

The background of the cover features a man with long, dark, wavy hair and a beard, looking over his shoulder with a serious expression. He is shirtless, and his muscular back is visible. The setting is a desolate, rocky landscape under a cloudy sky, with the ruins of stone buildings in the distance.

Master Of Desire:

Master of Desire Kinley MacGregor, 2009-03-17 With the success of Kinley MacGregor's latest New York Times Expanded and USA Today bestseller *A Dark Champion* we are in the perfect position to republish her backlist gem *Master of Desire* A Dream of Desire Awakened Beautiful Lady Emily dreams of the rapture of love and the joys of marriage The youngest daughter of an English lord at war she is shaken by the arrival of a mysterious stranger to her father's castle Could this breathtaking man be Emily's yearned for lover Indeed Draven de Montague Earl of Ravenswood has come for Emily but romance has nothing to do with it In the Tender Embrace of an Enemy Draven would never have entered the home of his most hated adversary had not the King himself ordered him to take in his foe's daughter for a year to forge bonds of peace between their two feuding houses Worse still here is a lass whose exquisite loveliness could tempt Draven to betray his sworn vow never to let another close to his heart Emily knows the searing heat of her passion could burn down the defenses of this proud warrior But will the surrender of the sweet nectar of his lips and his bold sensuous caress ignite a blaze so hot it consumes them both

On Desire William Braxton Irvine, 2006 Irvine looks at what modern science can tell about desire what happens in the brain when one desires something and how animals evolved particular desires He suggests that people who can convince themselves to want what they already have dramatically enhance their happiness

On Desire William B. Irvine, 2005-11-01 A married person falls deeply in love with someone else A man of average income feels he cannot be truly happy unless he owns an expensive luxury car A dieter has an irresistible craving for ice cream Desires often come to us unbidden and unwanted and they can have a dramatic impact sometimes changing the course of our lives In *On Desire* William B Irvine takes us on a wide ranging tour of our impulses wants and needs showing us where these feelings come from and how we can try to rein them in Spicing his account with engaging observations by writers like Seneca Tolstoy and Freud Irvine considers the teachings of Buddhists Hindus the Amish Shakers and Catholic saints as well as those of ancient Greek and Roman and modern European philosophers Irvine also looks at what modern science can tell us about desire such as what happens in the brain when we desire something and how animals evolved particular desires and he advances a new theory about how desire itself evolved Irvine also suggests that at the same time that we gained the ability to desire we were programmed to find some things more desirable than others Irvine concludes that the best way to attain lasting happiness is not to change the world around us or our place in it but to change ourselves If we can convince ourselves to want what we already have we can dramatically enhance our happiness Brimming with wisdom and practical advice *On Desire* offers a thoughtful approach to controlling unwanted passions and attaining a more meaningful life

Womanizing Nietzsche Kelly Oliver, 2016-02-11 In *Womanizing Nietzsche* Kelly Oliver uses an analysis of the position of woman in Nietzsche's texts to open onto the larger question of philosophy's relation to the feminine and the maternal Offering readings from Nietzsche Derrida Irigaray Kristeva Freud and Lacan Oliver builds an innovative foundation for an ontology of intersubjective

relationships that suggests a new approach to ethics

Confronting Desire Ilan Kapoor, 2020-09-15 By applying psychoanalytic perspectives to key themes concepts and practices underlying the development enterprise *Confronting Desire* offers a new way of analyzing the problems challenges and potentialities of international development Ilan Kapoor makes a compelling case for examining development s unconscious desires and in the process inaugurates a new field of study psychoanalytic development studies Drawing from the work of Jacques Lacan and Slavoj i ek as well as from psychoanalytic postcolonial and feminist scholarship Kapoor analyzes how development s unconscious desires speak out most often in excessive and unpredictable ways that contradict the outwardly rational declarations of its practitioners He investigates development s many irrationalities from obsessions about growth and poverty to the perverse seductions of racism and over consumption By deploying key psychoanalytic concepts enjoyment fantasy antagonism fetishism envy drive perversion and hysteria *Confronting Desire* critically analyzes important issues in development growth poverty inequality participation consumption corruption gender race LGBTQ politics universality and revolution *Confronting Desire* offers prescriptions for applying psychoanalysis to development theory and practice and demonstrates how psychoanalysis can provide fertile ground for radical politics and the transformation of international development

