Mullen, 2010-07-05 From monumental cathedrals to simple parish churches perhaps as many as 100 000 churches and civic buildings were constructed in Mexico during the viceregal or colonial period 1535 1821 Many of these structures remain today as witnesses to the fruitful blending of Old and New World forms and styles that created an architecture of enduring vitality In this profusely illustrated book Robert J Mullen provides a much needed overview of Mexican colonial architecture and its attendant sculpture Writing with just the right level of detail for students and general readers he places the architecture in its social and economic context He shows how buildings in the larger cities remained closer to European designs while buildings in the pueblos often included prehispanic indigenous elements This book grew out of the author s twenty five year exploration of Mexico s architectural and sculptural heritage Combining an enthusiast s love for the subject with a scholar s care for accuracy it is the perfect introduction to the full range of Mexico s colonial architecture *International Interiors and Design* Clive Carney, 1959 **Designing Interior Architecture** Sylvia Leydecker, 2013-05-28 Designing interior spaces is a task that is equally relevant as architecture landscape architecture and urban design for those working professionally in the built environment In this comprehensive work an international and interdisciplinary team of authors presents the essential aspects of the various fields of contemporary interior architecture and design The project examples are illustrated with brilliant photographs and plans They have been selected according to consistent criteria for all chapters of the book and represent the essential building types including exhibition stand design as well as a broad range of today s design approaches The authors place the collaboration between the various design disciplines at the center of focus The appendix contains information for further research All in all Designing Interior Architecture is a fundamental reference work for all those professionally engaged with the design Modern Architecture in Mexico City Kathryn E.
