**Emerging Economies and Marginalized Communities** Emmanuel K. Ngwainmbi, 2017-09-18 This volume analyzes the contexts in which emerging economies in Africa the Caribbean Central and South America the Middle East and Asia can chart their socioeconomic futures through progressive democratic practices and media engagement Using political and development communication along with case studies from selected countries in these regions the volume addresses human rights policies diplomatic practices democratization good governance identity politics terrorism collective action gendered crimes political psychology and citizen journalism as paradigms for sustainable growth Through practical experiences and field research in the selected countries scholars show how personal and national freedoms as well as business deals have been negotiated in a bid to create a new socioeconomic culture within the nations **Second Tolstoy** Steve

Hickey, 2021-11-12 Very few if any have devoted more years to practicing and teaching others to practice the precepts of Jesus's Sermon on the Mount than Leo Tolstoy He stands apart in the history of interpretation and has had enormous influence on others and other countries Yet Gandhi or others often get the glory Tolstoy is remembered as a great writer but his religious and philosophical works are by and large unknown or disparaged even in scholarly Tolstoyan circles His contribution is substantially under appreciated and misunderstood In *Second Tolstoy The Sermon on the Mount as Theotactics* Steve Hickey captures the particulars and dynamics of Tolstoy's interpretation of the Sermon on the Mount from a deliberately sympathetic vantage point Underlying this project is shared belief with Tolstoy that the Sermon on the Mount is liveable and to be lived While from the vantage point of traditional orthodoxy Tolstoy got much wrong there remains a lack of appreciation for what he got right radical obedience to the teachings of Jesus A new vocabulary is proposed to more precisely capture Tolstoyan lived theology namely the political and social expressions of Tolstoyan Christianity with the hope that these theories and practices will gain a wider consideration understanding and following [An Introduction to Military Ethics](#) Bill

Rhodes, 2009-09-23 This comprehensive overview examines the many facets of military ethics as they are applied during times of armed conflict and times of peace *An Introduction to Military Ethics A Reference Handbook* presents the philosophical and conceptual foundations of military ethics offering an excellent foundation for exploration and discussion of these issues It focuses first on the 2 500 year legacy of the just war theory and its application through history It then moves

to the application of that tradition in the modern era showing how acts of terrorism by nonstate participants require a new theory and way of thinking about when and how armed force can be justifiably employed Further the author analyzes how new theories might alter the fundamental identity of traditional defensive military forces The book also addresses peacetime ethical issues such as gender integration and the role of religion in the military The book is essential reading for military officers and students as well as those policymakers who confront decisions about how to deploy military force during the War on Terror

**Nonviolent Political Economy** Freddy Cante,Wanda Tatiana Torres,2019-07-05 Nonviolent Political Economy offers a set of theoretical solutions and practical guidelines to build an economy of nonviolence which implies a social state of peacefulness involving minimal violence and minimal destruction of nature The book provides renewed reflections on heterodox economics ecological economics anthropology Buddhism Gandhianism disarmament and business ethics as well as innovative initiatives such as Blue Frontiers It also sets out feasible solutions to rebuild countries that have suffered prolonged conflicts such as Syria Iraq and Kurdistan Bringing together authors from around the world this collection includes new perspectives on the abolition of profit disarmament obliteration of the consumer society expansion of collective property Buddhist and Gandhian economies small scale and artisanal production the increasing use of clean energies a gradual reduction in the human population political processes closer to direct and radical democracy and anarchy Discussing cutting edge developments this book provides valuable tools to build alternatives to the prevailing models of violent political economy It will be of great interest to a public of critical citizens students and researchers from a range of disciplines and backgrounds and all those seeking to understand the fundamental concepts of nonviolent political economy

