Getting into the Text Daniel L. Akin, Thomas W. Hudgins, 2017-03-01 David Alan Black has been one of the leading voices in New Testament studies over the last forty years His contributions to Greek grammar textual criticism the Synoptic problem the authorship of Hebrews and many more have challenged scholars and students to get into the text of the New Testament like never before and to rethink the status quo based on all the evidence The present volume consists of thirteen studies written by some of Black s colleagues friends and former students on a number of New Testament topics in honor of his successful research and teaching career Not only do they address issues that have garnered his attention over the years they also extend the scholarly discussion with up to date research and fresh evaluations of the evidence making this book a valuable contribution in itself to the field that Black has devoted himself to since he began his career **Queering the**

Ethiopian Eunuch Sean D. Burke, 2013-08-01 Were eunuchs more usually castrated guardians of the harem as florid Orientalist portraits imagine them or were they trusted court officials who may never have been castrated Was the Ethiopian eunuch a Jew or a Gentile a slave or a free man Why does Luke call him a man while contemporaries referred to eunuchs as unmanned beings As Sean D Burke treats questions that have received dramatically different answers over the centuries of Christian interpretation he shows that eunuchs bore particular stereotyped associations regarding gender and sexual status as well as of race ethnicity and class Not only has Luke failed to resolve these ambiguities he has positioned this destabilized figure at a key place in the narrative as the gospel has expanded beyond Judea but before Gentiles are explicitly named in such a way as to blur a number of social role boundaries In this sense Burke argues Luke intended to queer his reader s expectations and so to present the boundary transgressing potentiality of a new community **From Jerusalem to Gaza B.**

Donald Keyser, Harold Wayne Ballard, 2002 *From Jerusalem to Gaza: An Old Testament Theology* is a theological treatment of significant themes found throughout the pages of the Old Testament. Though theological in nature, the book is written for academic pursuits as well as lay interests. Its simple straightforward approach is combined with Christian sensibilities in regards to the texts of the Old Testament. It is designed for use in a number of settings including the academic classroom, advanced Bible Study in churches, or personal study in the Old Testament scriptures. *Matthew R. Alan*

Culpepper, 2022-03-01 In this new critical commentary for the New Testament Library series, R. Alan Culpepper sets the Gospel of Matthew in the context of the competing Jewish and early Christian voices of the first century, bringing greater clarity to Matthew's own proclamation of the gospel and inviting readers to give up perhaps long-held assumptions about the book. In Culpepper's treatment, Matthew emerges as a Gospel for a Jewish community distinguishing itself from the Pharisees on one side and other early Christian traditions and leaders, especially Paul and his followers, on the other. In this framework, Matthew calls his community to faithful observance of the law, a law-observant mission to both Jews and Gentiles, and repentance and the practice of forgiving in preparation for the coming judgment. Accordingly, Matthew takes readers back to an early period before the separation of Jewish Christians from the synagogues. By taking seriously Matthew's Jewishness, this volume also enables readers to hear the historical Jesus more clearly. Excursuses on Matthew's social setting include Jesus as healer, Sabbath observance, Roman taxation, the Pharisees, the tithes, ancient weddings, and the Sanhedrin, as well as many shorter units on Second Temple Judaism, synagogues, and first-century Galilean society. The New Testament Library series offers authoritative commentary on every book and major aspect of the New Testament, providing fresh translations based on the best available ancient manuscripts, critical portrayals of the historical world in which the books were created, careful attention to their literary design, and a theologically perceptive exposition of the biblical text. The contributors are scholars of international standing. The editorial board consists of C. Clifton Black (Princeton Theological Seminary), John T. Carroll (Union Presbyterian Seminary), and Susan E. Hylen Candler (School of Theology, Emory University).

Gorman, 2008-10 This revised and expanded edition presents a straightforward approach to the complex task of biblical exegesis
