Loose Cannons:

Managing Business Ethics Linda K. Trevino, Katherine A. Nelson, 2010-08-23 While most business ethics texts focus exclusively on individual decision making what should an individual do this resource presents the whole business ethics story Highly realistic readable and down to earth it moves from the individual to the managerial to the organizational level focusing on business ethics in an organizational context to promote an understanding of complex influences on behavior The new Fifth Edition is the perfect text for students entering the workplace those seeking to become professionals in training communications compliance in addition to chief ethics officers corporate counsel heads of human resources and senior executives

Loose cannons (Motion picture) ,1990 **The Military In New Times** James Burk, Robert J Waldman, David R Segal, Charles C Moskos, 2019-06-26 What role will armed forces play in a world that is turbulent yet no longer organized by the bipolar conflict of East and West In this volume leading experts from several disciplines assess the rapidly changing global strategic and cultural landscape examining how it will affect the responsibilities and social standing of the modern military There are provocative disagreements among the contributors especially over whether we should expect and prepare for another global war However the contributors generally agree on several broad themes that guide their analysis Arguing that the Cold War has masked basic trends that have been reshaping the international system for a long time they suggest that the sovereign states dominance of the international system is rapidly coming to an end as multinational ethnic regional and religious groups to name a few increasingly affect the course of global affairs In the absence of a clear enemy the military faces an identity crisis In the postmodern atmosphere of this multicentric global order authority is fragmented and the exercise of any one authority is subject to greater scrutiny and challenge The military has become more accepting of a variety of values life styles and attitudes toward its tasks At the same time support for the military s mission is difficult to win requiring endless justification The authors believe that the principal missions for the military in these new times are peacekeeping peacemaking and humanitarian assistance They examine the prospects for successful operations in these areas taking into account the cultural lag between world structures that favor increased multinational peacekeeping forces and individual nations that supply token resources to support such efforts This volume provides a sophisticated and thought provoking perspective on the future role of the military in the coming decades It is sure to enrich the vigorous debate surrounding these issues

Streetbike Extreme Mike Seate, 2002 Traces the history of extreme street biking from its earliest years with outlaws like Evel Knievel attempting dangerous antics through the rise of today s most daring performers and the arrival of stunt riding as a true sport **Advances in Organizational Justice** Jerald Greenberg, 2002-03-01 This is a state of the science book about organizational justice which is the study of people s perception of fairness in organizations The volume s contributors all acknowledged leaders in this burgeoning field present new theoretical positions clarify existing paradigms and identify future areas of application The first chapter provides a

comprehensive framework that integrates and synthesizes key concepts in the field distributive justice procedural justice and retributive justice The second chapter is a full theoretical analysis of how people use fairness judgments as means of guiding their reactions to organizations and their authorities The subsequent two chapters examine the conceptual interrelationships between various forms of organizational justice First we are given a definitive review and analysis of interactional justice that critically assesses the evidence bearing on its validity The next chapter argues that previous research has underemphasized important similarities between distributive and procedural justice and suggests new research directions for establishing these similarities The three following chapters focus on the social and interpersonal antecedents of justice judgments the influence that expectations of justice and injustice can have on work related attitudes and behavior the construction of a model of the determinants and consequences of normative beliefs about justice in organizations that emphasizes the role of cross cultural norms and the potential impact of diversity and multiculturalism on the viability of organizations The book s final chapter identifies seven canons of organizational justice and warns that in the absence of additional conceptual refinement these canons may operate as loose cannons that threaten the existence of justice as a viable construct in the organizational sciences

Loose Cannons Graeme Donald, 2011-03-15 A unique look at the military misconceptions that we take for granted and a revelation of the truth behind the lies Who tried to bomb Japan with bats Who invented the air gun in 250BC Which stories should we believe The so called Dambusters raid was all but ineffective the Hurricane not the Spitfire was the champion of the Battle of Britain Singapore did not fall because all the guns were pointing the wrong way and who would go to war over a game of football a pig or an old bucket Oppenheimer fluffed his lines after the first atomic test virtually every well known quote attributed the Duke of Wellington is wrong Churchill had a BBC voice impersonator record all his famous WW2 speeches as he was invariably too busy or too tired and emotional to do it himself and no one at the time called WW1 The War to end all Wars Will you believe the truth

The Adaptive Military James Burk, 2017-07-05 When the cold war ended many hoped it signified enhanced prospects for a more stable world However despite favorable political developments the post cold war period has been marked by turbulence uncertainty and challenge The actions of rogue states such as Iraq and North Korea have made nuclear proliferation more unpredictable Violence in Somalia and Bosnia has cast doubt on the viability of international peacekeeping arrangements Hopes for expanding democratization have been dimmed by assertions that the values of liberal democracy and human rights are incompatible with non Western cultures The Adaptive Military describes how military security policies and practices have adapted to these new times and explains why such changes are necessary The central argument is that current conflicts have been shaped by long term trends which increased the number and complexity of threats that the developed world is supposed to meet and correspondingly decreased the stock of social and political options available to meet them Although the authors differ in their assessments about the current prospects for peace and ways to maintain security the issues they address are as critical as they were at the end of the Cold War Mobilizing resources and political support for remote and difficult enterprises will always remain contentious but if we recognize the hazard of letting violence run unopposed throughout the world then we bear some responsibility to consider how it might be checked This volume is an exercise of that responsibility It will be of great interest to experts in military studies and international relations

Loose Cannons Introduction

In the digital age, access to information has become easier than ever before. The ability to download Loose Cannons has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Loose Cannons has opened up a world of possibilities. Downloading Loose Cannons provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Loose Cannons has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Loose Cannons. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Loose Cannons. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Loose Cannons, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Loose

Cannons has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