**Blessed Are the Peacemakers** Lisa Sowle Cahill,2019-03-02 This book is a contribution to the Christian ethics of war and peace It advances peacebuilding as a needed challenge to and expansion of the traditional framework of just war theory and pacifism It builds on a critical reading of historical landmarks from the Bible through Augustine Aquinas the Reformers Christian peace movements and key modern figures like Dietrich Bonhoeffer Reinhold Niebuhr and recent popes Similar to just war theory peacebuilding is committed to social change and social justice but includes some theorists and practitioners who accept the use of force in extreme cases of self defense or humanitarian intervention Unlike just war theorists they do not see the justification of war as part of the Christian mission Unlike traditional pacifists they do see social change as necessary and possible and as such requiring Christian participation in public efforts Cahill argues that transformative Christian social participation is demanded by the gospel and the example of Jesus and can produce the avoidance resolution or reduction of conflicts And yet obstacles are significant and expectations must be realistic Decisions to use armed force against injustice even when they meet the criteria of just war will be ambiguous and tragic from a Christian perspective Regarding war and peace the focus of Christian theology ethics and practice should not be on justifying war but on practical and hopeful interreligious peacebuilding

Ecology, Economy, Equity Mandy Henk,2014-07 In the first book to seriously examine the

future of libraries in a climate reality based context Henk convincingly argues that building a carbon neutral future for libraries is not only essential but eminently practical Using the three E s of sustainability ecology economy equity as a foundation she traces the development of sustainability from its origins in the 1970s to the present laying out a path librarians can take at their own institutions to begin the process of building a carbon neutral library Rooted in the latest science but firmly focused on concrete action her book Makes the case for sustainable libraries tying the values that define the profession to the necessity of rethinking library operations and services in light of climate change Guides readers through the first steps with advice on starting the conversation conducting outreach to stakeholders and forming a sustainability committee Includes a Sustainability Assessment and a sample sustainability plan that libraries can tailor for use at their own institution Looks at the challenges of technology and corporate power in the library addressing the power imbalance between large corporations and libraries and suggesting alternatives to the status quo Discusses how libraries can combine strong advocacy with powerful activism to propel the library world into a socially just safely powered world Offers a bibliography of additional resources Written by an activist who is also a working librarian the book s balance between scientific research and step by step action will prove stimulating for library planners administrators LIS students and anyone with an interest in climate change sustainability and libraries

Beyond Slavery Chris Gooding, 2023-06-05 Is there life beyond slavery In the past twenty years there has been an explosion of research related to human trafficking However very little of it has examined the moral issues that survivors face after they are freed or that aftercare workers face as they help survivors try to live a life outside of bondage And there has been almost nothing written on how the tools of moral and political theology might offer insight for Christians who wish to help survivors live a normal life after enslavement This book hopes to address this gap in the discussion Drawing on over fifty interviews with survivors aftercare workers and human trafficking specialists from his field work in India Chris Gooding confronts difficult questions that arise during rehabilitation Why do so many survivors of trafficking end up walking back into bondage What might life after slavery look like for survivors who helped enslave other people How can we build antislavery coalitions that keep survivors voices at the center Gooding looks at all these questions through the eschatological hope that Christians have that the Messiah will one day break every chain and free all people from all forms of bondage

Against Doom Jeremy Brecher, 2017-04-15 While the world s people suffer the apocalyptic torments of floods fires droughts heatwaves desertification disease vectors food shortages forced migration ecosystem collapse extinction and other effects of uncontrolled climate change the world s governmental and political leaders continue to accelerate our wild ride to climate doom Is there any way for the rest of us to put on the brakes Climate insurgency is a strategy for using people power to realize our common interest in protecting the climate It uses mass global nonviolent action to challenge the legitimacy of public and corporate officials who are perpetrating climate destruction A global climate insurgency has already begun It has the potential to halt and roll back the fossil fuel agenda and the global thrust toward

climate destruction Against Doom A Climate Insurgency Manual tells how to put that strategy into action and how it can succeed It is a handbook for halting global warming and restoring our climate a how to for climate insurgents *The Conquest Of War* Harry B Hollins,Averill L.
