**Dark Reflection - Heartless Princess** Daniel Cobb,2017-03-29 When Princess Angel finds a mirror in a haunted castle her dark reflection comes alive Her simple life shatters she must find the missing pieces Unless she puts it back together in time she ll fade away forever Facing Shadow the Witch she becomes her own worst enemy Will she be able to defeat the dark side of her soul that she can t control Until her heart is broken it will never be whole It s up to a brave prince named Paladin and a white unicorn named Starlight to slay the Dragon King who kidnapped her Now she has to dream the darkness away or she ll be trapped in a nightmarish reality turned upside down With the fate of her world hanging by a thread she gets caught in a web of confusion Can he save her before it s too late [DRUMTARA SERIES... The Guardians of Thomas Roberts](#) Ryan

James Greer,2022-01-13 Drumtara is a mythical place where witches wizards and magical creatures once lived in harmony together until they were deceived by an evil warlock Nicopulas who waged war upon Drumtara Thomas Roberts s birth parents instructed two loyal guardians to take the child to the human world to hide and protect him A young Mary Jane Roberts just widowed and broken hearted follows a strange image that mysteriously leads her to a newborn baby in her barley field on Hog Hill Farm Unable to find the child s mother Mary Jane Roberts names the child Thomas Roberts and claims him as her own Unknown to Mary Jane Roberts the two guardians from the mythical world disguised themselves as a farmhand and a maid to stay close to Thomas Roberts and protect him from the beasts that would be sent to destroy the child

*International Companion Encyclopedia of Children's Literature* Peter Hunt,2004-08-02 Children s publishing is a huge international industry and there is ever growing interest from researchers and students in the genre as cultural object of study and tool for education and socialization *The Land of Stories: Beyond the Kingdoms* Chris Colfer,2015-07-07 Fairy tales are just the beginning The Masked Man is on the loose in the Land of Stories and it s up to Alex and Conner Bailey to stop him except Alex has been thrown off the Fairy Council and no one will believe they re in danger With only the help of the ragtag group of Goldilocks Jack Red Riding Hood and Mother Goose and her gander Lester the Bailey twins discover the Masked Man s secret scheme He possesses a powerful magic potion that turns every book it touches into a portal and he is recruiting an army of literature s greatest villains So begins a race through the magical Land of Oz the fantastical world of Neverland the madness of Wonderland and beyond Can Alex and Conner catch up to the Masked Man or will they be one step behind until it s too late Fairy tales and classic stories collide in the fourth adventure in the bestselling Land of Stories series as the twins travel beyond the kingdoms

**Folklore** Owen Davies,Ceri Houlbrook,2025-09-23 A gripping guide to the weird yet everyday world of British folklore In this ground breaking book two leading experts provide the definitive guide to British folklore past and present Owen Davies and Ceri Houlbrook explore folklore in all its remarkable variations from village rituals and fairy tales to UFO legends and internet fanfiction Travelling through a landscape of witches wizards and wicker men they reveal how folklore has been researched and written about in the past and show how it continues to be lived in the

present At the same time they provide the reader with a valuable toolkit for understanding how to interpret the diverse examples given The book s key message is that folklore is much more than the fossilised remains of a distant rural past Folklore is and always has been ubiquitous dynamic and political It is a living tradition that draws from many sources including migrant communities and is forever being renewed and updated

**Women and Magic in Medieval Romance** Jane Elizabeth Bonsall, 2025-04-08 Explores the conventions and contradictions inherent in archetypes of magical femininity from loathly ladies to monstrous mothers in a range of popular late medieval English romances The female characters in Middle English romances with particular power and agency are often portrayed as supernatural possessing either magical abilities or identities This book argues that a genre focused reading of these supernatural women reveals romance s strategies for working through and articulating anxieties about the changing world of the late medieval period as well as exposing their contemporary audiences unexpectedly flexible attitudes toward feminine authority and moral ambiguity It explores five distinct types of magical femininity the Tristan tradition s marvelously gifted healers the Muslim princess in Bevis of Hampton the endlessly wealthy fairy imagined by Sir Launfal and Partonope of Blois the monster mother Melusine and Morgan le Fay the prototypical witch By tracking the way each type first establishes then complicates generic patterns this study highlights the tension between romance s persistent fascination with feminine power and its simultaneous reiteration of the social and generic bounds on women s agency and authority Interrogating generic expectations from an intersectional feminist perspective it makes a case for a recuperative re reading of romance one that asks us to revise our assumptions about the potentialities of women s power in the medieval imaginary

**The Witches of Lorraine** Robin Briggs, 2007 Based on the richest archive of witchcraft trials found in Europe this book paints a vivid picture of life amongst the people of a small duchy on the border of France Robin Briggs examination of their beliefs in phenomena such as shapeshifting and werewolves proves a vital contribution to historical understanding of witchcraft

**The Lever of Riches** Joel Mokyr, 1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution What were the causes of

technological creativity Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas He discusses a long list of such factors showing how they interact to help or hinder a nation s creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution He examines such aspects as the role of the state the Chinese gave up a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels the impact of science as well as religion politics and even nutrition He questions the importance of such commonly cited factors as the spill over benefits of war the abundance of natural resources life expectancy and labor costs Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity The Lever of Riches with its keen analysis derived from a sweeping survey of creativity throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential
