pathbreaking new assessment of the shaping of black male identity in the early twentieth century Martin Summers explores how middle class African American and African Caribbean immigrant men constructed a gendered sense of self through organizational life work leisure and cultural production Examining both the public and private aspects of gender formation Summers challenges the current trajectory of masculinity studies by treating black men as historical agents in their own identity formation rather than as screens on which white men projected their own racial and gender anxieties and desires Manliness and Its Discontents focuses on four distinct yet overlapping social milieus the fraternal order of Prince Hall Freemasonry the black nationalist Universal Negro Improvement Association or the Garvey movement the modernist circles of the Harlem Renaissance and the campuses of historically black Howard and Fisk Universities Between 1900 and 1930 Summers argues dominant notions of what it meant to be a man within the black middle class changed from a Victorian ideal of manliness characterized by the importance of producer values respectability and patriarchy to a modern ethos of masculinity which was shaped more by consumption physicality and sexuality Summers evaluates the relationships between black men and black women as well as relationships among black men themselves broadening our understanding of the way that gender works along with class sexuality and age to shape identities and produce relationships of power