Capitalism and the Limits of Desire John Roberts, 2021-08-12 Addressing Spinoza s perennial question why do the masses fight for their servitude as if it was salvation *Capitalism and the Limits of Desire* examines the ways in which self love as the care of the self has become intertwined with self love as the pursuit of pleasure With ongoing austerity and misery for so many why does capitalism seem to be so insurmountable so impossible to move beyond John Roberts offers a compelling response it is because we love the love of self that capitalism enables even though it brings anxiety and self scrutiny Capitalism in the form of commodities and more importantly the online platforms through which we express ourselves has become so much of who we are of how we define self love as self pleasure that it is difficult to imagine ourselves outside of it Roberts contends that disentangling ourselves from this collapsing of self into capitalism is possible and that understanding the insidious nature of capitalist thinking even when it comes to our deepest pleasures is the starting point Using early and late Marx Lacan s distinction between pleasure and desire and the recent debate on perfectionism Hurka as his guides Roberts lays out a way for individuals to move forward and forge a link between self and desire outside the oppressive demands of platform capitalism

Willing Slaves Of Capital Frederic Lordon, 2014-07-22 Why do people work for other people This seemingly na ve question is at the heart of Lordon s argument To complement Marx s partial answers especially in the face of the disconcerting spectacle of the engaged enthusiastic employee Lordon brings to bear a Spinozist anthropology that reveals the fundamental role of affects and passions in the employment relationship reconceptualizing capitalist exploitation as the capture and remolding of desire A thoroughly materialist reading of Spinoza s *Ethics* allows Lordon to debunk all notions of individual autonomy and self

determination while simultaneously saving the ideas of political freedom and liberation from capitalist exploitation *Willing Slaves of Capital* is a bold proposal to rethink capitalism and its transcendence on the basis of the contemporary experience of work **One Hundred Revival Sermons and Outlines**, 1906 *Ethics of Eros* Tina Chanter, 2016-02-04 *Ethics of Eros* sheds light on contemporary feminist discourse by questioning the basic distinctions and categories in feminist theory Tina Chanter uses the work of Luce Irigaray as the focus for a critique of French and Anglo American feminism as it is articulated in the debate over essentialism While these two branches of feminism represent opposing views Chanter advocates a productive exchange between the two *Cultural Capital* John Guillory, 2023-10-24 An enlarged edition to celebrate the thirtieth anniversary of John Guillory's formative text on the literary canon Since its publication in 1993 John Guillory's *Cultural Capital* has been a signal text for understanding the codification and uses of the literary canon *Cultural Capital* reconsiders the social basis for aesthetic judgment and exposes the unequal distribution of symbolic and linguistic knowledge on which culture has long been based Drawing from Pierre Bourdieu's sociology Guillory argues that canon formation must be understood less as a question of the representation of social groups and more as a question of the distribution of cultural capital in schools which regulate access to literacy to the practices of reading and writing Now as the crisis of the canon has evolved into the so called crisis of the humanities Guillory's groundbreaking incisive work has never been more urgent As scholar and critic Merve Emre writes in her introduction to this enlarged edition Exclusion selection reflection representation these are the terms on which the canon wars of the last century were fought and the terms that continue to inform debates about for instance decolonizing the curriculum and the rhetoric of antiracist pedagogy **Alexandre Kojève** Luis J. Pedrazuela, 2024-04-08 This edited volume addresses Alexandre Kojève's work from different perspectives emphasizing the continuity between his early reception of a set of non philosophical and philosophical influences and that which he might have sought himself to exercise in a pedagogical and practical manner The first part of the book comprises six essays in which their authors explore Kojève's understanding of art religion and atheism and his reception of the thought of Hegel Marx and Carl Schmitt The book's second part is made up by two contributions that tackle respectively Kojève's conceptions of the end of history and empire in the light of his notion of Sophia or Wisdom and his understanding of the relationship between philosophy and power in the light of an exegetical reading of the debate he held with Leo Strauss The authors of the final three essays set out to explore the extent to which Kojève's previous processing of a set of non philosophical and philosophical influences might have resulted in three increasingly concrete outcomes namely his notion of authority the Lacanian mirror stage and global trade **The Government of Desire** Miguel de Beistegui, 2018-05-04 *Liberalism* Miguel de Beistegui argues in *The Government of Desire* is best described as a technique of government directed towards the self with desire as its central mechanism Whether as economic interest sexual drive or the basic longing for recognition desire is accepted as a core component of our modern self identities and something we ought to cultivate But this has not been true in

