Governance and Opportunity in Metropolitan America Committee on Improving the Future of U.S. Cities Through Improved Metropolitan Area Governance, Commission on Behavioral and Social Sciences and Education, Division of Behavioral and Social Sciences and Education, National Research Council, 1999-09-24 America's cities have symbolized the nation's prosperity dynamism and innovation Even with the trend toward suburbanization many central cities attract substantial new investment and employment Within this profile of health however many urban areas are beset by problems of economic disparity physical deterioration and social distress This volume addresses the condition of the city from the perspective of the larger metropolitan region It offers important thought provoking perspectives on the structure of metropolitan level decisionmaking the disadvantages faced by cities and city residents and expanding economic opportunity to all residents in a metropolitan area The book provides data real world examples and analyses in key areas Distribution of metropolitan populations and what this means for city dwellers suburbanites whites and minorities How quality of life depends on the spatial structure of a community and how problems are based on inequalities in spatial opportunity with a focus on the relationship between taxes and services The role of the central city today the rationale for revitalizing central cities and city suburban interdependence The book includes papers that provide in depth examinations of zoning policy in relation to patterns of suburban development regionalism in transportation and air quality the geography of economic and social opportunity social stratification in metropolitan areas and fiscal and service disparities within metropolitan areas

The Challenge of Local Governmental Reorganization United States. Advisory Commission on Intergovernmental Relations, 1974 **Cities in the 21st Century** David Castells, Paula Herrera, 2019-11-28 In recent years and decades we observe the reality of a new urban world the percentage of the world population living in urban areas has increased from around 30 in 1950 to around 54 in 2015 and is expected to reach 66 by 2050 However in most cases the focus of research has been on the dynamics of the developed world By contrast our understanding of regional and urban dynamics in the

developing world remains very limited Developing countries will by 2030 host more than 85% of the world population and more than 90% of the new urban residents of the world will live in cities in the developing world according to the United Nations This special issue on Cities in the 21st century A view from the developing world consists of an introductory editorial and four papers They all study aspects of the reality of developing countries in the 21st century always from a spatial perspective Each paper focuses on a different topic but they nicely complement each other While three papers focus on Latin America and the fourth one on the reality of Eastern Europe and Central Asia they all have broader implications for the developing world in general

Metropolitan Government I. M. Barlow, 2025-09-01 First published in 1991 Metropolitan Government provides an in depth study of metropolitan government and outlines the need for a unit of government at the metropolitan level It discusses relevant theoretical aspects of local government reorganization Developments in metropolitan government in London Manchester Melbourne Toronto and San Francisco are explored documenting approximately 100 years of progress By examining cities in Australia Britain Canada and the United States the volume provides a good basis for international comparative studies in the field This book is intended for students and researchers in political geography political science policy studies public administration and urban studies *Governmental Functions and Processes* United States. Committee on Public Works, 1973 *Metropolitan Management, Transportation and Planning*, 1968 **The Publishers Weekly**, 1972 *Beneath the Image of the Civil Rights Movement and Race Relations* David A. Harmon, 2019-05-23 This study is the story of the local Civil Rights Movement and race relations in Atlanta Georgia from 1946 to 1981 Most examinations of the Civil Rights Movement have been written from a national perspective These studies have presented local African American protest movements as part of a national campaign for civil rights that lasted approximately from 1955 the Montgomery Bus Boycott to 1968 the assassination of Dr Martin Luther King Jr In this context demonstrations in Montgomery Greensboro Albany Birmingham Selma and Memphis have been viewed as prototypical African American protest movements and milestones in this national campaign for civil rights First published in 1996 Routledge is an imprint of Taylor Francis an informa company *On Social Organization and Social Control* Morris Janowitz, 1991-05-28 In the four decades following the end of World War II Morris

Janowitz 1919 88 published major works in macrosociology urban and political sociology race and ethnic relations and the study of armed forces and society His research was deeply rooted in the traditions of philosophical pragmatism and the Chicago school of sociology influences which led him to reject grand theories and mechanistic explanations of social life Yet he remained confident in the capacity of sociological reason to come to grips with central aspects of the human condition On the basis of his studies Janowitz came to believe that the transition from early to advanced industrial society radically altered institutional organization to make democratic social control more difficult though not impossible to achieve The task of his pragmatic sociology was to identify fundamental trends in the social organization of industrial societies to indicate their substantive implications for social control and to clarify realistic alternatives for institution building which would strengthen the prospects for maintaining liberal democratic regimes In this volume James Burk selects from Janowitz s scholarly writings to provide a comprehensive overview of his wide ranging interests Organized to demonstrate the common logic of inquiry and substantive unity of Janowitz s contribution to several subfields of sociology the collection includes analyses of the concept of social control ethnic intolerance and hostility citizenship in Western societies models for urban education and the professionalization of military elites Burk provides a richly detailed critical account of Janowitz s intellectual development placing his writings in historical context and showing their continuing relevance for sociological research Useful to both students and specialists the volume is an important source for the ideas and methods of one of sociology s leading figures
