**Introducing Christian Education** Michael J. Anthony, 2001-09 Learn how to successfully integrate biblical studies and

theology with education sociology and psychology in this introductory textbook on Christian education     **The Revell Tarbell's Teacher's Guide to the International Sunday School Lessons, Includes the RSV and KJV. ,1909**

**Christian Education** Robert E. Clark,Lin Johnson,Allyn K. Sloat,1991-10-22 Whether in the home or in the church or in a Christian school the challenge of contemporary Christian educators is to meet the academic needs of students while remaining unswerving in adherence to biblical principles Christian Education Foundations for the Future introduces you to the basics of a healthy Christian education program then takes you beyond showing you how to develop a fresh innovative Christian education program that will revitalize your church home or school     *The Blasphemy Against the Holy Spirit* Moreno Dal Bello,2015-11-22 One often hears the term blasphemy against the Holy Spirit particularly from the mouths of those within the Charismatic movement Many non Charismatics and Charismatics alike who persistently question various doctrines and practices considered by the Charismatic movement to be of God are quite often confronted with the warning to take heed lest they be in danger of committing the unpardonable sin This book presents a biblical examination of the term blasphemy against the Holy Spirit and compares its use today with what the Lord Jesus Christ meant when He warned of the blasphemy against the Holy Spirit It then shifts the spotlight onto the Charismatic movement itself its claims of healings miracles prophecies and other signs and most importantly its gospel and poses the question Is the Charismatic movement of God     **The Ways of Our God** Charles H. H. Scobie,2003 At a time when Old Testament and New Testament studies are considered to be two very different tasks this major new work by Charles Scobie offers an approach to biblical theology meant to take in the entire sweep of divine revelation Comprehensive in scope this book covers every aspect of biblical theology Chapters are devoted first to the nature and task of biblical theology and then to major themes within the biblical message God s order God s servant God s people and God s way Each section of the book also features an extensive system of helpful cross references Not only is Scobie s attempt to bridge the biblical testaments admirable but he also takes great care to present scholarship that is at the same time informed by and relevant to the daily life and work of the church The result is a book that is relevant to readers everywhere Accessible to teachers clergy students and general readers alike this book will reinvigorate the study of the Bible as the unified word of God     Christ, Church, and World Theodore J. Hopkins,2021-10-11 As the North American church struggles to navigate the emerging post Christian context Theodore J Hopkins argues that the church is identified by three fundamental relationships Christ church world By attending to the Christological center of Dietrich Bonhoeffer s theology Hopkins establishes a framework for the church s mission in the world that flows from Christ s relationship to the church and his relationship to the world This Christological framework also illuminates the changing relationship between the church and the world in Bonhoeffer s works such that Discipleship seems to demarcate the church from the world while Ethics seems to unite church and world in one Christ reality Following Bonhoeffer Hopkins contends that the church is both distinct from the world and in solidarity with it in the dynamic of the crucified Lord Jesus who took

the form of a servant and is present in Word Sacrament and community as the Risen One Hopkins envisions the church within the story of Jesus so that preaching and teaching the Gospel identifies the church and calls it to faithfulness in Christ's own mission The church is formed to see itself and the world in Jesus and enabled to follow Christ's mission of witness and service in the world

**The Spirit of the Game** Paul Emory Putz, Assistant Director Truett Seminary's Faith & Sports Institute Paul Emory Putz, 2024-10-02 Displays of religious faith have become commonplace on America's baseball diamonds basketball courts football fields and beyond How did religion become so entwined with big time sports in America The Spirit of the Game provides the answer to this question by offering a sweeping history of the Christian athlete movement in the United States and its impact on American religion and the religion of sports

**A Dictionary of Christ and the Gospels** James Hastings, 2004-10 The purpose of this dictionary is to give an account of everything that relates to Christ His Person Life Work and Teaching It is in a sense complementary to the Dictionary of the Bible in which of course Christ has a great place But a dictionary of the Bible being occupied mainly with things biographical historical geographical or antiquarian does not give attention to the things of Christ sufficient for the needs of the preacher to whom Christ is everything This is first of all a preacher's dictionary The authors of the articles have been carefully chosen from among those scholars who are or have been themselves preachers And even when the articles have the same titles as articles in the Dictionary of the Bible they are written by new men and from a new standpoint It is thus a work which is quite distinct from and altogether independent of the Dictionary of the Bible It is called a Dictionary of Christ and the Gospels because it includes everything that the Gospels contain whether directly related to Christ or not Its range however is far greater than that of the Gospels It seeks to cover all that relates to Christ throughout the Bible and in the life and literature of the world There will be articles on the Patristic estimate of Jesus the Medieval estimate the Reformation and Modern estimates There will be articles on Christ in the Jewish writings and in the Muslim literature Much attention has been given to modern thought whether Christian or anti Christian Every aspect of modern life in so far as it touches or is touched by Christ is described under its proper title James Hastings 1852-1922 was a distinguished scholar and pastor He was founder and editor of the Expository Times and is also well known for editing the five volume Dictionary of the Bible as well as the Encyclopaedia of Religion and Ethics the Dictionary of Christ and the Gospels and the Dictionary of the Apostolic Church