all times and all places For centuries as far back as late antiquity and early Christianity philosophers believed that desire was an impulse that needed to be suppressed in order for the good life whether personal or collective ethical or political to flourish Though we now take it for granted desire as a constitutive dimension of human nature and a positive force required a radical transformation which coincided with the emergence of liberalism By critically exploring Foucault's claim that Western civilization is a civilization of desire de Beistegui crafts a provocative and original genealogy of this shift in thinking He shows how the relationship between identity desire and government has been harnessed and transformed in the modern world shaping our relations with others and ourselves and establishing desire as an essential driving force for the constitution of a new and better social order But is it The Government of Desire argues that this is precisely what a contemporary politics of resistance must seek to overcome By questioning the supposed universality of a politics based on recognition and the economic satisfaction of desire de Beistegui raises the crucial question of how we can manage to be less governed today and explores contemporary forms of counter conduct Drawing on a host of thinkers from philosophy political theory and psychoanalysis and concluding with a call for a sovereign and anarchic form of desire The Government of Desire is a groundbreaking account of our freedom and unfreedom of what makes us both governed and ungovernable

Way of the Lightbringer Janas Kaiser, A new age of understanding and awakening requires a new perspective on spirituality There are many questions and notions that require good and reasonable answers for anyone that walks a spiritual path in life for both the one just starting on their journey or for the accomplished adept alike Questions like What is enlightenment What is the role of religion What are the essential spiritual principles for an awakened individual How do I navigate my own understanding of the spiritual and myself What are the real traps and pitfalls on any spiritual path and many more *Way of the Lightbringer* is a guidebook intended to provide you with the tools for self discovery self assertion spiritual liberation and self empowerment It stays away from dogmas doctrines and already established paradigms of spirituality and provides the reader with new perspectives and insights into the spiritual side of life and the world around us It starts from the very basic ideas and concepts of philosophy and extends all the way into practices of direct magic and spiritual work that can liberate and empower the individual on their own spiritual path All so that you can become a bringer of light in a world that may seem so dark a master of your own destiny and an inspiration for others that have lost their own light To the ageless and undying spirit within all of us this is a lone traveller's guidebook for fellow travelers on their own spiritual paths the way of the Lightbringer A book meant for you to Find your own light Shine unto the world And rise Forever *Telling Narratives* Leslie W. Lewis, 2024-03-18 *Telling Narratives* analyzes key texts from nineteenth and early twentieth century African American literature to demonstrate how secrets and their many tellings have become slavery's

legacy By focusing on the ways secrets are told in texts by Jessie Fauset Charles W Chesnutt Pauline Hopkins Frederick Douglass and others Leslie W Lewis suggests an alternative model to the feminist dichotomy of breaking silence in response to sexual violence This fascinating study also suggests that masculine bias problematically ignores female experience in order to equate slavery with social death In calling attention to the sexual behavior of slave masters in African American literature Lewis highlights its importance to slavery's legacy and offers a new understanding of the origins of self consciousness within African American experience

Nature, Ethics and Gender in German Romanticism and Idealism Alison Stone, 2018-10-25 This book provides an account of the development of ideas about nature from the Early German Romantics into the philosophies of nature of Schelling and Hegel In clear and accessible language Alison Stone explains how the project of philosophy of nature took shape and made sense in the post Kantian context She also shows how ideas of nature were central to the philosophical and literary projects of the Early German Romantics with attention to Friedrich Schlegel Novalis and Holderlin Stone advances a distinctive original perspective on Romantic and Idealist accounts of nature and their ethical implications regarding human nature relations and intra human political relations especially but not only around gender and race The book demonstrates how these approaches to nature have contemporary relevance to a range of current debates such as those over naturalism the environmental crisis and the politics of gender race and colonialism

Lacan, Deleuze and World Politics Andreja Zevnik, 2016-02-26 This book aims to re think the way in which the subject is inscribed in the modern political and does so by exploring the potentiality of Lacanian Deleuzian theoretical framework It concerns a different ontology and a non dualist understanding of political and legal existence by focusing on questions such as how to think alternative notions of political existence and what kind of political social and legal order do these come to create This investigation into political appearance of subjects through concepts of law body and life is led and influenced by the thought of Gilles Deleuze and Jacques Lacan as well as Alain Badiou Antonio Negri and Slavoj Žižek The book takes on various conceptualisations of life explores the relationship between law and life and develops an alternative notion of legal and political existence in particular in the context of rights On the back of Guantánamo's legal and political discourses this work aims to show why and how the problems of world politics or the limitations of human rights discourse require an engagement with questions such as what it means to exist as a human being what forms of life are politically recognised which are not and why this distinction By pointing to a different ontology for thinking and understanding global politics and demonstrating how a trans disciplinary and philosophical approaches can foster the debates in world politics this book will be of interest to postgraduates and scholars working on critical normative ideas in international politics critical security studies and critical legal studies
